S. 192

To amend the Wild and Scenic Rivers Act to designate certain river segments in the State of Oregon as components of the National Wild and Scenic Rivers System, and for other purposes.

Referred to the Committee on _________________ and ordered to be printed

Ordered to lie on the table and to be printed

AMENDMENT IN THE NATURE OF A SUBSTITUTE intended to be proposed by _________________

Viz:

1 Strike all after the enacting clause and insert the following:

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “River Democracy Act”.

5 SEC. 2. DEFINITIONS.

6 In this Act:

7 (1) COVERED SEGMENT.—The term “covered segment” means a river segment designated by this Act or an amendment made by this Act.

11 (2) SECRETARY CONCERNED.—The term “Secretary concerned” means—
(A) the Secretary of the Interior, with respect to a covered segment under the jurisdiction of the Secretary of the Interior; and

(B) the Secretary of Agriculture, with respect to a covered segment under the jurisdiction of the Secretary of Agriculture.

(3) STATE.—The term “State” means the State of Oregon.

SEC. 3. ADMINISTRATION OF COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM.

Section 10(e) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e)) is amended to read as follows:

“(e) COOPERATIVE AGREEMENTS.—The head of the Federal agency responsible for the administration of a component of the National Wild and Scenic Rivers System—

“(1) may enter into a written cooperative agreement with a Tribal Government, the Governor of a State, the head of any State agency, or the appropriate official of a political subdivision of a State to provide for Tribal, State, or local governmental participation in the administration of the component; and

“(2) shall encourage Indian Tribes, States, and political subdivisions of States to cooperate in the
planning and administration of components of the National Wild and Scenic Rivers System that include or adjoin land owned by the Indian Tribe, State, or a political subdivision of the State or land held in trust for the Indian Tribe, as applicable.”.

SEC. 4. ADMINISTRATION OF COVERED SEGMENTS.

(a) COMPREHENSIVE MANAGEMENT PLAN FOR COVERED SEGMENTS.—

(1) IN GENERAL.—Not later than the end of the first fiscal year beginning after the date of enactment of this Act, the Secretary concerned shall publish an implementation plan for each covered segment that—

(A) describes a schedule for completing the comprehensive river management plan for the covered segment; and

(B) notwithstanding section 3(d) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(d)), requires that—

(i) the date for initiating the comprehensive river management plan for the covered segment under the schedule published under subparagraph (A) shall be the earlier of—
4

(I) the date of the initiation of
the next applicable plan revision; or

(II) the end of the 10th full fiscal
year beginning after the date of enact-
ment of this Act; and

(ii) the date for completing the com-
prehensive river management plan for the
covered segment under the schedule pub-
lished under subparagraph (A) shall be not
later than 5 years after the initiation date
described in clause (i).

(2) Reducing Catastrophic Wildfire
Risks.—As part of the development of a comprehen-
sive management plan under paragraph (1) or the
updating of such a plan, the Secretary concerned, in
a manner consistent with the Wild and Scenic Rivers
Act (16 U.S.C. 1271 et seq.), shall—

(A) assess with respect to the applicable
covered segment—

(i) the probable risk of high intensity
wildfires degrading river values;

(ii) the risk of high intensity wildfires
to public safety;
(iii) the need for non-native or invasive species removal, including the removal of—

(I) western juniper;

(II) noxious weeds; or

(III) other non-native or invasive species, as determined by the Secretary concerned to be ecologically appropriate;

(iv) the adequacy of existing evacuation routes for communities located near the applicable covered segment; and

(v) the role of fire in meeting long-term resource management objectives, including the protection and enhancement of outstandingly remarkable values and water quality;

(B) determine the appropriate use of prescribed fire to meet long-term resource management objectives; and

(C) identifies, evaluates, and prioritizes treatments and other management activities that can be implemented on the Federal land covered by the wildfire assessment under subparagraph (A) (other than Federal land des-
ignated as a component of the National Wilderness Preservation System) to mitigate wildfire risk to communities located near the applicable Federal land.

(3) WILDLAND FIRE TREATMENTS.—The Secretary concerned shall continue to reduce the risk of wildland fire in riparian areas of covered segments as part of an integrated approach to reducing hazardous fuels at the landscape level.

(4) CULTURALLY SIGNIFICANT NATIVE SPECIES MANAGEMENT.—On request of an applicable Indian Tribe, as part of the development of a comprehensive management plan under paragraph (1) or the updating of such a plan, the Secretary concerned, in a matter consistent with section 3 of the Wild and Scenic Rivers Act (16 U.S.C. 1274), shall—

(A) assess culturally significant native species, including traditional foods such as huckleberry, chokecherry, camas, wocus, and wapato;

(B) develop a culturally significant native species management plan for applicable areas to increase the resiliency of the species; and
(C) consult with the requesting Indian Tribe to develop the management plan and to meet long-term species management objectives.

(5) ECOLOGICAL FUNCTION.—As part of the development of a comprehensive management plan under paragraph (1) or the updating of such a plan, the Secretary concerned, in a matter consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.), may develop and implement projects, through a collaborative process, to improve the ecological function of the ecosystem if environmental analysis indicates that the projects are appropriate.

(6) SUBMISSION.—On completion of a comprehensive management plan under paragraph (1) or any update to such a plan, the Secretary concerned shall submit the plan to each applicable board of county commissioners and Tribal government.

(b) COOPERATIVE AGREEMENTS WITH STATES AND INDIAN TRIBES.—In administering wild and scenic river segments in the State, the Secretary concerned may enter into cooperative agreements with the State, any political subdivision of the State, or a Tribal government for the rendering, on a reimbursable or nonreimbursable basis,
(1) rescue, firefighting, and law enforcement services; and

(2) cooperative assistance by nearby law enforcement and fire management agencies.

(c) **Restoration of Certain Wild and Scenic River Segments.**—

(1) **In General.**—Subject to the availability of appropriations, the Secretary concerned may restore components of the National Wild and Scenic Rivers System in the State that—

(A) provide drinking water for downstream communities; or

(B) have been degraded by catastrophic wildfire.

(2) **Authorized Activities and Projects.**—Consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.) (including any regulations issued under that Act), the Secretary concerned may authorize any activity or project for a covered segment, the primary purpose of which is—

(A) river restoration;

(B) the recovery of a species listed as endangered or threatened under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.); or
(C) restoring ecological or hydrological function.

(d) **PRIVATE RIGHTS, PRIVILEGES, OR CONTRACTS.**

(1) **IN GENERAL.**—In accordance with section 12(b) of the Wild and Scenic Rivers Act (16 U.S.C. 1283(b)), nothing in this Act or an amendment made by this Act abrogates any existing right, privilege, or contract affecting Federal land held by any private person without the consent of the person.

(2) **EFFECTS.**—Nothing in this Act or an amendment made by this Act affects the ability of—

(A) the holder of any existing right, privilege, or contract to maintain or repair facilities used to exercise the existing right, privilege, or contract, including the right to maintain and repair facilities used to exercise valid existing rights; or

(B) an owner of private inholdings within, or land adjacent to, a covered segment to obtain a permit or easement from any Federal agency with jurisdiction in the covered segment to use, access, or maintain the land of the owner.
(3) Consent required for acquisition.—No land or interest in land located within the boundaries of a covered segment may be acquired by the Secretary concerned without the consent of the owner of the land or interest in land, including access across the covered segment, subject to such terms and conditions as the Secretary concerned determines necessary to protect the resources and values of the covered segment.

(e) Utility activities.—Nothing in this Act or an amendment made by this Act affects—

(1) the operation, maintenance, modification, or replacement of existing—

(A) utility lines, including power lines and power line systems; or

(B) utility infrastructure; or

(2) permitted and licensed utility activities within a covered segment.

(f) Water rights.—Nothing in this Act or an amendment made by this Act affects valid existing water rights, including—

(1) any interstate water compact in existence on the date of enactment of this Act (including full development of any apportionment made in accordance with the compact);
(2) water rights in the State; or

(3) water rights held by the United States.

(g) **Tribal Land and Treaty Rights.**—

(1) **In General.**—Any land owned by an Indian Tribe or held in trust by the United States for the benefit of an Indian Tribe or member of an Indian Tribe shall not be included within the boundaries of a covered segment without the express consent of the applicable Tribal government.

(2) **Consultation.**—With respect to a covered segment that includes land described in paragraph (1), the Secretary concerned shall, as appropriate, consult, and enter into written cooperative management agreements, with the applicable Indian Tribe for the planning, administration, and management of the covered segment, in accordance with section 10(e) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e)).

(3) **Effect of Act.**—Nothing in this Act or an amendment made by this Act affects, within a covered segment—

(A) the jurisdiction or responsibilities of an Indian Tribe with respect to the management of fish, wildlife, land, or water;
(B) the treaty or other rights of an Indian Tribe;

(C) the claims of an Indian Tribe to water or land;

(D) the rights or jurisdiction of Indian Tribes over water or any groundwater resource; or

(E) the beneficial ownership interest of—

(i) land held in trust by the United States for an Indian Tribe;

(ii) land held by an Indian Tribe; or

(iii) a member of an Indian Tribe.

(h) Effect on Wildfire Management.—Nothing in this Act or an amendment made by this Act alters the authority of the Secretary concerned (in cooperation with other Federal, State, and local agencies, as appropriate) to conduct wildland fire operations within a covered segment, including the construction of temporary roads if required for public safety, consistent with—

(1) the purposes of the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.); and

(2) the protection and enhancement of the outstandingly remarkable values of the covered segment under section 10(a) of that Act (16 U.S.C. 1281(a)).
(i) STREAM GAUGES.—Consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.), the Secretary concerned may carry out activities at United States Geological Survey stream gauges that are located on a covered segment, including flow measurements and operation, maintenance, and replacement.

(j) LIVESTOCK GRAZING.—The Secretary concerned may permit livestock grazing in a covered segment, in accordance with—

(1) the grazing laws applicable to permits on National Forest System land or public land administered by the Bureau of Land Management, as applicable (including regulations); and

(2) other applicable laws.

SEC. 5. BOUNDARIES AND MINERAL WITHDRAWAL FOR CERTAIN COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM IN THE STATE OF OREGON.

(a) Boundaries for Certain Wild and Scenic Rivers in the State of Oregon.—

(1) In general.—Notwithstanding section 3(b) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(b)) and subject to paragraph (2), in the case of a segment that is designated as a component of the National Wild and Scenic Rivers System in the
State on or after the date of enactment of the River Democracy Act, the boundaries shall include an average of 640 acres of land per mile measured from the ordinary high water mark on both sides of the river.

(2) LIMITATIONS.—

(A) EXISTING COMPONENTS.—The requirement under paragraph (1) shall not apply to any component of the National Wild and Scenic Rivers System in the State that was designated before the date of enactment of the River Democracy Act.

(B) ADJUSTMENTS.—Any adjustment or addition to a segment in the State that was designated as a component of the National Wild and Scenic Rivers System before the date of enactment of the River Democracy Act shall not affect the applicable management boundary in effect before the date of enactment of the River Democracy Act.

(b) COMPREHENSIVE MINERAL WITHDRAWAL WITHIN THE STATE OF OREGON.—Subject to valid existing rights, the Federal land within the boundaries of a covered segment in the State is withdrawn from all forms of—
(1) entry, appropriation, or disposal under the public land laws;

(2) location, entry, and patent under the mining laws; and

(3) disposition under all laws relating to mineral and geothermal leasing or mineral materials.

SEC. 6. ADDITIONS TO EXISTING COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM.

(a) Rogue River.—Section 3(a)(5)(B) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(5)(B)) is amended by adding at the end the following:

“(xxxv) Quosatana Creek.—The approximately 8.6-mile segment of Quosatana Creek from and including the headwaters to the confluence with the Rogue River, as a scenic river.

“(xxxvi) Shasta Costa Creek.—

“(I) Upper Shasta Costa Creek.—The approximately 13.9-mile segment of Shasta Costa Creek from and including the headwaters to the mainstream Rogue Wild and Scenic River detailed boundary, as a wild river.
“(II) LOWER SHASTA COSTA CREEK.—The approximately 0.2-mile segment of Shasta Costa Creek from the mainstem Rogue Wild and Scenic River protective corridor boundary to the confluence with the Rogue River, as a recreational river.”.

(b) SNAKE, IDAHO AND OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (12) and inserting the following:

“(12) SNAKE, IDAHO AND OREGON.—

“(A) WILD RIVER; SCENIC RIVER.—

“(i) WILD RIVER.—The segment from Hells Canyon Dam downstream to Pittsburgh Landing, as a wild river.

“(ii) SCENIC RIVER.—The segment from Pittsburgh Landing downstream to an eastward extension of the border between the States of Oregon and Washington, as a scenic river.

“(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following segments, to be admin-
“(i) Cache Creek.—The approximately 4.1-mile segment of Cache Creek from and including the headwaters to the confluence with the Snake River, as a wild river.

“(ii) Jim Creek.—The approximately 1.7-mile segment of Jim Creek from the confluence of the North and South Forks of Jim Creek to the confluence with the Snake River, as a wild river.

“(iii) Cook Creek.—The approximately 11.8-mile segment of Cook Creek from and including the headwaters to the confluence with the Snake River, as a wild river.

“(iv) Five Points Creek.—The approximately 2.9-mile segment of Five Points Creek from and including the headwaters to the confluence with Cook Creek, as a wild river.

“(v) Cherry Creek.—

“(I) Upper.—The approximately 7.3-mile segment of Cherry Creek from and including the headwaters (including Buckhorn Spring) to the
confluence with Makin Creek, as a recreational river.

“(II) LOWER.—The approximately 4.2-mile segment of Cherry Creek from the confluence with Makin Creek to the confluence with the Snake River, as a wild river.”.

(c) ILLINOIS, OREGON.—Section 3(a)(54) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(54)) is amended—

(1) in the first sentence, by striking “The segment from” and inserting the following:

“(A) IN GENERAL.—The segment from”;

and

(2) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segment described in subparagraph (A), there are designated the following stream segments that are tributaries to the segment described in that subparagraph, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) EAST FORK ILLINOIS RIVER

UPPER MAINSTEM AND TRIBUTARIES.—
“(I) UPPERMOST EAST FORK ILLINOIS RIVER.—

“(aa) UPPER.—The approximately 8.4-mile segment of the East Fork Illinois River from and including the headwaters to the confluence with Bybee Gulch, as a wild river.

“(bb) LOWER.—The approximately 1.4-mile segment of the East Fork Illinois River from the confluence with Bybee Gulch to the north boundary of T. 41 S., R. 8 W., sec. 15, Willamette Meridian, as a recreational river.

“(II) DUNN CREEK.—

“(aa) UPPER.—The approximately 5.8-mile segment of Dunn Creek from and including the headwaters on Lookout Mountain to the confluence with Poker Creek, as a wild river.

“(bb) MIDDLE.—The approximately 1.9-mile segment of Dunn Creek from the confluence
with Poker Creek to the north boundary of T. 18 N., R. 5 E., sec. 2, Humboldt Meridian, as a scenic river.

“(cc) LOWER.—The approximately 0.8-mile segment of Dunn Creek from the west boundary of E1/2SE1/4 sec. 34, T. 19 N., R. 5 E., Humboldt Meridian, to the confluence with the East Fork Illinois River, as a recreational river.

“(III) POKER CREEK.—

“(aa) UPPER.—The approximately 1.6-mile segment of Poker Creek from and including the headwaters to 100 feet above Forest Road 4904–060, as a wild river.

“(bb) LOWER.—The approximately 1.7-mile segment of Power Creek from 100 feet above Forest Road 4904–060 to the confluence with Dunn Creek, as a scenic river.
“(ii) Sucker creek, Althouse creek, and tributaries.—

“(I) Sucker creek.—The approximately 12-mile segment of Sucker Creek from 0.01 miles above Forest Service Road 098 to the north boundary of T. 39 S., R. 7 W., sec. 25, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a recreational river.

“(II) Left Fork Sucker Creek.—The approximately 4.7-mile segment of the Left Fork Sucker Creek from and including the headwaters to the confluence with Sucker Creek, as a scenic river.

“(III) Bolan Creek.—The approximately 4-mile segment of Bolan Creek from 0.01 miles below Bolan Lake, to the confluence with Sucker Creek, as a scenic river.

“(IV) Grayback Creek and tributaries.—The approximately 7.8-mile segment of Grayback Creek
from and including the headwaters
(including Little Creek, Fan Creek,
and Elk Creek) to the confluence with
Sucker Creek, as a recreational river.

“(V) ALTHOUSE CREEK.—The
approximately 6.8-mile segment of
Althouse Creek from the confluence
with the West Fork Althouse Creek to
the north boundary of T. 40 S., R. 7
W., sec. 9, Willamette Meridian, to be
administered by the Secretary of Agri-
culture and the Secretary of the Inte-
rior as a scenic river.

“(VI) LIMESTONE CREEK.—The
approximately 3.4-mile segment of
Limestone Creek from and including
the headwaters to the confluence with
Sucker Creek, as a scenic river.

“(iii) WEST FORK ILLINOIS RIVER WA-
tershed.—

“(I) UPPER.—The approximately
7.2-mile segment of the West Fork Il-
linois River from and including the
headwaters to the east boundary of T.
40 S., R. 9 W., sec. 27, Willamette
Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(II) MIDDLE.—The approximately 1.4-mile segment of the West Fork Illinois River from the west boundary of T. 40 S., R. 8 W., sec. 17, Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\) NE\(\frac{1}{4}\) sec. 17, T. 40 S., R. 8 W., Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.

“(III) WHISKEY CREEK.—

“(aa) UPPER.—The approximately 3.9-mile segment of Whiskey Creek from and including the headwaters to the east boundary of T. 41 S., R. 9 W., sec. 8, Willamette Meridian, as a wild river.

“(bb) LOWER.—The approximately 0.3-mile segment of Whiskey Creek from the east boundary of T. 41 S., R. 9 W., sec. 8, Willamette Meridian, to the confluence with the West
Fork Illinois River, to be administered by the Secretary of the Interior as a scenic river.

“(IV) ROUGH AND READY CREEK WATERSHED.—

“(aa) UPPER WATERSHED.—The watershed of Rough and Ready Creek upstream of the north boundary of SW¼SW¼NW¼ sec. 14, T. 40 S., R. 9 W., Willamette Meridian, as a wild river.

“(bb) MIDDLE MAINSTEM.—The approximately 3-mile segment of Rough and Ready Creek from the north boundary of SW¼SW¼NW¼ sec. 14, T. 40 S., R. 9 W., Willamette Meridian, to the east boundary of T. 40 S., R. 9 W., sec. 13, Willamette Meridian, as a scenic river.

“(cc) LOWER MAINSTEM.—The approximately 1.7-mile segment of Rough and Ready Creek from the east boundary of T. 40
FLO22C00 1G5

S., R. 9 W., sec. 13, Willamette Meridian, to the confluence with the West Fork Illinois River, to be administered by the Secretary of the Interior as a scenic river.

“(V) PARKER CREEK.—The approximately 1.9-mile segment of Parker Creek from and including the headwaters to the east boundary of T. 40 S., R. 9 W., sec. 11, Willamette Meridian, as a wild river.

“(VI) NO NAME CREEK.—The approximately 2.5-mile segment of an unnamed stream, locally known as ‘No Name Creek’, from and including the headwaters in SE1/4 sec. 3, T. 40 S., R. 9 W., Willamette Meridian, to the confluence with Rough and Ready Creek, as a wild river.

“(VII) WOODCOCK CREEK.—The approximately 2-mile segment from and including the headwaters to the east boundary of SW1/4SW1/4 sec. 31, T. 39 S., R. 8 W., Willamette Meridian, to be administered by the Sec-
secretary of Agriculture and the Secretary of the Interior as a wild river.

“(iv) JOSEPHINE CREEK WATERSHED.—

“(I) JOSEPHINE CREEK.—

“(aa) UPPER JOSEPHINE CREEK.—The approximately 8.7-mile segment of Josephine Creek from and including the headwaters to the confluence with Canyon Creek, as a wild river.

“(bb) LOWER JOSEPHINE CREEK.—The approximately 4.4-mile segment of Josephine Creek from the confluence with Canyon Creek to the confluence with the Illinois River, as a scenic river.

“(II) CANYON CREEK.—The approximately 5.9-mile segment of Canyon Creek from and including the headwaters to the confluence with Josephine Creek, as a wild river.

“(III) SEbastopol Creek.—
The approximately 2.4-mile segment of Sebastopol Creek from and includ-
ing the headwaters to the confluence
with Canyon Creek, as a wild river.

“(IV) FIDDLER GULCH.—The
approximately 4-mile segment of Fidd-
dler Guleh from and including the
headwaters to the confluence with Jo-
sephine Creek, as a wild river.

“(v) ILLINOIS RIVER CANYON TRIBU-
TARY WATERSHEDS.—

“(I) SIXMILE CREEK.—The ap-
proximately 5.5-mile segment of
Sixmile Creek from and including the
headwaters to the confluence with the
Illinois River, as a scenic river.

“(II) FALL CREEK.—The ap-
proximately 5-mile segment of Fall
Creek from and including the head-
waters to the confluence with the Illi-
nois River, as a wild river.

“(III) RANCHERIA CREEK.—The
approximately 5.1-mile segment of
Rancheria Creek from and including
the headwaters to the confluence with
the West Fork Rancheria Creek, as a
wild river.
“(IV) WEST FORK RANCHERIA CREEK.—The approximately 3.3-mile segment of Rancheria Creek from and including the headwaters to the confluence with the West Fork Rancheria Creek, as a scenic river.

“(V) DAILEY CREEK.—The approximately 3.6-mile segment of Dailey Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.

“(VI) SALMON CREEK.—The approximately 1.9-mile segment of Salmon Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.

“(vi) BRIGGS CREEK WATERSHED.—

“(I) BRIGGS CREEK.—The approximately 16-mile segment of Briggs Creek from and including the headwaters to the confluence with the Illinois River, as a scenic river.

“(II) HORSE CREEK.—The approximately 3.6-mile segment of Horse Creek from and including the
headwaters to the confluence with Briggs Creek, as a scenic river.

“(III) Onion Creek.—The approximately 6.5-mile segment of Onion Creek from and including the headwaters to the confluence with Briggs Creek, as a scenic river.

“(IV) Soldier Creek.—The approximately 4.7-mile segment of Soldier Creek from and including the headwaters to the confluence with Briggs Creek, as a scenic river.

“(vii) Silver and Indigo Creeks Watersheds.—

“(I) Indigo Creek.—

“(aa) Mainstem.—The approximately 8.1-mile segment of Indigo Creek from the confluence of West Fork Indigo Creek and East Fork Indigo Creek to the confluence with the Illinois River, as a wild river.

“(bb) East Fork.—The approximately 12.8-mile segment of East Fork Indigo Creek from
30 and including the headwaters to
the confluence with West Fork
Indigo Creek, as a wild river.

“(cc) SNAIL CREEK.—The
approximately 4.6-mile segment
of Snail Creek from and includ-
ing the headwaters to the con-
fluence with West Fork Indigo
Creek, as a wild river.

“(II) SILVER CREEK.—

“(aa) MAINSTEM.—

“(AA) UPPER.—The
approximately 7.1-mile seg-
ment of Silver Creek from
and including the head-
waters to the boundary be-
tween public land and pri-
"private land in T. 36 S., R. 9
W., sec. 5, Willamette Me-

“(BB) LOWER.—The
approximately 13-mile seg-
ment of Silver Creek from
the boundary between public
land and private land in T.
36 S., R. 9 W., sec. 5, Willamette Meridian, to the confluence with the Illinois River, as a wild river.

“(bb) NORTH FORK.—

“(AA) UPPER.—The approximately 6-mile segment from and including the headwaters downstream to the western edge of the Bureau of Land Management boundary in T. 35 S., R. 9 W., sec. 17, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(BB) LOWER.—The approximately 8.7-mile segment of North Fork Silver Creek from the western edge of the Bureau of Land Management boundary in T. 35 S., R. 9 W., sec. 17, Willamette Meridian, to the con-
fluence with Silver Creek, as
a wild river.

“(cc) Tributaries.—

“(AA) Little Silver
Creek.—The approximately
7-mile segment of Little Sil-
ver Creek from and includ-
ing the headwaters to the
confluence with Silver Creek,
as a wild river.

“(BB) Todd Creek.—
The approximately 5-mile
segment of Todd Creek from
and including the head-
waters to the confluence
with Silver Creek, as a wild
river.

“(viii) Lawson Creek.—

“(I) Mainstem.—The approxi-
mately 15-mile segment of Lawson
Creek from and including the head-
waters to the confluence with the Illi-
nois River, as a wild river.

“(II) South Fork.—The ap-
proximately 4.3-mile segment of
South Fork Lawson Creek from and including the headwaters to the confluence with Lawson Creek, as a wild river.”.

(d) Owyhee, Oregon.—Section 3(a)(55) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(55)) is amended—

(1) in the third sentence, by striking “by this paragraph” and inserting “by this subparagraph”;

(2) in the first sentence, by striking “The South Fork” and inserting the following:

“(A) IN GENERAL.—The South Fork”; and

(3) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segment described in subparagraph (A), there are designated the following stream segments that are additional to or tributaries to the segment described in that subparagraph, to be administered by the Secretary of the Interior in the following classes:

“(i) LOWER OWYHEE RIVER.—The approximately 14.1-mile segment of the Owyhee River from the west boundary of NW¼SW¼ sec. 17, T. 22 S., R. 45 E., Willamette Meridian, to the east
boundary of SW¼SE¼ sec. 14, T. 21 S.,
R. 45 E., Willamette Meridian, as a recre-
ational river.

“(ii) MIDDLE FORK OWYHEE
river.—The approximately 8.7-mile seg-
ment of the Middle Fork Owyhee River
from the north boundary of SE¼ sec. 32,
T. 35 S., R. 46 E., Willamette Meridian,
to the confluence with the North Fork
Owyhee River, as a wild river.

“(iii) POLE CREEK.—The approxi-
mately 8.2-mile segment of Pole Creek
from the border between the States of Or-
egon and Idaho to the confluence with the
Middle Fork Owyhee River, as a wild river.

“(iv) BIG ANTELOPE CREEK.—The
approximately 8.9-mile segment of Big An-
telope Creek from the south boundary of
NW¼NW¼ sec. 16, T. 36 S., R. 46 E.,
Willamette Meridian, to the confluence
with the Owyhee River, as a wild river.

“(v) DRY CREEK.—The approximately
24.2-mile segment of Dry Creek from the
west boundary of NE¼SE¼ sec. 6, T. 24
S., R. 41 E., Willamette Meridian, to
Owyhee Reservoir pool, as a wild river.

“(C) INCORPORATION OF EXISTING WILD
AND SCENIC RIVERS.—

“(i) NORTH FORK OYWEE, OR-
EGON.—The 8-mile segment from the
boundary between the States of Oregon
and Idaho to the confluence with the
Owyhee River, to be administered by the
Secretary of the Interior as a wild river.

“(ii) WEST LITTLE OWYHEE, OR-
EGON.—The 51-mile segment from and in-
cluding the headwaters to the confluence
with the Owyhee River, to be administered
by the Secretary of the Interior as a wild
river.”.

(e) CHETCO, OREGON.—Section 3(a)(69) of the Wild
and Scenic Rivers Act (16 U.S.C. 1274(a)(69)) is amend-
ed—

(1) in subparagraph (B), by striking “subpara-
graph (A)” and inserting “subparagraphs (A) and
(B)”;

(2) by redesignating subparagraph (B) as sub-
paragraph (C); and
(3) by inserting after subparagraph (A) the following:

"(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following stream segments, to be administered by the Secretary of Agriculture in the following classes:

"(i) MISLATNAH CREEK.—The approximately 5.3-mile segment of Mislatnah Creek from and including the headwaters to the confluence with the Chetco River, as a wild river.

"(ii) SOUTH FORK.—

"(I) UPPER SOUTH FORK CHETCO.—The approximately 9.9-mile segment of the South Fork Chetco River from and including the headwaters to the west boundary of T. 39 S., R. 12 W., sec. 10, Willamette Meridian, as a wild river.

"(II) LOWER SOUTH FORK CHETCO.—The approximately 1.2-mile segment of the South Fork Chetco River from the west boundary of T. 39 S., R. 12 W., sec. 10, Willamette
Meridian, to the confluence with the Chetco River, as a scenic river.

“(III) QUAIL PRAIRIE CREEK.—
The approximately 6.8-mile segment of Quail Prairie Creek from and including the headwaters to the confluence with the South Fork Chetco River, as a scenic river.

“(iii) OREGON REDWOODS TRIBUTARIES.—

“(I) EMILY CREEK.—The approximately 8.3-mile segment of Emily Creek from and including the headwaters to the confluence with the Chetco River, as a wild river.

“(II) BIG REDWOOD CREEK.—
The approximately 1.6-mile segment Big Redwood Creek from and including the headwaters to the confluence with the Chetco River, as a scenic river.”.

(f) CLACKAMAS, OREGON.—Section 3(a)(70) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(70)) is amended—
(1) by redesignating subparagraphs (A) through (F) as clauses (i) through (iv), respectively, and indenting appropriately;

(2) in the matter preceding clause (i) (as so redesignated), by striking “The 47-mile” and inserting the following:

“(A) IN GENERAL.—The 47-mile”; and

(3) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following stream segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) FISH CREEK.—The 13.5-mile segment of Fish Creek from and including the headwaters to the confluence with the Clackamas River, as a recreational river.

“(ii) SOUTH FORK.—

“(I) SOUTH FORK.—The approximately 9.2-mile segment of the South Fork Clackamas River from and including the headwaters to the confluence with the Clackamas River, as a wild river.
“(II) EAST FORK SOUTH FORK CLACKAMAS.—The approximately 3.7-mile segment of the East Fork South Clackamas River from and including the headwaters (including Helen Lake) to the confluence with the South Fork Clackamas River, as a scenic river.

“(III) MEMALOOSE CREEK.—The approximately 9-mile segment of the Memaloose Creek from and including the headwaters (including Memaloose Lake) to the confluence with the South Fork Clackamas River, as a scenic river.

“(iii) NORTH FORK.—The approximately 14-mile segment of the North Fork Clackamas River from and including the headwaters to the North Fork Reservoir Pool, to be administered by the Secretary of the Interior and the Secretary of Agriculture as a scenic river.”.

(g) DESCHUTES, OREGON.—Section 3(a)(73) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(73)) is amended—
(1) in each of subparagraphs (A) through (D), by striking the semicolon at the end and inserting a period;

(2) in subparagraph (B), by striking “the 11” and inserting “The 11”;

(3) in subparagraph (C), by striking “the 3” and inserting “The 3”;

(4) in subparagraph (D), by striking “the 19” and inserting “The 19”;

(5) in subparagraph (E), by striking “the 100” and inserting “The 100”; and

(6) by adding at the end the following:

“(F) The 8.4-mile segment from and including Lava Lake and Little Lava Lake and associated wetlands to the Crane Prairie Reservoir Pool as a recreational river, to be administered by the Secretary of Agriculture.

“(G) TRIBUTARIES.—In addition to the segments described in subparagraphs (A) through (F), there are designated the following stream segments that are tributaries to the segments described in those subparagraphs, to be administered by the Secretary of Agriculture in the following classes:
“(i) FALL RIVER.—The approximately 3.6-mile segment of Fall River from the source to the east boundary of T. 20 S., R. 9 E., sec. 36, Willamette Meridian, as a recreational river.

“(ii) BROWNS CREEK.—The approximately 2.7-mile segment of Browns Creek from the source at multiple springs in T. 21 S., R. 8 E., sec. 30, Willamette Meridian, including approximately 1.5 miles of an unnamed wetland meadow tributary that enters Browns Creek in NW1/4SW1/4 sec. 30, T. 21 S., R. 8 E., Willamette Meridian, to Wickiup Reservoir Pool, as a recreational river.

“(iii) PAULINA CREEK.—The approximately 8.6-mile segment of Paulina Creek from 0.01 miles below road 2100–505 at Paulina Lake to the boundary of the Deschutes National Forest, as a scenic river.

“(iv) CULTUS RIVER.—The approximately 1.9-mile segment of the Cultus River from the sources at multiple springs
to the Crane Prairie Reservoir Pool, as a
   scenic river.”.

(h) EAGLE CREEK, OREGON.—Section 3(a)(75) of
the Wild and Scenic Rivers Act (16 U.S.C. 1274(a))(75)
is amended—

   (1) in the matter preceding subparagraph (A)—
       (A) by striking “27” and inserting “10”;
       and
       (B) by striking “Creek; to be” and insert-
           ing “Creek, to be”;  

   (2) in each of subparagraphs (A) and (B), by
       striking the semicolon at the end and inserting a pe-
       riod;

   (3) in subparagraph (B), by striking “the 15.5”
       and inserting “The 15.5”; 

   (4) in subparagraph (C)—
       (A) by striking “the 6” and inserting “The
           6”; and
       (B) by striking “; and” and inserting a pe-
           riod;

   (5) in subparagraph (D), by striking “the 1.5”
       and inserting “The 1.5”; and

   (6) by adding at the end the following: 

       “(E) The 0.5-mile segment of West Eagle
       Creek from the Eagle Cap Wilderness boundary
to 0.01 miles above Forest Service Road 7700, as a wild river.

“(F) The approximately 5.8-mile segment of West Eagle Creek from 0.01 miles above Forest Service Road 7700 to the confluence with Eagle Creek, as a recreational river.

“(G) The approximately 3.7-mile segment of East Fork Eagle Creek from the Eagle Cap Wilderness boundary to the north boundary of SW 1/4 sec. 28, T. 6 S., R. 44 E., Willamette Meridian, as a recreational river.”.

(i) ELK, OREGON.—Section 3(a)(76)(D) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(76)(D)) is amended by adding at the end the following:

“(xvii) ANVIL CREEK.—The approximately 0.2-mile segment of Anvil Creek from the boundary of Grassy Knob Wilderness to the confluence with the Elk River, as a wild river.”.

(j) GRANDE RONDE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (77) and inserting the following:

“(77) GRANDE RONDE, OREGON.—The following segments, to be administered by the Sec-
secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) LOWER MAINSTEM.—The 43.8-mile segment from the confluence with the Wallowa River to the border between the States of Oregon and Washington in the following classes:

“(i) The 1.5-mile segment of the mainstem from the confluence with the Wallowa River to the Umatilla National Forest boundary in T. 3 N., R. 40 E., sec. 11, as a recreational river.

“(ii) The 17.4-mile segment of the mainstem from the Umatilla National Forest boundary in T. 3 N., R. 40 E., see. 11, to the Wallowa-Whitman National Forest boundary approximately ½ mile east of Grossman Creek, as a wild river.

“(iii) The 9-mile segment of the mainstem from the Wallowa-Whitman National Forest boundary approximately ½ mile east of Grossman Creek to Wildcat Creek, to be administered by the Secretary of the Interior as a wild river.

“(iv) The 15.9-mile segment of the mainstem from Wildcat Creek to the bor-
der between the States of Oregon and Washington, to be administered by the Secretary of the Interior as a recreational river.

“(B) UPPER MAINSTEM.—

“(i) Upper.—The approximately 7.9-mile segment of the mainstem from and including the headwaters and associated wetlands to the confluence with the East Fork Grande Ronde River, as a wild river.

“(ii) GRANDE RONDE LAKE CREEK.—

The approximately 1.8-mile segment of Grande Ronde Lake Creek from and including Grande Ronde Lake and adjacent and downstream wetlands to the confluence with the Grande Ronde River, as a scenic river.

“(iii) Middle.—The approximately 3.7-mile segment of the mainstem from the confluence with the East Fork Grande Ronde to the south boundary of T. 5 S., R. 36 E., sec. 32, Willamette Meridian, as a recreational river.

“(iv) Lower.—The approximately 8.2-mile segment of the mainstem from the
south boundary of T. 5 S., R. 36 E., sec.
18, Willamette Meridian, to the north
boundary of SW¼ sec. 14, T. 4 S., R. 35
E., Willamette Meridian, as a scenic river.

“(C) TRIBUTARIES.—

“(i) EAST FORK GRANDE RONDE
RIVER.—The approximately 3.9-mile seg-
ment of the East Fork Grande Ronde
River from and including the headwaters
to the confluence with the Grande Ronde
River, as a scenic river.

“(ii) FIVE POINTS CREEK.—The ap-
proximately 12.8-mile segment of Five
Points Creek from and including the head-
waters to the west boundary of NE¼ sec.
30, T. 2 S., R. 37 E., Willamette Merid-
ian, as a wild river.

“(iii) MIDDLE FORK FIVE POINTS
CREEK.—The approximately 2.4-mile seg-
ment of Middle Fork Five Points Creek
from the source at and including Conklin
Spring to the confluence with Five Points
Creek, as a scenic river.

“(iv) MOUNT EMILY CREEK.—The ap-
proximately 3.8-mile segment of Mount
Emily Creek from and including the headwaters to the confluence with Five Points Creek, as a scenic river.

“(v) CatherinE Creek.—

“(I) North Fork.—

“(aa) Upper.—The approximately 2.1-mile segment of North Fork Catherine Creek from the Eagle Cap Wilderness boundary to the confluence with Middle Fork Catherine Creek, as a wild river.

“(bb) Lower.—The approximately 3.1-mile segment of North Fork Catherine Creek from the confluence with Middle Fork Catherine Creek to the confluence with South Fork Catherine Creek, as a recreational river.

“(II) Middle Fork.—The approximately 5.5-mile segment of North Fork Catherine Creek from and including the headwaters to the con-
fluence with North Fork Catherine Creek, as a scenic river.

“(III) South Fork.—The approximately 8.7-mile segment of South Fork Catherine Creek from the Eagle Cap Wilderness boundary to the confluence with North Fork Catherine Creek, as a scenic river.

“(vi) Beaver Creek.—

“(I) Upper.—The approximately 5.2-mile segment of Beaver Creek from and including the headwaters to La Grande Reservoir pool, as a scenic river.

“(II) Lower.—The approximately 6.5-mile segment from the north boundary of SE\(\frac{1}{4}\)\(\frac{1}{4}\) sec. 5, T. 5 S., R. 37 E., Willamette Meridian, to the north boundary of T. 4 S., R. 36 E., sec. 22, Willamette Meridian, as a scenic river.

“(vii) Lookingglass Creek.—The approximately 8.7-mile segment from the west boundary of T. 4 N., R. 38 E., sec. 33, Willamette Meridian, to the east
boundary of T. 3 N., R. 39 E., sec. 9, Willamette Meridian, as a wild river.

“(viii) LITTLE LOOKINGGLASS CREEK.—The approximately 7.9-mile segment of Little Lookingglass Creek from and including the headwaters to the south boundary of T. 4 N., R. 39 E., sec. 26, Willamette Meridian, as a scenic river.

“(ix) MOTTET CREEK.—

“(I) UPPER.—The approximately 2.6-mile segment of Mottet Creek from and including the headwaters, including Mottet Spring, to Jubilee Reservoir Pool, as a scenic river.

“(II) LOWER.—The approximately 5.6-mile segment of Mottet Creek from 100 feet below Jubilee Reservoir Spillway to the east boundary of T. 3 N., R. 39 E., sec. 3, Willamette Meridian, as a scenic river.

“(x) SUMMER CREEK.—The approximately 5.9-mile segment of Summer Creek from and including the headwaters (including Dusty Spring) to the confluence with Lookingglass Creek, as a scenic river.
"(xi) **INDIAN CREEK.**—The approximately 9.5-mile segment from and including the headwaters to the west boundary of NE¼ sec. 10, T. 2 S., R. 40 E., Willamette Meridian, as a scenic river.

"(xii) **EAST FORK INDIAN CREEK.**—The approximately 4.5-mile segment from and including the headwaters to the confluence with Indian Creek, as a wild river.

"(xiii) **MUD CREEK.**—The approximately 12.2-mile segment of Mud Creek from the south boundary of T. 3 N., R. 44 E., sec. 33, Willamette Meridian, to the north boundary of T. 4 N., R. 43 E., sec. 21, Willamette Meridian, as a wild river.

"(xiv) **WILDCAT CREEK.**—The approximately 14.3-mile segment of Wildcat Creek from the north boundary of T. 2 N., R. 43 E., sec. 5, Willamette Meridian, to the north boundary of T. 5 N., R. 43 E., sec. 31, Willamette Meridian, as a scenic river.

"(xv) **BEAR CREEK.**—The approximately 5.5-mile segment of Bear Creek from 0.01 mile above Forest Service Road
62 to the confluence with the Grande Ronde River, as a wild river.

“(xvi) CLEAR CREEK.—The approximately 7.4-mile segment of Clear Creek from and including the headwaters to the confluence with the Grande Ronde River, as a scenic river.”.

(k) IMNAHA, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (78) and inserting the following:

“(78) IMNAHA, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The 6-mile segment from the confluence with the North and South Forks of the Imnaha River to Indian Crossing, as a wild river.

“(ii) MIDDLE.—The 58-mile segment from Indian Crossing to Cow Creek, as a recreational river.

“(iii) LOWER.—The 4-mile segment from Cow Creek to the mouth of the Imnaha River, as a scenic river.
“(B) SOUTH FORK.—The 9-mile segment of the South Fork Imnaha River from and including the headwaters to the confluence with the Imnaha River, as a wild river.

“(C) TRIBUTARIES.—

“(i) BIG SHEEP CREEK.—The approximately 12-mile segment of Big Sheep Creek from the Eagle Cap Wilderness boundary to the north boundary of T. 3 S., R. 47 E., sec. 29, Willamette Meridian, as a scenic river.

“(ii) CARROL CREEK.—The approximately 7.3-mile segment of Carrol Creek from and including the headwaters to the north boundary of T. 3 S., R. 47 E., sec. 19, Willamette Meridian, as a scenic river.

“(iii) GROUSE CREEK.—The approximately 14.3-mile segment of Grouse Creek from and including the headwaters to the east boundary of T. 3 S., R. 48 E., sec. 18, Willamette Meridian, as a wild river.

“(iv) HORSE CREEK.—The approximately 16.9-mile segment of Horse Creek from and including the headwaters to the north boundary of SE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 25, T.
2 N., R. 48 E., Willamette Meridian, as a wild river.

“(v) LIGHTNING CREEK.—The approximately 17.4-mile segment of Lightning Creek from and including the headwaters to the private land boundary of NE ¼ sec. 20, T. 2 N., R. 49 E., Willamette Meridian, as a wild river.

“(vi) COW CREEK.—The approximately 17.1-mile segment of Cow Creek from and including the headwaters to the north boundary of SW ¼NW ¼ sec. 16, T. 3 N., R. 49 E., Willamette Meridian, as a wild river.”.

(l) JOHN DAY, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (79) and inserting the following:

“(79) JOHN DAY, OREGON.—

“(A) MAINSTEM.—The 147.5-mile segment from Service Creek to Tumwater Falls as a recreational river, to be administered through a cooperative management agreement between the State of Oregon and the Secretary of the Interior as provided in section 10(e).
“(B) ADDITIONAL SEGMENTS.—The following stream segments that are tributaries to the segment described in subparagraph (A), to be administered by the Secretary of Agriculture, except as otherwise provided:

“(i) THIRTYMILE CREEK.—The approximately 9.3-mile segment of Thirtymile Creek from the east boundary of T. 5 S., R. 20 E., sec. 4, Willamette Meridian, to the confluence with the John Day River, to be administered by the Secretary of the Interior as a scenic river.

“(ii) BRIDGE CREEK.—

“(I) BRIDGE CREEK, UPPER.—

The approximately 10-mile segment of Bridge Creek, from the east boundary of NW¼SE¼ sec. 35, T. 11 S., R. 21 E., Willamette Meridian, to the north boundary of S½NE¼ sec. 31, T. 10 S., R. 21 E., Willamette Meridian as a recreational river.

“(II) BRIDGE CREEK, LOWER.—

The approximately 5.1-mile segment of Bridge Creek from the Bureau of Land Management boundary in T. 10
S., R. 20 E., sec. 24, Willamette Meridian, to the confluence with the John Day River, to be administered by the Secretary of the Interior as a recreational river.

“(iii) ROCK CREEK.—The approximately 6.2-mile segment of Rock Creek 0.01 miles below Forest Service Road 38 to 0.1 mile above Rock Creek Irrigation Ditch, as a wild river.

“(iv) COTTONWOOD CREEK.—

“(I) MAINSTEM.—The approximately 8.2-mile segment of Cottonwood Creek from and including the headwaters to the Ochoco National Forest boundary, as a wild river.

“(II) EAST FORK.—The approximately 3.1-mile segment of East Fork Cottonwood Creek from and including the headwaters to the confluence with Cottonwood Creek, as a wild river.

“(v) RAIL CREEK.—The approximately 5.7-mile segment of Rail Creek from and including the headwaters to the
west boundary of T. 14 S., R. 35 E., sec.
20, Willamette Meridian, as a scenic river.

“(vi) DEARDORFF CREEK AND TRIBU-
TARIES.—

“(I) DEARDORFF CREEK.—The approxi-
ately 5.8-mile segment of Deardorff Creek from and including the headwaters in the southeast cor-
ner of sec. 17, T. 14 S., R. 35 E., Willamette Meridian, to the con-
fluence with Pole Creek, as a recre-
ational river.

“(II) SOUTH FORK DEARDORFF CREEK.—The approximately 2-mile segment of South Fork Deardorff Creek from and including the head-
waters to the confluence with Deardorff Creek, as a wild river.

“(vii) REYNOLDS CREEK.—

“(I) UPPER.—The approximately 5.1-mile stretch of Reynolds Creek from and including the headwaters to 0.01 mile above Forest Service Road 2635, as a wild river.
“(II) LOWER.—The approximately 2-mile stretch of Reynolds Creek from 0.01 mile above Forest Service Road 2635 to the west boundary of NE $\frac{1}{4}$ sec. 30, T. 13 S., R. 35 E., Willamette Meridian, as a recreational river.

“(viii) STANDARD CREEK.—The approximately 3.6-mile segment of Standard Creek from and including the headwaters to the point at which Standard Creek crosses into private land in SE $\frac{1}{4}$SE $\frac{1}{4}$ sec. 1, T. 12 S., R. 33 E., Willamette Meridian, as a wild river.”.

(m) JOSEPH CREEK, OREGON AND WASHINGTON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (80) and inserting the following:

“(80) JOSEPH CREEK, OREGON AND WASHINGTON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) IN GENERAL.—Subject to clause (ii), the 31.8-mile segment from Joseph
Creek Ranch, 1 mile downstream from Cougar Creek, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 8, T. 6 N., R. 46 E., Willamette Meridian, as a wild river.

“(ii) TRIBAL LAND.—For purposes of the segment described in clause (i) that flows through T. 6 N., R. 45 E., secs. 19 and 25, Willamette Meridian, the Secretary of the Interior shall include only Federal land and land controlled by the Nez Perce Indian Tribe within the specific boundaries described in clause (i).

“(B) TRIBUTARIES.—

“(i) SWAMP CREEK.—

“(I) MIDDLE.—The approximately 8-mile segment of Swamp Creek from the south boundary of T. 2 N., R. 45 E., sec. 29, Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 30, T. 3 N., R. 45 E., Willamette Meridian, as a scenic river.

“(II) LOWER.—The approximately 8.6-mile segment of Swamp Creek from the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 30, T. 3 N., R. 45 E.,
Willamette Meridian, to the confluence with Joseph Creek, as a wild river.

“(ii) DAVIS CREEK.—

“(I) UPPER.—The approximately 4.2-mile segment of Davis Creek from the Forest Service ownership boundary in NE 1/4 sec. 13, T. 2 N., R. 44 E., Willamette Meridian, to the north boundary of T. 3 N., R. 44 E., sec. 36, Willamette Meridian, as a scenic river.

“(II) LOWER.—The approximately 5.5-mile segment of Davis Creek from the north boundary of T. 3 N., R. 44 E., sec. 36, Willamette Meridian, to the confluence with Swamp Creek, as a wild river.

“(iii) COTTONWOOD CREEK.—The approximately 8.8-mile segment of Cottonwood Creek from and including the headwaters (including Box Spring) to the north boundary of T. 5 N., R. 46 E., sec. 13, Willamette Meridian, as a wild river.
“(iv) DEAD HORSE CREEK.—The approximately 2.3-mile segment of Dead Horse Creek from and including the headwaters (including the Cold Spring tributary) to the confluence with Cottonwood Creek, as a wild river.

“(v) BEAR CREEK AND TRIBUTARIES.—

“(I) BEAR CREEK.—The approximately 4.6-mile segment of Bear Creek from and including the headwaters to the confluence with Cottonwood Creek, as a wild river.

“(II) TRIBUTARY NUMBER 1.—

The approximately 2-mile segment of a tributary of Bear Creek from and including the headwaters in T. 5 N., R. 46 E., sec. 26, Willamette Meridian, including Wildhorse Spring, to the confluence with Bear Creek, as a wild river.

“(vi) BASIN CREEK.—The approximately 6.2-mile segment of Basin Creek from and including the headwaters to the
confluence with Cottonwood Creek, as a wild river.

“(vii) Broady Creek.—

“(I) Upper.—The approximately 3.7-mile segment of Broady Creek from and including the headwaters to the confluence with East Fork Broady Creek, as a scenic river.

“(II) Lower.—The approximately 7.7-mile segment of Broady Creek from the confluence of the East Fork Broady Creek to 0.2 miles above the confluence with Cottonwood Creek, as a wild river.

“(viii) Chesnimnus Creek.—

“(I) Mainstem.—The approximately 15-mile segment of Chesnimnus Creek from the east boundary SW¼ sec. 26, T. 3 N., R. 47 E., Willamette Meridian to the west boundary of NE¼NW¼ sec. 23, T. 3 N., R. 46 E., Willamette Meridian, as a recreational river.

“(II) Tributaries.—
“(aa) BILLY CREEK.—The approximately 6.6-mile segment of Billy Creek from and including the headwaters, including Billy Spring, to the confluence with Chesnimmus Creek, as a scenic river.

“(bb) DEVILS RUN CREEK.—The approximately 7.4-mile segment of Devils Run Creek from and including the headwaters, including Billy Spring, to the confluence with Chesnimmus Creek, as a scenic river.”.

(n) LITTLE DESCHUTES, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (81) and inserting the following:

“(81) LITTLE DESCHUTES, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The 12-mile segment from the source in NW¼ sec. 15, T. 26
S., R. 6.5 E., Willamette Meridian, to the
north boundary of T. 26 S., R. 7 E., sec.
12, Willamette Meridian, as a recreational
river.

“(ii) MIDDLE.—The 5.9-mile segment
from the south boundary of T. 25 S., R.
7 E., sec. 36, Willamette Meridian, to the
north boundary of T. 25 S., R. 8 E., sec.
20, Willamette Meridian, as a recreational
river.

“(iii) LOWER.—The 8-mile segment
from the National Forest ownership
boundary in T. 25 S., R. 8 E., sec. 5, Wil-
lamette Meridian, to the east boundary of
T. 24 S., R. 8 E., sec. 35, Willamette Me-
ridian, as a recreational river.

“(B) HEMLOCK CREEK.—The approxi-
mately 5.1-mile segment of Hemlock Creek
from and including the headwaters to the east
boundary of T. 26 S., R. 7 E., sec. 2, Willam-
ette Meridian, as a scenic river.”.

(o) MALHEUR, OREGON.—Section 3(a) of the Wild
and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended
by striking paragraph (83) and inserting the following:
“(83) MALHEUR, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) UPPER MAINSTEM.—

“(i) UPPER.—The 7-mile segment from Bosonberg Creek to Malheur Ford, as a scenic river.

“(ii) MIDDLE.—The 6.7-mile segment from Malheur Ford to the Malheur National Forest boundary, as a wild river.

“(iii) LOWER.—The approximately 4.2-mile segment of the Malheur River from the point at which the river enters Bureau of Land Management land in the S½ sec. 21, T. 18 S., R 34 E., Willamette Meridian, to the west boundary of T. 18 S., R. 34 E., sec. 33, Willamette Meridian, as a wild river.

“(B) TRIBUTARIES.—

“(i) PINE CREEK.—The approximately 6.5-mile segment of Pine Creek from the west boundary of E½ sec. 16, T. 20 S., R. 33 E., Willamette Meridian, to the
Malheur National Forest boundary, as a wild river.

“(ii) Summit Creek.—The approximately 11.9-mile segment of Summit Creek from the north boundary of T. 16 S., R. 34 E., sec. 10, Willamette Meridian, to the confluence with the Malheur River, as a scenic river.”.

(p) McKenzie, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (84) and inserting the following:

“(84) McKenzie, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior:

“(A) Mainstem, Upper.—The 12.7-mile segment from Clear Lake to Scott Creek in the following classes:

“(i) The 1.8-mile segment from Clear Lake to the head of maximum pool at Carmen Reservoir, as a recreational river.

“(ii) The 4.3-mile segment from a point 100 feet downstream from Carmen Dam to the maximum pool at Trail Bridge Reservoir, as a recreational river.
“(iii) The 6.6-mile segment from the developments at the base of the Trail Bridge Reservoir Dam to Scott Creek, as a recreational river.

“(B) MAINSTEM, MIDDLE.—

“(i) PARADISE REACH.—The approximately 5.8-mile segment of the McKenzie River from the confluence with Scott Creek to the west boundary of T. 16 S., R. 6 E., sec. 18, Willamette Meridian, as a recreational river.

“(ii) HORSE CREEK MOUTH REACH.—The approximately 0.8-mile segment of the McKenzie River from the east boundary of SW¹⁄₄ sec. 14, T. 16 S., R. 5 E., Willamette Meridian, to the confluence with Florence Creek, as a recreational river.

“(iii) DELTA REACH.—The approximately 3.8-mile segment of the McKenzie River from the south and east boundaries of N¹⁄₂ NE¹⁄₄ sec. 19, T. 16 S., R. 5 E., Willamette Meridian, to the confluence with the South Fork McKenzie River, as a recreational river.
“(iv) LOWER ELEVATION HEADWATERS REACH.—The approximately 5.5-mile segment of the McKenzie River from the north boundary of SW $\frac{1}{4}$NW $\frac{1}{4}$ sec. 11, T. 17 S., R. 3 E., Willamette Meridian, to the west boundary of T. 16 S., R. 3 E., sec. 31, Willamette Meridian, as a recreational river.

“(v) NON-FEDERAL LAND.—The Secretary of Agriculture and the Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for any segment designated under this subparagraph.

“(C) SOUTH FORK.—

“(i) UPPER.—The approximately 12-mile segment of the South Fork McKenzie River from the confluence with the Roaring River to Cougar Reservoir pool, as a recreational river.

“(ii) LOWER.—The approximately 4.2-mile segment of the South Fork McKenzie River from the south boundary of N$\frac{1}{2}$ sec. 31, T. 16 S., R. 5 E., Willamette Meridian, including any associated
wetlands, to the confluence with the
McKenzie River, as a recreational river.

“(D) Tributaries.—

“(i) Anderson Creek.—The approxi-
mately 6-mile segment of Anderson
Creek from the Mount Washington Wilder-
ness boundary to the confluence with the
McKenzie River, as a scenic river.

“(ii) Bear Creek.—The approxi-
mately 3.5-mile segment of Bear Creek
from the east boundary of T. 16 S., R. 3
E., sec. 34, Willamette Meridian, to the
south boundary of NW¼ sec. 32, T. 16 S.,
R. 3 E., Willamette Meridian, as a wild
river.

“(iii) Deer Creek.—The approxi-
mately 9.6-mile segment of Deer Creek
from and including the headwaters to the
confluence with the McKenzie River, as a
scenic river.

“(iv) Fish Lake Creek.—The ap-
proximately 1.5-mile segment of Fish Lake
Creek from Fish Lake to Clear Lake, as a
scenic river.
“(v) Gate Creek.—The approximately 3-mile segment of Gate Creek from and including the headwaters to the confluence with the Smith River, as a scenic river.

“(vi) Hackleman Creek.—The approximately 7.1-mile segment of Hackleman Creek from and including the headwaters to Fish Lake, as a scenic river.

“(vii) Heart Lake Creek.—The approximately 1.7-mile segment of Heart Lake Creek from and including the headwaters above, including any associated wetlands of Heart Lake, to the confluence with Hackleman Creek, as a wild river.

“(viii) Horse Creek.—

“(I) Upper.—The approximately 12.8-mile segment of Horse Creek from the confluence with Mosquito Creek to the confluence with Owl Creek, as a recreational river.

“(II) Lower.—The approximately .6-mile segment of Horse Creek from the east boundary of NW¼ sec. 23, T. 16 S., R. 5 E., Wil-
lamette Meridian, to the confluence
with the McKenzie River, as a wild
river.

“(ix) LOST CREEK.—The approxi-
mately 3.3-mile segment of Lost Creek
from the confluence with White Branch to
the confluence with the McKenzie River, as
a scenic river.

“(x) OLALLIE CREEK.—The approxi-
mately 2.8-mile segment of Olallie Creek
from and including the headwaters to the
confluence with the McKenzie River, as a
scenic river.

“(xi) ROARING RIVER.—The approxi-
mately 5.7-mile segment of the Roaring
River from and including the headwaters
to the confluence with the South Fork
McKenzie River, as a scenic river.

“(xii) WHITE BRANCH CREEK.—The
approximately 5.8-mile segment of White
Branch Creek from the Three Sisters Wil-
derness boundary to the confluence with
Lost Creek, as a scenic river.

“(xiii) MARTEN CREEK.—The ap-
proximately 4-mile segment of Marten
Creek from the south boundary of sec. 18, T. 17 S., R. 3 E., Willamette Meridian, to the west boundary of sec. 1, T. 17 S., R. 2 E., Willamette Meridian, as a wild river.

“(E) TRANSFER OF ADMINISTRATIVE JURISDICTION.—If the Secretary of the Army determines that the Corps of Engineers land in T. 16 S., R. 5 E., secs. 19 and 30, Willamette Meridian, is unnecessary for the operation of the Cougar Dam and Reservoir, the Secretary of the Army shall transfer administrative jurisdiction over the land to the Secretary of Agriculture for inclusion in the National Forest System.”.

(q) METOLIUS, OREGON.—Section 3(a)(85) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(85)) is amended—

(1) by redesignating subparagraphs (A) and (B) as clauses (i) and (ii), respectively, and indenting appropriately;

(2) in the matter preceding clause (i) (as so redesignated), by striking “(85)” and all that follows through “following classes” and inserting the following:
“(85) METOLIUS, OREGON.—The following segments, to be administered by the Secretary of Agriculture:

“(A) MAINSTEM.—The 28.6-mile segment from the south Deschutes National Forest boundary to Lake Billy Chinook in the following classes:”;

(3) in clause (i) (as so redesignated), by striking “; to be administered by the Secretary of Agriculture;” at the end and inserting a period;

(4) in clause (ii) (as so redesignated)—

(A) by striking “the 17.1” and inserting “The 17.1”; and

(B) by striking “by the Secretary of Agriculture”; and

(5) by adding at the end the following:

“(B) TRIBUTARIES.—

“(i) JACK CREEK.—The approximately 4.7-mile segment of Jack Creek from 3 groups of springs at the head of Jack Creek to the confluence with the Metolius River, as a recreational river.

“(ii) CANYON CREEK.—The approximately 8.3-mile segment from the Mount Jefferson Wilderness boundary to the con-
fluence with the Metolius River, as a scenic river.

“(iii) **Brush Creek.**—The approximately 6.7-mile segment of Brush Creek from and including the headwaters to the confluence with the Metolius River, as a scenic river.

“(iv) **Candle Creek.**—The approximately 3.9-mile segment of Candle Creek from the Mount Jefferson Wilderness boundary to the confluence with the Metolius River, as a scenic river.”

(r) **North Fork Crooked, Oregon.**—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (87) and inserting the following:

“(87) **North Fork Crooked, Oregon.**—

“(A) **Mainstem.**—The 32.3-mile segment from the source at Williams Prairie to 1 mile from the confluence with the Crooked River, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) The 3-mile segment from the source at Williams Prairie to the Upper
End of Big Summit Prairie as a recreational river.

“(ii) The 3.7-mile of the segment Lower End of Big Summit Prairie to the bridge across from the Deep Creek Campground, as a recreational river.

“(iii) The 8-mile segment from the bridge across from the Deep Creek Campground to the Ochoco National Forest boundary, ½ mile from Lame Dog Creek, as a scenic river.

“(iv) The 1.5-mile segment from the Ochoco National Forest boundary to Upper Falls, to be administered by the Secretary of the Interior as a scenic river.

“(v) The 11.1-mile segment from Upper Falls to Committee Creek, to be administered by the Secretary of the Interior as a wild river.

“(vi) The 5-mile segment from Committee Creek to 1 mile from the confluence with the Crooked River, to be administered by the Secretary of the Interior as a recreational river.

“(B) TRIBUTARIES.—
“(i) DEEP CREEK.—The approximately 8.5-mile segment of Deep Creek from the confluence of Jackson Creek and Happy Camp Creek to the confluence with the North Fork Crooked River, as a recreational river.

“(ii) JACKSON CREEK.—The approximately 8.4-mile segment of Jackson Creek from and including the headwaters to the confluence with Happy Camp Creek, as a recreational river.

“(iii) ALLEN CREEK.—The approximately 6.1-mile segment of Allen Creek from and including the headwaters to the south boundary of T. 13 S., R. 21 E., sec. 35, Willamette Meridian, as a scenic river.

“(iv) LOOKOUT CREEK.—

“(I) UPPER.—The approximately 4-mile segment of Lookout Creek from and including the headwaters to the east boundary of T. 15 S., R. 20 E., sec. 2, Willamette Meridian, as a wild river.

“(II) LOWER.—The approximately 3-mile segment of Lookout
Creek from the east boundary of T. 15 S., R. 20 E., sec. 2, Willamette Meridian, to the confluence with the North Fork Crooked River, as a wild river.

“(v) BRUSH CREEK.—The approximately 5.3-mile segment of Brush Creek from and including the headwaters to 0.01 mile above Forest Service Road 42, as a wild river.

“(vi) PORTER CREEK.—The approximately 4.6-mile segment of Porter Creek from and including the headwaters to the confluence with the North Fork Crooked River, as a recreational river.”.

(s) NORTH FORK JOHN DAY, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (88) and inserting the following:

“(88) NORTH FORK JOHN DAY, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior, except as otherwise provided, in the following classes:

“(A) MAINSTEM.—
“(i) The 3.5-mile segment from and including the headwaters in the North Fork of the John Day Wilderness at T. 8 S., R. 36 E., sec. 13, Willamette Meridian, to the North Fork of the John Day Wilderness boundary, as a wild river.

“(ii) The 7.5-mile segment from the North Fork of the John Day Wilderness boundary to Trail Creek, as a recreational river.

“(iii) The 24.3-mile segment from Trail Creek to Big Creek, as a wild river.

“(iv) The 10.5-mile segment from Big Creek to Texas Bar Creek, as a scenic river.

“(v) The approximately 8.3-mile segment from Texas Bar Creek to the confluence with Camas Creek, as a recreational river.

“(vi) The approximately 18.4-mile segment from the confluence with Camas Creek to the confluence with Wrightman Canyon Creek, as a recreational river.

“(vii) The approximately 5.2-mile segment from the confluence with Wrightman
Canyon Creek to the north boundary of T. 31 S., R. 29 E., sec. 31, Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) FOX CREEK.—The approximately 4.5-mile segment of Fox Creek from and including the headwaters to the west boundary of T. 11 S., R. 30 E., sec. 11, Willamette Meridian, as a scenic river.

“(ii) BIG WALL CREEK.—The approximately 17-mile segment of Big Wall Creek from and including the headwaters to the east boundary of NW ¼ NW ¼ sec. 31, T. 7 S., R. 28 E., Willamette Meridian, as a recreational river.

“(iii) LITTLE WALL CREEK.—The approximately 13.8-mile segment of Little Wall Creek from 0.01 miles below Forest Road 2122 crossing to the south boundary of NE ¼ SE ¼ sec. 30, T. 7 S., R. 28 E., Willamette Meridian, as a recreational river.

“(iv) LITTLE POTAMUS CREEK.—The approximately 7.6-mile segment of Little Potamus Creek from 0.1 mile below Forest...
Road 2105 to the confluence with Potamus Creek, as a recreational river.

“(v) POTAMUS CREEK.—The approximately 19-mile segment of Potamus Creek from and including the headwaters to the confluence with the North Fork John Day River, as a recreational river.

“(vi) FIVEMILE CREEK.—The approximately 7.9-mile segment of Fivemile Creek from the north boundary of the S1/2S1/2 sec. 8, T. 5 S., R. 30 E., Willamette Meridian to the west boundary of T. 5 S., R. 30 E., sec. 36, Willamette Meridian, as a recreational river.

“(vii) NORTH FORK CABLE CREEK.— The approximately 6.7-mile segment of North Fork Cable Creek from and including the headwaters to the west boundary of SE1/4NE1/4 sec. 4, T. 6 S., R. 33 E., Willamette Meridian, as a recreational river.

“(viii) SOUTH FORK CABLE CREEK.— The approximately 8.3-mile segment of South Fork Cable Creek from and including the headwaters to the north boundary
of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 5, T. 6 S., R. 33 E.,
Willamette Meridian, as a wild river.

“(ix) LANE CREEK.—The approximately 7.2-mile segment from and including the headwaters to the confluence with Camas Creek, to be administered by the Secretary of Agriculture as a scenic river.

“(x) GRANITE CREEK.—The approximately 4.9-mile segment of Granite Creek from and including the headwaters to the north boundary of the S\(\frac{1}{4}\)\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 34, T. 8 S., R. 35.5 E., Willamette Meridian, as a recreational river.

“(xi) BOULDER CREEK.—The approximately 5.3-mile segment of Boulder Creek, from and including the headwaters to the confluence with Granite Creek, as a scenic river.

“(xii) BOUNDARY CREEK.—The approximately 5-mile segment of Boundary Creek from and including the headwaters to the confluence with Bull Run Creek, as a recreational river.

“(xiii) BULL RUN CREEK.—The approximately 7-mile segment of Bull Run
Creek from and including the headwaters to the north boundary of T. 9 S., R. 35.5 E., sec. 14, Willamette Meridian, as a recreational river.

"(xiv) CRAWFISH CREEK.—The approximately 4.3-mile segment of Crawfish Creek from and including Crawfish Meadow to the confluence with the North Fork John Day River, as a scenic river.

"(xv) ONION CREEK.—The approximately 4.8-mile segment of Onion Creek from and including the headwaters to the confluence with the North Fork John Day River, as a scenic river.

"(xvi) DESOLATION CREEK.—

“(I) MAINSTEM.—

“(aa) UPPER.—The approximately 9.1-mile segment from the confluence of the north and south forks of Desolation Creek to the west boundary of T. 8 S., R. 33 E., sec. 6, Willamette Meridian, as a recreational river.

“(bb) LOWER.—The approximately 1.9-mile segment
from the south boundary of T. 7 S., R. 32 E., sec. 6, Willamette Meridian, to the confluence with the North Fork John Day River, as a scenic river.

“(II) Forks.—

“(aa) North Fork Desolation Creek.—The approximately 6.8-mile segment from and including the headwaters to the confluence with South Fork Desolation Creek, as a scenic river.

“(bb) South Fork Desolation Creek.—

“(AA) Upper.—The approximately 8.9-mile segment of South Fork Desolation Creek from and including the headwaters, including an unnamed tributary arising in McCalpine Meadow, to 0.01 mile above Forest Service Road 45, as a wild river.
“(BB) LOWER.—The approximately 1-mile segment of South Fork Desolation Creek from 0.01 mile above Forest Service Road 45 to the confluence with North Fork Desolation Creek, as a scenic river.”.

(t) NORTH FORK MALHEUR, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (89) and inserting the following:

“(89) NORTH FORK MALHEUR, OREGON.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The 25.5-mile segment from and including the headwaters to the Malheur National Forest boundary, as a scenic river.

“(ii) LOWER.—The approximately 5.4-mile segment from the Malheur National Forest boundary to the south bound-
ary of NW¼ sec. 11, T. 18 S., R. 36 E.,
Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) SHEEP CREEK.—

“(I) UPPER.—The approximately
5.1-mile segment of Sheep Creek from
and including the headwaters to 0.1
mile above the confluence with the
North Fork Malheur River, as a wild
river.

“(II) LOWER.—The approxi-
mately 0.1-mile segment of Sheep
Creek from 0.1 mile above the con-
fluence with the North Fork Malheur
River to the confluence with the
North Fork Malheur River, as a rec-
reational river.

“(ii) HORSESHOE CREEK.—

“(I) UPPER.—The approximately
2.5-mile segment of Horse Creek from
and including the headwaters to 0.01
mile above Forest Service Road 13, as
a wild river.

“(II) LOWER.—The approxi-
mately 0.2-mile segment of Horseshoe
Creek from 0.01 mile above Forest Service Road 13 to the confluence with the North Fork Malheur River, as a recreational river.

“(iii) Flat Creek.—The approximately 3.4-mile segment of Flat Creek from and including the headwaters to the confluence with the North Fork Malheur River, as a scenic river.

“(iv) Elk Creek.—

“(I) Mainstem.—The approximately 1-mile segment of Elk Creek from the confluence of the North and South Forks of Elk Creek to the confluence with the North Fork Malheur River, as a recreational river.

“(II) South Fork Elk Creek.—The approximately 4.1-mile segment of South Fork Elk Creek from and including the headwaters to the confluence with North Fork Elk Creek, as a wild river.

“(v) Little Crane Creek.—The approximately 6.3-mile segment of Little Crane Creek from 0.1 mile below Forest
Road 1660–478 to the confluence with Crane Creek, as a scenic river.

“(vi) CRANE CREEK.—The approximately 6.9-mile segment of Crane Creek from the confluence with Buttermilk Creek to the confluence with the North Fork Malheur River, as a wild river.”.

(u) NORTH FORK OF THE MIDDLE FORK OF THE WILLAMETTE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (90) and inserting the following:

“(90) NORTH FORK OF THE MIDDLE FORK OF THE WILLAMETTE, OREGON.—

“(A) MAINSTEM.—The 42.3-mile segment from Waldo Lake to the Willamette National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:

“(i) The 8.8-mile segment from Waldo Lake to the south section line of T. 19 S., R. 5.5 E., sec. 36, as a wild river.

“(ii) The 6.5-mile segment from the south section line of T. 19 S., R. 5.5 E., sec. 36, to Fisher Creek, as a scenic river.
“(iii) The 27-mile segment from Fisher Creek to the Willamette National Forest boundary, as a recreational river.

“(B) WALDO LAKE.—Waldo Lake, including the associated watershed, to be administered by the Secretary of Agriculture as a scenic river.”

(v) NORTH FORK OWYHEE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (91).

(w) NORTH FORK SMITH, OREGON.—Section 3(a)(92) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(92)) is amended—

(1) in subparagraph (B), by striking “scenic” and inserting “wild”;

(2) by redesignating subparagraphs (A) through (C) as clauses (i) through (iii), respectively, and indenting appropriately;

(3) in the matter preceding clause (i) (as so redesignated), by striking “The 13-mile” and inserting the following:

“(A) IN GENERAL.—The 13-mile”; and

(4) by adding at the end the following:

“(B) ADDITIONS.—The following segments of the source tributaries of the North Fork
Smith River, to be administered by the Secretary of Agriculture in the following classes:

“(i) The 11.4-mile segment of Baldface Creek from the Kalmiopsis Wilderness Boundary, including all perennial tributaries, to the confluence with the North Fork Smith in T. 39 S., R 10 W., T. 40 S., R. 10 W., and T. 41 S., R. 11 W., Willamette Meridian, as a wild river.

“(ii) The 3.58-mile segment from and including the headwaters of Taylor Creek to the confluence with Baldface Creek, as a wild river.

“(iii) The 4.38-mile segment from and including the headwaters of the unnamed tributary to Biscuit Creek and the headwaters of Biscuit Creek to the confluence with Baldface Creek, as a wild river.

“(iv) The 2.27-mile segment from and including the headwaters of Spokane Creek to the confluence with Baldface Creek, as a wild river.

“(v) The 1.25-mile segment from and including the headwaters of Rock Creek to the confluence with Baldface Creek, flow-
ing south from T. 40 S., R. 10 W., sec. 19, Willamette Meridian, as a wild river.

“(vi) The 3.6-mile segment from the headwaters of the unnamed tributary number 3 to the confluence with Baldface Creek, flowing south from T. 40 S., R. 10 W., secs. 9 and 10, Willamette Meridian, as a wild river.

“(vii) The 1.57-mile segment from and including the headwaters of the unnamed tributary number 4 to the confluence with Baldface Creek, flowing north from T. 40 S., R. 10 W., sec. 26, Willamette Meridian, as a wild river.

“(viii) The 0.92-mile segment from and including the headwaters of the unnamed tributary number 5 to the confluence with Baldface Creek, flowing north from T. 40 S., R. 10 W., sec. 13, Willamette Meridian, as a wild river.

“(ix) The 4.9-mile segment from and including the headwaters of Cedar Creek to the confluence with North Fork Smith River, as a wild river.
“(x) The 2.38-mile segment from and including the headwaters of Packsaddle Gulch to the confluence with North Fork Smith River, as a wild river.

“(xi) The 3.06-mile segment from and including the headwaters of Horse Creek to the confluence with North Fork Smith River, as a wild river.”.

(x) NORTH FORK SPRAGUE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (93) and inserting the following:

“(93) NORTH FORK SPRAGUE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The 15-mile segment from the Head of River Spring in SW 1/4 sec. 15, T. 35 S., R. 16 E., Willamette Meridian, to the NW 1/4 SW 1/4 sec. 11, T. 35 S., R. 15 E., Willamette Meridian, as a scenic river.

“(B) DEAD COW CREEK.—The approximately 4.6-mile segment of Dead Cow Creek from and including Dead Horse Lake to the confluence with the North Fork Sprague River, as a scenic river, except that the area including
Dead Horse Lake shall be managed as a recreational river.”.

(y) NORTH POWDER, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (94) and inserting the following:

“(94) NORTH POWDER, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The 6-mile segment from and including the headwaters to the Wallowa-Whitman National Forest boundary at River Mile 20, as a scenic river.

“(B) TRIBUTARIES.—

“(i) DUTCH FLAT CREEK.—The approximately 6.7-mile segment of Dutch Flat Creek from and including the headwaters to the Wallowa-Whitman National Forest boundary, as a scenic river.

“(ii) VAN PATTEN CREEK.—The approximately 1.6-mile segment of Van Patten Creek from 0.01 mile below Van Patten Lake to the confluence with Dutch Flat Creek, as a scenic river.

“(iii) ROCK CREEK.—The approximately 7.3-mile segment of Rock Creek
from and including the headwaters, and in-
cluding Rock Lake and Bucket Lake, to
the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 7,
T. 8 S., R. 38 E., Willamette Meridian, as
a scenic river.

“(iv) NORTH FORK ROCK CREEK.—
The approximately 3.3-mile segment of
North Fork Rock Creek from and includ-
ing the headwaters (including Mayflower
Meadow) to the confluence with Rock
Creek, as a scenic river.

“(v) KILLAMACUE CREEK.—The ap-
proximately 4-mile segment of Killamacue
Creek from and including the headwaters
(including Killamacue Lake) to the con-
fluence with Rock Creek, as a scenic
river.”.

(z) NORTH UMPQUA, OREGON.—Section 3(a) of the
Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amend-
ed by striking paragraph (95) and inserting the following;

“(95) NORTH UMPQUA, OREGON.—The fol-
lowing segments, to be administered by the Sec-
retary of Agriculture, except as otherwise provided,
in the following classes:

“(A) MAINSTEM.—
“(i) UPPER MIDDLE MAINSTEM.—The 25.4-mile segment from the Soda Springs Powerhouse to the Umpqua National Forest boundary, as a recreational river.

“(ii) LOWER MIDDLE MAINSTEM.—The 9.3-mile segment from the Umpqua National Forest boundary to the west boundary of E¹/₂NE¹/₄ sec. 11, T. 26 S., R. 3 W., Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(iii) UPPERMOST MAINSTEM.—

“(I) UPPER.—The approximately 2.6-mile segment of North Umpqua River from the confluence with Tolo Creek to 0.01 miles above Forest Service Road 60, as a wild river.

“(II) LOWER.—The approximately 4-mile segment of the North Umpqua River from 0.01 mile above Forest Service Road 60, including any associated wetlands in the Kelsay Valley and Crystal Springs to the Lemolo Reservoir Pool, as a scenic river.
“(B) Upper North Umpqua Tributaries.—

“(i) Spring River.—The approximately 1.1-mile segment of Spring River from the source at 2 springs to the confluence with the North Umpqua River, including any associated wetlands, as a wild river.

“(ii) Thirsty Creek.—The approximately 5.5-mile segment of Thirsty Creek from the boundary of the Mount Thielsen Wilderness until the point at which Thirsty Creek goes underground, to be administered as a wild river.

“(C) Fish Creek Watershed.—The approximately 9.9-mile segment of Fish Creek from Rogue-Umpqua Divide Wilderness boundary to Fish Creek Diversion Dam pool, as a scenic river.

“(D) Main Steamboat Creek Watershed.—

“(i) Steamboat Creek.—The approximately 23.9-mile segment of Steamboat Creek from and including the head-
waters to the confluence with the North Umpqua River, as a recreational river.

“(ii) EAST FORK STEAMBOAT CREEK.—The approximately 3-mile segment of East Fork Steamboat Creek from and including the headwaters to the confluence with Steamboat Creek, as a scenic river.

“(iii) HORSE HEAVEN CREEK.—The approximately 4.5-mile segment of Horse Heaven Creek from the Forest Service boundary above Hobart Creek to the confluence with Steamboat Creek, as a scenic river.

“(iv) BIG BEND CREEK.—The approximately 10.6-mile segment of Big Bend Creek from and including the headwaters to the confluence with Steamboat Creek, as a scenic river.

“(v) BULLDOG CREEK.—The approximately 4.9-mile segment of Big Bulldog Creek from and including the headwaters to the confluence with Big Bend Creek, as a scenic river.
“(E) Canton creek subwatershed of Steamboat Creek watershed.—

“(i) Canton creek.—

“(I) Upper.—The approximately 5-mile segment of Canton Creek from and including the headwaters to the Umpqua National Forest boundary, as a scenic river.

“(II) Lower.—The approximately 12-mile segment of Canton Creek from the Umpqua National Forest boundary to the confluence with Steamboat Creek, to be administered by the Secretary of the Interior as a recreational river.

“(ii) McKinley Creek.—The approximately 2.7-mile segment of McKinley Creek from and including the headwaters to the confluence with Canton Creek, as a scenic river.

“(iii) Chilcoot Creek.—

“(I) Mainstem.—The approximately 1.3-mile segment of Chilcoot Creek from the confluence of the North Fork Chilcoot Creek and South
Fork Chilcoot Creek to the confluence with Canton Creek, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

"(II) Forks.—

"(aa) North Fork Chilcoot Creek.—The approximately 3.2-mile segment of North Fork Chilcoot Creek from and including the headwaters to the confluence with South Fork Chilcoot Creek, as a wild river.

"(bb) South Fork Chilcoot Creek.—The approximately 2.2-mile segment of North Fork Chilcoot Creek from and including the headwaters to the confluence with North Fork Chilcoot Creek, as a wild river.

"(iv) Hipower Creek.—The approximately 3.9-mile segment of Hipower Creek from the confluence with the unnamed tributary originating north of Hipower Bluffs to the confluence with Canton Creek
(including the unnamed tributary from and
including the headwaters north of Hipower
Bluffs in T. 25 S., R. 1 E., sec. 17, Wil-
lamette Meridian, to the confluence with
Hipower Creek), to be administered by the
Secretary of Agriculture and the Secretary
of the Interior as a scenic river.

“(F) NORTH UMPQUA CANYON TRIBU-
taries.—

“(i) DRY CREEK.—The approximately
3.6-mile segment of Dry Creek from and
including the headwaters to the confluence
with the North Umpqua River, as a scenic
river.

“(ii) COUGAR CREEK.—The approxi-
mately 7.2-mile segment of Cougar Creek
from and including the headwaters to the
confluence with the North Umpqua River,
as a scenic river.

“(iii) WILLIAMS CREEK.—The ap-
proximately 3-mile segment of Williams
Creek from and including the headwaters
to the confluence with the North Umpqua
River, as a scenic river.
“(iv) Calf Creek.—The approximately 8.6-mile segment of Calf Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(v) Twin Lakes Creek.—The approximately 2.5-mile segment of Twin Lakes Creek from the source and including Twin Lakes to the confluence with Calf Creek, as a wild river.

“(vi) Copeland Creek.—

“(I) Upper Mainstem.—The approximately 3.1-mile segment of Copeland Creek from and including the headwaters to the west boundary of T. 27 S., R. 2 E., sec. 22, Willamette Meridian, as a scenic river.

“(II) Lower Mainstem.—The approximately 9-mile segment of Copeland Creek from the west boundary of T. 27 S., R. 2 E., sec. 22, Willamette Meridian, to the confluence with the North Umpqua River, as a recreational river.”
(aa) QUARTZVILLE CREEK, OREGON.—Section 3(a)
of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a))
is amended by striking paragraph (97) and inserting the
following:

“(97) QUARTZVILLE CREEK, OREGON.—

“(A) UPPER MAINSTEM.—The approximately 4-mile segment from and including the
headwaters in the Willamette National Forest
to 0.01 miles above Forest Service Road 1152,
to be administered by the Secretary of the Inter-
ior and the Secretary of Agriculture as a sce-
ic river.

“(B) LOWER MAINSTEM.—The approximately 20-mile segment from 0.01 miles above
Forest Service Road 1152 to the slack water in
Green Peter Reservoir, to be administered by
the Secretary of the Interior and the Secretary
of Agriculture as a recreational river.

“(C) YELLOWSTONE CREEK.—The approximately 4-mile segment of Yellowstone
Creek from and including the headwaters to the
confluence with Quartzville Creek, to be admin-
istered by the Secretary of the Interior as a sce-
nic river.”.
(bb) **SANDY, OREGON.**—Section 3(a)(100) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(100)) is amended—

(1) by redesignating subparagraphs (A) through (C) as clauses (i) through (iii), respectively, and indenting appropriately;

(2) by striking the paragraph designation and heading and all that follows through “as follows:” and inserting the following:

“(100) **SANDY, OREGON.**—The following segments, to be administered in the following classes:

“(A) **MAINTEM.**—”;

(3) in subparagraph (A) (as so designated)—

(A) in clause (i) (as so redesignated), by striking the semicolon at the end and inserting a period;

(B) in clause (ii) (as so redesignated)—

(i) by striking “the 7.9” and inserting “The 7.9”; and

(ii) by striking “; and” and inserting a period;

(C) in clause (iii) (as so redesignated), by striking “the 12.5-mile” and inserting “The 12.5 mile”; and

(D) by adding at the end the following:
“(iv) The 2.3-mile segment from the north boundary of SW¼SE¼ sec. 21, T. 2 S., R. 6 E., Willamette Meridian to the west boundary of NE¼, sec. 19, T. 2 S., R. 6 E., Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(v) The 6.8-mile segment from the south boundary of T. 2 S., R. 5 E., sec. 13, Willamette Meridian, to the west boundaries of T. 2 S., R. 5 E., secs. 8 and 17, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.”; and

(4) by adding at the end the following:

“(B) TRIBUTARIES.—

“(i) LOST CREEK.—The approximately 3.8-mile segment from the boundary of the Mount Hood Wilderness in the SE¼ sec. 21, T. 2 S., R. 8 E., Willamette Meridian, to the confluence with the Sandy River, to be administered by the Secretary of Agriculture as a scenic river.

“(ii) CLEAR FORK SANDY RIVER.—

The approximately 5.2-mile segment from
and including the headwaters to the confluence with the Sandy River, to be administered by the Secretary of Agriculture as a scenic river.

“(iii) NORTH BOULDER CREEK.—The approximately 3.5-mile segment from and including the headwaters to the west boundary of T. 2 S., R. 7 E., sec. 18, Willamette Meridian, to be administered by the Secretary of the Interior and the Secretary of Agriculture as a scenic river.

“(iv) LITTLE SANDY RIVER.—The approximately 2.2-mile segment of the Little Sandy River from the west boundary of T. 2 S., R. 5 S., sec. 11, Willamette Meridian, to the Bull Run Management Unit boundary, as a scenic river.”.

(cc) SOUTH FORK JOHN DAY, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (101) and inserting the following:

“(101) SOUTH FORK JOHN DAY, OREGON.—The following segments, to be administered by the Secretary of the Interior and the Secretary of Agri-
culture, except as otherwise provided, in the fol-

owing classes:

“(A) MAINSTEM.—The approximately 54-
mile segment from and including the head-
waters in the Malheur National Forest to
Smokey Creek, to be administered as a rec-
reational river.

“(B) TRIBUTARIES.—

“(i) MURDERERS CREEK.—

“(I) UPPER.—The approximately
2-mile segment of Murderers Creek
from and including the headwaters to
0.01 mile above Forest Service Road
21, as a scenic river.

“(II) MIDDLE.—

“(aa) IN GENERAL.—The
approximately 11.2-mile segment
of Murderers Creek from 0.01
mile above Forest Service Road
21 to the east boundary of
SW¼SW¼ sec. 10., T. 15 S., R.
28 E., Willamette Meridian, as a
recreational river.

“(bb) DETAILED BOUND-
ARIES.—Non-Federal land lo-
cated in a segment designated by

item (aa) shall not be included in

the detailed boundaries of the

segment required under sub-

section (b).

“(III) LOWER.—The approxi-
mately 4.5-mile segment of Murderers
Creek from the east boundary of
SW\("1/4SW\(1/4\) sec. 10, T. 15 S., R. 28
E., Willamette Meridian, to the con-
fluence with South Fork Murderers
Creek, as a wild river.

“(IV) SOUTH FORK.—The ap-
proximately 10-mile segment of South
Fork Murderers Creek from and in-
cluding the headwaters to the con-
fluence with Murderers Creek, as a
scenic river.

“(V) THORN CREEK.—The ap-
proximately 7.2-mile segment of
Thorn Creek from and including the
headwaters to the west boundary of T.
15 S., R. 27 E., sec. 1, Willamette
Meridian, as a wild river.
“(VI) TEX CREEK.—The approximately 7.4-mile segment of Tex Creek from and including the headwaters to the confluence with Murderers Creek, as a recreational river.

“(ii) DEER CREEK.—The approximately 12.5-mile segment of Deer Creek from and including the headwaters to the confluence with the South Fork John Day River, as a recreational river.”.

(dd) WHYCHUS CREEK, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (102) and inserting the following:

“(102) WHYCHUS CREEK, OREGON.—The following segments to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) DESIGNATIONS.—Several segments, comprising 70.9 miles, from the source to the hydrologic Gaging Station 800 feet upstream from the intake of the Plainview Ditch (including the Soap Creek, the North and South Forks of Whychus Creek, the East and West Forks of Park Creek, and Park Creek) as follows:
“(i) The 6.6-mile segment and several tributaries from the source to the Three Sisters Wilderness boundary, as a wild river.

“(ii) The 8.8-mile segment from the boundary of the Three Sisters Wilderness Area to the hydrologic Gaging Station 800 feet upstream from the intake of the Plain-view Ditch, as a scenic river.

“(iii) The approximately 2.9-mile segment of Snow Creek from the Three Sisters Wilderness boundary in T.16 S., R. 9 E., sec. 29, Willamette Meridian to the confluence with Whychus Creek, as a scenic river.

“(iv) The approximately 7.6-mile segment of Whychus Creek from the Crooked River National Grassland boundary to the confluence with the Deschutes River, to be administered by the Secretary of the Interior as a wild river, except that the segment 0.01 mile above to 0.01 mile below the centerline of Forest Service Road PU–3121 shall be managed as a scenic river.
“(B) WITHDRAWAL.—Subject to valid existing rights, the Federal land within the boundaries of the river segments designated by subparagraph (A) is withdrawn from all forms of—

“(i) entry, appropriation, or disposal under the public land laws;

“(ii) location, entry, and patent under the mining laws; and

“(iii) disposition under all laws relating to mineral and geothermal leasing or mineral materials.

“(C) EFFECT.—Nothing in this paragraph prohibits the construction of facilities necessary for emergency protection for the town of Sisters, Oregon, relating to a rapid discharge of Carver Lake if no other reasonable flood warning or control alternative exists.”.

(ce) UPPER ROGUE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (104) and inserting the following:

“(104) UPPER ROGUE, OREGON.—The following segments, to be administered by the Secretary of Agriculture:
“(A) MAINSTEM.—The 40.3-mile segment from the Crater Lake National Park boundary to the Rogue River National Forest boundary in the following classes:

“(i) The 0.5-mile segment from the Crater Lake National Park boundary to approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing, as a scenic river.

“(ii) The 6.1-mile segment from approximately 0.1 mile downstream from the forest road 6530760 (West Lake Road) crossing to Minnehaha Creek, as a wild river.

“(iii) The 33.7-mile segment from Minnehaha Creek to the Rogue River National Forest boundary, as a scenic river.

“(B) FORKS.—

“(i) MIDDLE FORK.—The approximately 6.7-mile segment of the Middle Fork Rogue River from the Sky Lakes Wilderness boundary to the Rogue River-Siskiyou National Forest boundary, as a scenic river.
“(ii) South Fork.—The approximately 12.4-mile segment of the South Fork Rogue River from the Sky Lakes Wilderness boundary to South Fork Reservoir Pool, as a scenic river.

“(C) Tributaries.—

“(i) Bybee Creek.—The approximately 9.7-mile segment from the Crater Lake National Park boundary to the confluence with the Rogue River, as a scenic river.

“(ii) Muir Creek.—

“(I) Mainstem.—The approximately 2.6-mile segment of Muir Creek and any associated wetlands from the confluence of West Fork Muir Creek and East Fork Muir Creek to the confluence with the Rogue Rover, as a scenic river.

“(II) East Fork.—The approximately 7-mile segment of East Fork Muir Creek from the source, including Beaver Meadows, to the confluence with West Fork Muir Creek, as a scenic river.
“(iii) Red blanket creek.—The approximately 8.7-mile segment of Red Blanket Creek from the Sky Lakes Wilderness boundary to the Rogue River-Siskiyou National Forest boundary, as a scenic river.

“(iv) Union creek.—The approximately 15.3-mile segment of Union Creek from and including the headwaters to the confluence with the Rogue River, as a scenic river.

“(v) Sherwood creek.—The approximately 3.6-mile segment of Sherwood Creek from the source at and including Three Lakes to the confluence with East Fork Muir Creek, as a scenic river.

“(vi) Hershberger creek.—The approximately 4.4-mile segment of Hershberger Creek from and including the headwaters to the confluence with Foster Creek, to be administered as a scenic river.

“(vii) Minnehaha creek.—The approximately 5-mile segment of Minnehaha Creek from and including the headwaters to the confluence with the Rogue River, to be administered as a scenic river.”
(ff) West Little Owyhee, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (106).

(gg) White, Oregon.—Section 3(a)(107) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(107)) is amended—

(1) by redesignating subparagraphs (A) through (F) as clauses (i) through (vi), respectively, and indenting appropriately;

(2) in the matter preceding clause (i) (as so redesignated), by striking “The 46.5-mile” and inserting the following:

“(A) In General.—The 46.5-mile”;

(3) in each of clauses (ii), (iii), and (iv) (as so redesignated), by striking the semicolon at the end and inserting a period;

(4) in clause (ii) (as so redesignated), by striking “the 13.6” and inserting “The 13.6”; 

(5) in clause (iii) (as so redesignated), by striking “the 6.5” and inserting “The 6.5”;

(6) in clause (iv) (as so redesignated), by striking “the 17.5” and inserting “The 17.5”;

(7) by striking clauses (v) and (vi) (as so redesignated) and inserting the following:
“(v) The 7.5-mile segment from Three Mile Creek to the confluence with the Deschutes River, to be administered by the Secretary of the Interior as a recreational river.

“(vi) Notwithstanding subsection (b), the lateral boundaries of the segment designated by this subparagraph shall include an average of 640 acres per mile measured from the ordinary high water mark on both sides of the river segment.”; and

(8) by adding at the end the following:

“(B) BOULDER CREEK.—In addition to the segments described in subparagraph (A), there are designated the following segments of Boulder Creek, to be administered by the Secretary of Agriculture, in the following classes:

“(i) UPPER.—The approximately 8.2-mile segment of Boulder Creek from and including the headwaters to the pool of the diversion dam in T. 4 S., R. 10 E., sec. 27, Willamette Meridian, as a scenic river.

“(ii) LOWER.—The approximately 3.2-mile segment of Boulder Creek from the pool of the diversion dam in T. 4 S.,
(hh) SOUTH FORK CLACKAMAS RIVER, OREGON.—
Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (171).

(ii) ZIGZAG.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (175) and inserting the following:

“(175) ZIGZAG RIVER, OREGON.—The following segments in the State of Oregon, to be administered by the Secretary of Agriculture in the following classes:

“(A) The 4.3-mile segment of the Zigzag River from the headwaters to the Mount Hood Wilderness boundary, as a wild river.

“(B) The approximately 2.2-mile segment of the Zigzag River from the east boundary of T. 3 S., R. 8 E., sec. 15, Willamette Meridian, to the confluence with Lady Creek, as a recreational river”.

(jj) EAST FORK HOOD, OREGON.—Section 3(a)(177) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(177)) is amended—
(1) by striking “The 13.5-mile” and inserting the following:

“(A) IN GENERAL.—The 13.5-mile”; and

(2) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segment described in subparagraph (A), there are designated the following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(i) DOG RIVER.—The approximately 4.6-mile segment from 0.1 mile below the diversion in T. 2 S., R. 10 E., sec. 11, Willamette Meridian, to the point at which the segment first leaves Forest Service ownership, as a scenic river.

“(ii) COLD SPRING CREEK.—The approximately 1.4-mile segment of Cold Springs Creek from the boundary of the Mount Hood Wilderness to the confluence with the East Fork Hood River, as a wild river.”.

(kk) MOLALLA, OREGON.—Section 3(a)(216) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(216)) is amended by striking subparagraph (A) and inserting the following:
“(A) IN GENERAL.—The following segments in the State of Oregon, to be administered by the Secretary of the Interior:

“(i) MIDDLE MOLALLA RIVER.—The approximately 15.1-mile segment from the southern boundary of T. 7 S., R. 4 E., sec. 19, Willamette Meridian, downstream to the edge of the Bureau of Land Management boundary in T. 6 S., R. 3 E., sec. 7, Willamette Meridian, as a recreational river.

“(ii) UPPERMOST MOLALLA RIVER.—The approximately 2.4-mile segment of the Molalla River from and including the headwaters to the west boundary of T. 7 S., R. 4 E., sec. 35, Willamette Meridian, as a scenic river.

“(iii) TABLE ROCK FORK MOLALLA RIVER.—The approximately 6.2-mile segment from the easternmost Bureau of Land Management boundary line in NE¼ sec. 4, T. 7 S., R. 4 E., Willamette Meridian, downstream to the confluence with the Molalla River, as a recreational river.”.
(ll) Nestucca, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (217) and inserting the following:

“(217) Nestucca, Oregon.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) Mainstem.—The approximately 21.4-mile segment from the confluence with Ginger Creek downstream to the west boundary of Bureau of Land Management land in E¼ SE¼ sec. 32, T. 3 S., R. 8 W., Willamette Meridian, to be administered as a recreational river.

“(B) Tributaries.—

“(i) Elk Creek.—The approximately 6-mile segment of Elk Creek from the north boundary of the S½ sec. 5, T. 3 S., R. 7 W., Willamette Meridian, to the confluence with the Nestucca River, to be administered by the Secretary of the Interior as a recreational river.

“(ii) Alder Creek.—The approximately 3.9-mile segment of Alder Creek from and including the headwaters to the
north boundary of T. 3 S., R. 9 W., sec. 36, Willamette Meridian, as a scenic river.

“(iii) BEULAH CREEK.—The approximately 3.4-mile segment of Beulah Creek from and including the headwaters to the confluence with Niagara Creek, as a scenic river.

“(iv) BOULDER CREEK.—The approximately 2.7-mile segment of Boulder Creek from and including the headwaters to the north boundary of $S^{1/2}SW^{1/4}$ sec. 2, T. 4 S., R. 9 W., Willamette Meridian, as a scenic river.

“(v) DAHL FORK POWDER CREEK.—The approximately 2.4-mile segment of Dahl Fork Powder Creek from and including the headwaters to the confluence with Powder Creek, as a scenic river.

“(vi) GEORGE CREEK.—The approximately 1.5-mile segment of George Creek from and including the headwaters to the west boundary of T. 4 S., R. 9 W., sec. 7, Willamette Meridian, as a scenic river.

“(vii) LIMESTONE CREEK.—The approximately 3.1-mile segment of Boulder
119

Creek from and including the headwaters
to the east boundary of T. 3 S., R. 8 W.,
sec. 31, Willamette Meridian, as a scenic
river.

“(viii) MINA CREEK.—The approxi-
mately 2-mile segment of Mina Creek from
and including the headwaters to the con-
fluence with the Nestucca River, as a sce-
nic river.

“(ix) NIAGARA CREEK.—The approxi-
mately 7-mile segment of Niagara Creek
from and including the headwaters to the
confluence with the Nestucca River, as a sce-
nic river.

“(x) POWDER CREEK.—The approxi-
mately 3.6-mile segment of Powder Creek
from and including the headwaters to the
east boundary of NW¼NW¼ sec. 9, T. 4
S., R. 8 W., Willamette Meridian, as a sce-
nic river.

“(xi) TONY CREEK.—The approxi-
mately 2.3-mile segment of Tony Creek
from and including the headwaters to the
north boundary of S1/2SW¼ sec. 34, T. 3
S., R. 9 W., Willamette Meridian, as a scenic river.

“(xii) East Beaver Creek.—The approximately 6.1-mile segment of East Beaver Creek from the upstream Bureau of Land Management boundary in T. 2 S., R. 8 W., sec. 32, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a recreational river.

“(xiii) Walker Creek.—The approximately 2.9-mile segment of Walker Creek from and including the headwaters in T. 3 S., R. 6 W., sec. 20, Willamette Meridian, to the confluence with the Nestucca River, to be administered by the Secretary of the Interior as a recreational river.”.

(mm) Walker Creek and North Fork Silver Creek, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraphs (218) and (219).

(nn) Jenny Creek, Oregon and California.—Section 3(a)(220) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(220)) is amended—
(1) by striking “The approximately” and inserting the following:

“(A) MAINSTEM.—The approximately”;

and

(2) by adding at the end the following:

“(B) TRIBUTARIES.—

“(i) SHEEPY CREEK HEADWATERS TRIBUTARY 1.—The approximately 1.3-mile segment of Sheepy Creek headwater tributary from the north to the south boundary of T. 39 S., R. 5 E., sec. 11, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(ii) SHEEPY CREEK HEADWATERS TRIBUTARY 2.—The approximately 1-mile segment of Sheepy Creek headwater tributary from the west to the north boundary of T. 39 S., R. 5 E., sec. 13, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.”.

(oo) LOBSTER CREEK, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amend-
ed by striking paragraph (222) and inserting the fol-
lowing:

“(222) LOBSTER CREEK, OREGON.—The fol-
lowing segments, to be administered by the Sec-
retary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 4.1-
mile segment from T. 15 S., R. 8 W., sec. 35,
Willamette Meridian, downstream to the north-
ern edge of the Bureau of Land Management
boundary in T. 15 S., R. 8 W., sec. 15, Willam-
ette Meridian, as a recreational river.

“(B) EAST FORK.—The approximately 4.1-
mile segment of East Fork Lobster Creek from
and including the headwaters to the confluence
with Lobster Creek, as a recreational river.

“(C) SOUTH FORK.—The approximately 3-
mile segment of South Fork Lobster Creek
from and including the headwaters to the con-
fluence with Lobster Creek, as a recreational
river.”.
SEC. 7. DESIGNATION OF ADDITIONAL COMPONENTS OF

THE NATIONAL WILD AND SCENIC RIVERS

SYSTEM.

Section 3(a) of the Wild and Scenic Rivers Act (16
U.S.C. 1274(a)) is amended by adding at the end the fol-
lowing:

“(231) APPLEGATE HEADWATERS, OREGON
AND CALIFORNIA.—The following segments, to be
administered by the Secretary of Agriculture in the
following classes:

“(A) TAMARACK CREEK.—The approxi-
mately 2.5-mile segment of Tamarack Creek
from and including the headwaters to the con-
fluence with Elliott Creek, as a scenic river.

“(B) KETTLE CREEK.—The approximately
1.5-mile segment of Kettle Creek from and in-
cluding the headwaters (including Kettle Lake)
to the confluence with the Silver Fork Elliott
Creek, as a scenic river.

“(C) SILVER FORK CREEK.—The approxi-
mately 5.5-mile segment of Silver Fork Creek
from and including the headwaters to the Or-
egon and California border.

“(232) BEAR AND DEER CREEKS, OREGON.—
The following segments, to be administered by the
Secretary of Agriculture in the following classes:
“(A) UPPER BEAR CREEK.—The approximately 4-mile segment of Bear Creek from the Eagle Cap Wilderness boundary to the north boundary of T. 1 S., R. 42 E., sec. 22, Willamette Meridian, as a wild river."

“(B) LOWER BEAR CREEK.—The approximately 0.5-mile segment of Bear Creek from the north boundary of T. 1 S., R. 42 E., sec. 22, Willamette Meridian, to the north boundary of SE$\frac{1}{4}$NE$\frac{1}{4}$ sec. 15, T. 1 S., R. 41 E., Willamette Meridian, as a recreational river."

“(C) DOC CREEK.—The approximately 4.5-mile segment of Doc Creek from the Eagle Cap Wilderness boundary to the confluence with Chaparral Creek, as a wild river."

“(D) DEER CREEK.—The approximately 9-mile segment of Deer Creek from the Eagle Cap Wilderness boundary to the north boundary of SE$\frac{1}{4}$NE$\frac{1}{4}$ sec. 31, T. 1 N., R. 43 E., Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river."

“(E) SAGE CREEK.—The approximately 4.1-mile segment of Sage Creek from and in-
cluding the headwaters to the confluence with Deer Creek, as a scenic river.

“(233) BLACK CANYON, OREGON.—The approximately 2.8-mile segment of Black Canyon from and including the headwaters to the south boundary of NE1/4NW1/4 sec. 18, T. 8 S., R. 48 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(234) UPPER BLACK CANYON CREEK, OREGON.—The approximately 2.2-mile segment of Black Canyon Creek from and including the headwaters to the west boundary of T. 20 S., R. 40 E., sec. 19, Willamette Meridian, as a wild river.

“(235) BLUE, OREGON.—The approximately 8.7-mile segment of the Blue River from the confluence of Mann Creek and Wolf Creek to Blue River Reservoir pool, to be administered by the Secretary of Agriculture as a recreational river.

“(236) BREITENBUSH, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 0.2-mile segment of the Breitenbush River from the confluence of the North and
South Forks of the Breitenbush River to the west boundary of T. 9 S., R. 9 E., sec. 21, Willamette Meridian, as a scenic river.

“(ii) Lower.—The approximately 9.1-mile segment of the Breitenbush River from the west boundary of NE\(\frac{1}{4}\) sec. 20, T. 9 S., R. 7 E., Willamette Meridian, to Detroit Reservoir pool, as a recreational river.

“(B) Forks.—

“(i) Lower North Fork Breitenbush River.—The approximately 5.6-mile segment of the North Fork Breitenbush River from the lower Mount Jefferson Wilderness boundary to the confluence with the South Fork Breitenbush River, as a scenic river.

“(ii) South Fork Breitenbush River.—The approximately 5.6-mile segment of the South Fork Breitenbush River from the Mount Jefferson Wilderness boundary to the confluence with the North Fork Breitenbush River, as a scenic river.

“(C) Tributaries.—
“(i) Devils Creek.—The approximately 5.1-mile segment of Devils Creek from the Mount Jefferson Wilderness boundary to the north boundary of SE 1/4 sec. 20, T. 9 S., R. 9 E., Willamette Meridian, as a scenic river.

“(ii) East Fork Humbug Creek.—The approximately 6.5-mile segment of East Fork Humbug Creek from and including the headwaters to the confluence with Humbug Creek, as a scenic river.

“(iii) French Creek.—The approximately 5.8-mile segment of French Creek from the headwater forks arising in T. 9 S., R. 5 E., secs. 29 and 30, Willamette Meridian, including several waterfalls to Detroit Reservoir pool, as a recreational river.

“(237) Brice Creek, Oregon.—The approximately 13.2-mile segment of Brice Creek from and including the headwaters to the Umpqua National Forest boundary, to be administered by the Secretary of Agriculture as a recreational river.

“(238) Buck Creek, Oregon.—The approximately 7.2-mile segment of Buck Creek from and in-
including the headwaters that arise from several springs in secs. 16, 17, 18, 19, 20, 21, 28, 29, and 30, T. 30 S., R. 12 E., Willamette Meridian, to 0.01 mile above Forest Service Road 7645, as a wild river.

“(239) CALAPOOIA, OREGON.—The approximately 4.1-mile segment of the Calapooia River from and including the headwaters to the boundary of the Willamette National Forest, to be administered by the Secretary of Agriculture as a recreational river.

“(240) CANYON CREEK, OREGON.—The approximately 5.7-mile segment of Canyon Creek from the east boundary of W½ sec. 10, T. 22 S., R. 39 E., Willamette Meridian, to the confluence with Hunter Creek, to be administered by the Secretary of the Interior as a wild river.

“(241) CHEWaucAN, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 22-mile segment of the Chewaucan River from the west boundary of T. 36 S., R. 18 E., sec. 15, Willamette Meridian, to the east boundary of T. 33 S., R. 18 E., sec. 27, Willamette Meridian, as a recreational river.
“(B) Swamp creek.—The approximately 4.7-mile segment of Swamp Creek from the east boundary of T. 36 S., R. 18 E., sec. 25, Willamette Meridian, to the confluence with the Chewaucan River, as a scenic river.

“(C) Dead horse creek.—The approximately 3.1-mile segment of Dead Horse Creek from and including the headwaters to the southern boundary of T. 35 S., R. 17 E., sec. 19, Willamette Meridian, as a wild river.

“(D) Detailed boundaries.—The Secretary of Agriculture shall not include any non-Federal land within the detailed boundaries required under subsection (b) for a segment designated by this paragraph.

“(242) Cottonwood creek, Oregon.—The approximately 20.2-mile segment of Cottonwood Creek from the west boundary of E\(\frac{1}{2}\) NE\(\frac{1}{4}\) sec. 8, T. 23 S., R. 39 E., Willamette Meridian, to the east boundary of T. 21 S., R. 41 E., sec. 15, Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(243) Crabtree creek, Oregon.—The approximately 5.2-mile segment of Crabtree Creek from and including the headwaters (including
Crabtree Lake) to the south boundary of T. 11 S.,
R. 2 E., sec. 12, Willamette Meridian, to be admin-
istered by the Secretary of the Interior as a scenic
river.

“(244) DEEP CREEK, OREGON.—The following
segments, to be administered by the Secretary of
Agriculture and the Secretary of the Interior in the
following classes:

“(A) MAINSTEM.—

“(i) UPPER MAINSTEM.—The approxi-
mately 1.4-mile segment of Deep Creek
from the confluence of the South Fork
Deep Creek and the Middle Fork Deep
Creek to the east boundary of W½ sec. 29,
T. 40 S., R. 22 E., Willamette Meridian,
as a scenic river.

“(ii) MIDDLE MAINSTEM.—

“(I) UPPER.—The approximately
3.9-mile segment of Deep Creek from
the west boundary of T. 39 S., R. 23
E., sec. 30, Willamette Meridian, to
the confluence with Drake Creek, as a
wild river.

“(II) MIDDLE.—The approxi-
mately 1.9-mile segment of Deep
Creek from the confluence with Drake Creek to the east boundary of NW ¼ sec. 23, T. 39 S., R. 23 E., Willamette Meridian, as a recreational river.

“(III) LOWER.—The approximately 2.7-mile segment of Deep Creek from the west boundary of sec. 24, T. 39 S., R. 23 E., Willamette Meridian, to the east boundary of W ¼ sec. 20, T. 39 S., R. 24 E., Willamette Meridian, as a recreational river.

“(B) FORKS.—

“(i) SOUTH FORK DEEP CREEK.—The approximately 3.6-mile segment of South Fork Deep Creek from and including the headwaters to the confluence with North Fork Deep Creek, as a scenic river.

“(ii) MIDDLE FORK DEEP CREEK.—
The approximately 3.1-mile segment of Middle Fork Deep Creek from and including the headwaters to the confluence with South Fork Deep Creek, as a scenic river.

“(iii) NORTH FORK DEEP CREEK.—
The approximately 2.9-mile segment of
North Fork Deep Creek from and including the headwaters to the confluence with South Fork Deep Creek, as a scenic river.

“(C) Tributaries.—

“(i) Dismal Creek.—The approximately 6.5-mile segment of Dismal Creek from the boundary between the States of Oregon and California to the north boundary of T. 40 S., R. 32 E., sec. 32, Willamette Meridian, as a scenic river.

“(ii) West Fork Dismal Creek.—
The approximately 3.1-mile segment of West Fork Dismal Creek from and including the headwaters to the confluence with Dismal Creek, as a wild river.

“(245) Drift Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Middle Mainstem.—The approximately 12.3-mile segment of Drift Creek from the east boundary of T. 7 S., R. 10 W., sec. 36, Willamette Meridian, to the west boundary of T. 8 S., R. 10 W., sec. 7, Willamette Meridian, to be administered as a scenic river, except that the portion of Drift Creek that flows through
the permitted area of the Drift Creek Organizational Camp shall be administered as a recreational river.

“(B) Tributaries.—

“(i) North Creek.—The approximately 2.5-mile segment of North Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(ii) Smith Creek.—The approximately 3.7-mile segment of Smith Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(246) East Steens Mountain, Oregon.—

The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Indian Creek.—

“(i) Upper.—The approximately 2.5-mile segment of Indian Creek from and including the headwaters to 0.01 mile above the road crossing in T. 34 S., R. 34 E., sec. 30, Willamette Meridian, as a wild river.
“(ii) LOWER.—The approximately 3.9-mile segment of Indian Creek from 0.01 mile above road crossing in T. 34 S., R. 34 E., sec. 30, Willamette Meridian, to the east boundary of T. 34 S., R. 34 E., sec. 29, Willamette Meridian, as a scenic river.

“(B) PIKE CREEK.—The approximately 2.9-mile segment of Pike Creek from and including the headwaters to the east boundary of T. 34 S., R. 34 E., sec. 20, Willamette Meridian, as a wild river.

“(C) BIG ALVORD CREEK.—The approximately 3.6-mile segment of Big Alvord Creek from and including the headwaters to the east boundary of SE\(\frac{1}{4}\)SW\(\frac{1}{4}\) sec. 33, T. 33 S., R. 34 E., Willamette Meridian, as a wild river.

“(D) COTTONWOOD CREEK.—The approximately 2.8-mile segment of Cottonwood Creek from and including the headwaters to the east boundary of T. 34 S., R. 33 E., sec. 28, Willamette Meridian, as a wild river.

“(247) FAIRVIEW CREEK, OREGON.—The approximately 3.5-mile segment of Fairview Creek from and including the headwaters to 0.01 mile
above Sharps Creek Road, to be administered by the Secretary of Agriculture as a scenic river.

“(248) FALL CREEK, OREGON.—The approximately 18.1-mile segment of Fall Creek from and including the headwaters to the west boundary of T. 18 S., R. 2 E., sec. 31, Willamette Meridian, to be administered by the Secretary of Agriculture as a recreational river.

“(249) FORKS OF CARBERRY CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) FORKS.—

“(i) STEVE FORK.—The approximately 10.7-mile segment of Steve Fork of Carberry Creek from and including the headwaters to the east boundary of T. 40 S., R. 4 W., sec. 19, Willamette Meridian, as a scenic river.

“(ii) STURGIS FORK.—The approximately 7.7-mile segment of Sturgis Fork from and including the headwaters to the east boundary of T. 40 S., R. 5 W., sec. 13, Willamette Meridian, as a recreational river.
“(B) Tributaries.—

“(i) O’Connell Creek.—The approximately 2-mile segment of O’Connell Creek from and including the headwaters to the confluence with Steve Fork of Carberry Creek, as a recreational river.

“(ii) Miller Lake Creek.—The approximately 1.2-mile segment of Miller Lake Creek from and including the headwaters (including Miller Lake and an unnamed lake above Miller Lake) to the confluence with Sturgis Fork Carberry Creek, as a scenic river.

“(250) Forks of the Burnt, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Forks.—

“(i) North Fork.—The approximately 6.9-mile segment of the North Fork Burnt River from the boundary of SW¹⁄₄ NE¹⁄₄ sec. 3, T. 11 S., R. 36 E., Willamette Meridian, to the north boundary of NW¹⁄₄ SW¹⁄₄ sec. 30, T. 11 S., R. 37 E., Willamette Meridian, as a recreational river.
``(ii) SOUTH FORK.—The approximately 5.3-mile segment of the South Fork Burnt River from and including the headwaters to the Wallowa-Whitman National Forest boundary, as a recreational river.

``(251) FORKS OF THE WALLA WALLA, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

``(A) FORKS.—

``(i) NORTH FORK WALLA WALLA RIVER.—The approximately 8.2-mile segment of the North Fork Walla Walla River from and including the headwaters to the west boundary of T. 5 N., R. 38 E., sec. 29, Willamette Meridian, as a wild river.

``(ii) SOUTH FORK WALLA WALLA RIVER.—The approximately 15.8-mile segment of the South Fork Walla Walla River from and including the headwaters to the Forest Service boundary of T. 4 N., R. 38 E., sec. 7, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a wild river.
“(252) GUANO CREEK, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) UPPER.—The approximately 14.5-mile segment of Guano Creek from and including the headwaters to Jacobs Reservoir pool, as a scenic river.

“(B) LOWER.—The approximately 10.1-mile segment of Guano Creek from 100 feet below Jacobs Reservoir Dam to Shirk Lake, as a wild river.

“(253) HEADWATERS OF PINE CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) CLEAR CREEK.—

“(i) UPPER.—The approximately 4.1-mile segment of Clear Creek from 0.5 mile below Clear Creek Reservoir to the south boundary of NE ¼ sec. 30, T. 6 S., R. 46 E., Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 5-mile segment of Clear Creek from the south boundary of NE ¼ sec. 30, T. 6 S., R. 46 E., Willamette Meridian, to the
south boundary of N\(\frac{1}{2}\)NE\(\frac{1}{4}\) sec. 19, T. 7 S., R. 46 E., Willamette Meridian, as a recreational river.

“(B) LAKE FORK CREEK.—

“(i) UPPER.—The approximately 12.9-mile segment of Lake Fork Creek from and including the headwaters to 100 feet above the Lake Fork Campground, as a wild river.

“(ii) LOWER.—The approximately 0.5-mile segment of Lake Fork Creek from 100 feet above Lake Fork Campground to the confluence with North Pine Creek, as a recreational river.

“(C) ELK CREEK.—The approximately 8.1-mile segment of Elk Creek from and including the headwaters to the confluence with Lake Fork Creek, as a wild river.

“(254) HONEY CREEK, OREGON.—The approximately 7.3-mile segment of Honey Creek from and including the headwaters to the east boundary of T. 36 S., R. 22 E., sec. 29, Willamette Meridian, to be administered by the Secretary of Agriculture as a scenic river.
“(255) Hosmer Lake, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Quinn Creek.—The approximately 2.2-mile segment of Quinn Creek from the source at several springs in and including Quinn Meadows to Hosmer Lake, as a scenic river.

“(B) Sink Creek.—The approximately 2.5-mile segment of Sink Creek from the source at Blacktail Spring and other springs to the confluence with Quinn Creek, as a scenic river.

“(256) Hunter Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior, in the following classes:

“(A) Mainstem.—The approximately 6.9-mile segment of Hunter Creek from and including the headwaters to the southern boundary of N1/2NW1/4 sec. 13, T. 37 S., R. 14 W., Willamette Meridian, as a scenic river.

“(B) Tributaries.—

“(i) North Fork Hunter Creek.—

The approximately 2.9-mile segment of North Fork Hunter Creek from and in-
including the headwaters to the south boundary of T. 37 S., R. 14 W., sec. 11, Willamette Meridian, as a wild river.

“(ii) Bog Creek.—The approximately 0.8-mile segment of an unnamed stream locally known as ‘Bog Creek’ from and including the headwaters in SE 1⁄4 sec. 13, T. 37 S., R. 14 W., Willamette Meridian, including Hunter Creek Bog, to the west boundary of SE 1⁄4 sec. 13, T. 37 S., R. 14 W., Willamette Meridian, as a scenic river.

“(257) Jack Creek, Oregon.—The approximately 30.7-mile segment of Jack Creek from and including the headwaters, and any associated wetlands along the stream, to the west boundary of NW 1⁄4 sec. 9, T. 30 S., R. 10 E., Willamette Meridian, to be administered by the Secretary of Agriculture as a scenic river.

“(258) Lava Lake, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Lava Lake.—Lava Lake and any associated wetlands, as a scenic river.

“(B) Tributaries.—
“(i) Park Creek.—The approximately 6-mile segment of Park Creek from the confluence of North Fork Park Creek and South Fork Park Creek to Lava Lake, including the area known as ‘The Parks’, as a scenic river.

“(ii) North Fork Park Creek.—The approximately 3-mile segment of North Fork Park Creek from and including the headwaters to the confluence with South Fork Park Creek, as a scenic river.

“(259) Little Applegate, Oregon.—

“(A) In General.—The approximately 5.5-mile segment of the Little Applegate River from the south boundary of T. 40 S., R. 10 W., sec. 4, Willamette Meridian, to the west boundary of NE¼NE¼ sec. 27, T. 39 S., R. 2 W., Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a recreational river.

“(B) Non-Federal Land.—The Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for the segment designated by subparagraph (A).
“(260) LITTLE NORTH FORK WILSON, OREGON.—The approximately 3.2-mile segment of the Little North Fork Wilson River from the east boundary of T. 1 S., R. 9 W., sec. 12, Willamette Meridian, to the south boundary of T. 1 S., R. 9 W., sec. 13, Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.

“(261) MIDDLE FORK JOHN DAY, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 4.7-mile segment from the south boundary of T. 11 S., R. 34 E., sec. 12, Willamette Meridian, to the west boundary of NE1/4SE1/4 sec. 5, T. 11 S., R. 34 E., Willamette Meridian, as a recreational river.

“(ii) LOWER.—The approximately 4.1-mile segment from the east boundary of NW1/4NW1/4 sec. 13, T. 10 S., R. 32 E., Willamette Meridian, to the north boundary of SW1/4 sec. 34, T. 9 S., R. 32 E., Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—
“(i) Big Boulder Creek.—The approximately 6.3-mile segment of Big Boulder Creek from and including the headwaters to the west boundary of E1/2SW1/4 sec. 23, T.10 S., R. 33 E., Willamette Meridian, as a scenic river.

“(ii) Little Butte Creek.—The approximately 3.2-mile segment of Little Butte Creek from and including the headwaters to the confluence with the Middle Fork John Day River, as a wild river.

“(iii) Camp Creek.—The approximately 15.1-mile segment of Camp Creek from and including the headwaters to the north boundary of SE1/4NE1/4 sec. 25, T. 10 S., R. 32 E., Willamette Meridian, as a scenic river.

“(iv) Deerhorn Creek.—The approximately 3.9-mile segment of Deerhorn Creek from and including the headwaters to the confluence with the Middle Fork John Day River, as a wild river.

“(v) Granite Boulder Creek.—The approximately 7-mile segment of Granite Boulder Creek from and including the
headwaters at several springs to the point at which Granite Boulder Creek enters private land in NE\(\frac{1}{4}\) sec. 2, T. 13 S., R. 19 E., Willamette Meridian, as a scenic river.

“(vi) West Fork Granite Boulder Creek.—The approximately 2.3-mile segment of West Fork Granite Boulder Creek from and including the headwaters to the confluence with Granite Boulder Creek, as a wild river.

“(vii) Vinegar Creek.—The approximately 9.7-mile segment of Vinegar Creek from and including the headwaters at several springs to the point at which Vinegar Creek enters non-Federal land in T. 11 S., R. 35 E., sec. 20, Willamette Meridian, as a scenic river.

“(viii) Clear Creek.—The approximately 12-mile segment of Clear Creek from and including the headwaters (including Looney Spring) to the point at which Clear Creek first enters non-Federal land in T. 11 S., R. 35 E., sec. 26, Willamette Meridian, as a recreational river.
“(262) MIDDLE FORK WILLAMETTE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 15.3-mile segment of the Middle Fork Willamette River from and including the headwaters (including Timpanogas Lake and Big Swamp) to the confluence with Echo Creek, as a scenic river.

“(ii) LOWER.—The approximately 14.3-mile segment of the Middle Fork Willamette River from the confluence with Echo Creek to Hills Creek Reservoir pool, as a recreational river.

“(B) TRIBUTARIES.—

“(i) TUMBLEBUG CREEK.—The approximately 7.4-mile segment of Tumblebug Creek from and including the headwaters to the confluence with the Middle Fork Willamette River, as a scenic river.

“(ii) SALT CREEK.—The approximately 14.1-mile segment of Salt Creek
from the source (including the Betty Lakes, Gold Lake Bog, Gold Lake, Salt Creek Falls, Diamond Creek Falls, and Too Much Bear Lake) to the confluence with Twin Creek, as a scenic river.

“(iii) Skyline Creek.—The approximately 3-mile segment of Skyline Creek from and including the headwaters to the confluence with Salt Creek, as a wild river.

“(iv) Swift Creek.—The approximately 5.7-mile segment of Swift Creek from and including the headwaters to the south boundary of T. 23 S., R. 4 E., sec. 36, Willamette Meridian, as a recreational river.

“(v) Indigo Creek.—The approximately 1.9-mile segment of Indigo Creek from and including the headwaters to the confluence with the Middle Fork Willamette River, as a scenic river.

“(263) Middle Santiam, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 2.1-mile segment of the Middle Santiam River from
0.4 miles downstream of the confluence with Lake Creek to the Middle Santiam Wilderness boundary, as a wild river.

“(B) Tributaries.—

“(i) Pyramid Creek.—The approximately 9.2-mile segment of Pyramid Creek from and including the headwaters to the confluence with the Middle Santiam River, as a scenic river.

“(ii) South Pyramid Creek.—The approximately 3.9-mile segment of South Pyramid Creek from and including the headwaters to the confluence with the Middle Santiam River, as a scenic river.

“(264) Meacham Creek, Oregon.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Mainstem.—

“(i) In general.—The approximately 7.7 miles of Meacham Creek from the west boundary of T. 1 N., R. 35 E., sec. 35, Willamette Meridian, to the north boundary of the southern half of T. 1 N., R. 36 E., sec. 5, Willamette Meridian, as a recreational river.
“(ii) Detailed Boundaries.—Only Federal land or land owned by, or held in trust for, an Indian Tribe, shall be included in the detailed boundaries required under subsection (b) for the segment designated by clause (i).

“(B) Forks.—

“(i) North Fork Meacham Creek.—The approximately 8.8-mile segment of North Fork Meacham Creek from and including the headwaters to the east boundary of NW¼ sec. 30, T. 1 N., R. 37 E., Willamette Meridian, as a recreational river.

“(ii) East Meacham Creek.—The approximately 5.5-mile segment of East Meacham Creek from and including the headwaters to the confluence with Meacham Creek, as a wild river.

“(C) Pot Creek.—The approximately 8-mile segment of Pot Creek from and including the headwaters (including Dead Horse Spring) to the confluence with North Fork Meacham Creek, as a wild river.
“(265) NORTH FORK SILETZ, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 3.4-mile segment of the North Fork Siletz River from the west boundary of the Bureau of Land Management land in T. 7 S., R. 8 W., sec. 19, Willamette Meridian, to the south boundary of T. 7 S., R. 8 W., sec. 32, Willamette Meridian, as a scenic river.

“(B) WARNICKE CREEK.—The approximately 6.8-mile segment of Warnicke Creek from the east boundary of T. 7 S., R. 8 W., sec. 17, Willamette Meridian, to the confluence with the North Fork Siletz River, as a scenic river.

“(266) NORTH SANTIAM, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER MAINSTEM.—The approximately 3.4-mile segment of the North Santiam River from the Mount Jefferson Wilderness boundary (including Big Meadows) to 0.1 mile above Oregon Highway 22
in T. 12 S., R. 7 E., sec. 29, Willamette Meridian, as a scenic river.

“(ii) MIDDLE MAINSTEM.—The approximately 9-mile segment of the North Santiam River from 0.1 mile above Oregon Highway 22 in T. 12 S., R. 7 E., sec. 29, Willamette Meridian, to the north boundary of SW₁/₄SW₁/₄ sec. 29, T. 11 S., R. 7 E., Willamette Meridian, as a recreational river.

“(iii) LOWER MAINSTEM.—The approximately 9.5-mile segment of the North Santiam River from the south boundary of NW₁/₄NW₁/₄ sec. 15, T. 11 S., R. 7 E., Willamette Meridian, to the west boundary of T. 10 S., R. 6 E., sec. 24, Willamette Meridian, as a recreational river.

“(B) WHITEWATER CREEK.—

“(i) UPPER.—The approximately 4-mile segment of Whitewater Creek from the Mount Jefferson Wilderness boundary to the west boundary of E¹/₂ sec. 22, T. 10 S., R. 6 E., Willamette Meridian, as a scenic river.
“(ii) Lower.—The approximately 1-mile segment of Whitewater Creek from the east boundary of NW¹/₄NE¹/₄ sec. 28, T. 10 S., R. 7 E., Willamette Meridian, to the confluence with the North Santiam River, as a recreational river.

“(267) Ochoco Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 7-mile segment of Ochoco Creek from the source at Ochoco Spring and 4 named springs in NE¹/₄ sec. 16, T. 13 S., R. 20 E., Willamette Meridian, to the west boundary of NE¹/₄SE¹/₄ sec. 34, T. 13 S., R. 19 E., Willamette Meridian, as a recreational river.

“(B) Canyon Creek.—

“(i) Upper.—The approximately 2-mile segment of Canyon Creek from and including the headwaters to the confluence with Cline Creek, as a wild river.

“(ii) Lower.—The approximately 4-mile segment of Canyon Creek from the confluence with Cline Creek to the con-
fluence with Ochoco Creek, as a recreational river.

“(268) ODELL CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(A) MAINSTEM.—The approximately 8.1-mile segment of Odell Creek from the gauging station below the outlet of Odell Lake to Davis Lake, as a scenic river.

“(B) MAKLAKS CREEK.—The approximately 1.7-mile segment of Maklaks Creek from and including the headwaters to the confluence with Odell Creek, as a scenic river.

“(269) OREGON CANYON MOUNTAINS, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) WHITEHORSE CREEK.—The approximately 15.3-mile segment of Whitehorse Creek from and including the headwaters to the north boundary of $S^{1/2}SW^{1/4}$ sec. 29, T. 38 S., R. 39 E., Willamette Meridian, as a wild river.

“(B) LITTLE WHITEHORSE CREEK.—The approximately 15.8-mile segment of Little Whitehorse Creek from and including the head-
waters to the east boundary of NW\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 30, T. 38 S., R. 39 E., Willamette Meridian, as a wild river.

“(C) Fifteenmile creek.—The approximately 12-mile segment of Fifteenmile Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(D) Oregon Canyon creek.—The approximately 7.4-mile segment of Oregon Canyon Creek from and including the headwaters to the north boundary of SW\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 2, T. 39 S., R. 40 E., Willamette Meridian, as a wild river.

“(E) East Fork Oregon Canyon creek.—The approximately 4.7-mile segment of East Fork Oregon Canyon Creek from and including the headwaters to the confluence with Oregon Canyon Creek, as a wild river.

“(F) West Fork Oregon Canyon creek.—The approximately 1.5-mile segment of West Fork Oregon Canyon Creek from and including the headwaters to the confluence with Oregon Canyon Creek, as a wild river.

“(G) North Fork McDermitt creek.—The approximately 4.5-mile segment of North Fork McDermitt Creek from and including the
headwaters to the confluence with McDermitt Creek, as a wild river.

“(H) McDermitt Creek.—

“(i) Upper.—The approximately 8.2-mile segment of McDermitt Creek from and including the headwaters to the south boundary of NE¼ sec. 10, T. 41 S., R. 39 E., Willamette Meridian, as a wild river.

“(ii) Middle.—The approximately 4.4-mile segment of McDermitt Creek from the boundary between the States of Oregon and Nevada in T. 41 S., R. 41 E., sec. 21, Willamette Meridian, to the boundary between the States of Oregon and Nevada in T. 41 S., R. 40 E., sec. 24, Willamette Meridian, as a wild river.

“(iii) Limitation.—The comprehensive management plan prepared in accordance with subsection (d) for the segments described in clauses (i) and (ii) shall not apply to any land in the State of Nevada.

“(I) Antelope Creek.—The approximately 10.1-mile segment of Antelope Creek from and including the headwaters to the north
boundary of NE1/4 sec. 9, T. 37 S., R. 37 E.,
Willamette Meridian, as a wild river.

“(J) COTTONWOOD CREEK.—The approximately 7.4-mile segment of Cottonwood Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(K) DOOLITTLE CREEK.—The approximately 8.6-mile segment of Doolittle Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(L) INDIAN CREEK.—

“(i) UPPER.—The approximately 3-mile segment of Indian Creek from and including the headwaters to the south boundary of T. 40 S., R. 40 E., sec. 24, Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 6.8-mile of Indian Creek from the south boundary of T. 40 S., R. 40 E., sec. 24, Willamette Meridian, to the confluence with McDermitt Creek, as a scenic river.

“(M) SAGE CREEK.—The approximately 4.2-mile segment of Sage Creek from and including the headwaters to the east boundary of
T. 41 S., R. 39 E., sec. 17, Willamette Meridian, as a wild river.

“(270) OREGON DUNES, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) SUTTON CREEK.—The approximately 4.2-mile segment of Sutton Creek from the mouth of Sutton Lake to the Pacific Ocean, as a scenic river.

“(B) SILTCOOS RIVER.—The approximately 1.7-mile segment of the Siltcoos River from Tyee Campground to the Pacific Ocean, as a scenic river.

“(C) TAOKENITCH CREEK.—The approximately 2.9-mile segment of Tahkenitch Creek from the 100 feet below U.S. Route 101 to the Pacific Ocean, as a wild river.

“(D) THREEMILE CREEK.—The approximately 2.1-mile segment of Threemile Creek from the Oregon Dunes National Recreation Area boundary to the Pacific Ocean, as a scenic river.

“(E) TENMILE CREEK.—The approximately 2.1-mile segment of Tenmile Creek from the eastern boundary of the Oregon Dunes Na-
tional Recreation Area to the Pacific Ocean, as a wild river.

“(F) ACCOMMODATING NATURE.—In preparing the detailed boundaries of the segments designated by this paragraph, the Secretary of Agriculture shall—

“(i) accommodate the dynamic nature of the stream mouths entering the Pacific Ocean; and

“(ii) if determined to be appropriate by the Secretary of Agriculture, expand the detailed boundaries of the applicable segment to accommodate significant movement of a stream mouth.

“(271) PIPE FORK, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) UPPER.—The approximately 0.7-mile segment of Pipe Fork from and including the headwaters (including Larkspur Spring) to the confluence with an unnamed tributary in SW¼SW¼ see. 35, T. 39 S., R. 5 W., Willamette Meridian, as a wild river.
“(B) LOWER.—The approximately 0.8-mile segment of Pipe Fork from the confluence with an unnamed tributary in SW1/4SW1/4 sec. 35, T. 39 S., R. 5 W., Willamette Meridian, as a scenic river.

“(272) PISTOL, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 6.6-mile segment of the Pistol River from and including the headwaters to the west boundary of T. 38 S., R. 13 W., sec. 2, Willamette Meridian, as a scenic river.

“(B) FORKS.—

“(i) NORTH FORK.—The approximately 4.6-mile segment of the North Fork Pistol River from and including the headwaters to the south boundary of T. 37 S., R. 13 W., sec. 32, Willamette Meridian, as a scenic river.

“(ii) EAST FORK.—The approximately 4.6-mile segment of the East Fork Pistol River from the confluence with Windy Creek and Cedar Creek to the confluence with Pistol River, as a wild river.
"(C) Tributaries.—

"(i) Meadow Creek.—The approximately 2.9-mile segment of Meadow Creek from and including the headwaters including Snow Camp Meadow to the confluence with the Pistol River, as a scenic river.

"(ii) Windy Creek.—The approximately 4.4-mile segment of Windy Creek from and including the headwaters to the confluence with Cedar Creek, as a wild river.

"(273) Pueblo Mountains, Oregon.—The following segments, to be administered by the Secretary of the Interior in the following classes:

"(A) Denio Creek.—The approximately 5.9-mile segment of Denio Creek from and including the headwaters to the south boundary of NE¼NW¼ sec. 20, T. 41 S., R. 35 E., Willamette Meridian, as a wild river.

"(B) Van Horn Creek.—The approximately 6.8-mile segment of Van Horn Creek from and including the headwaters to the north boundary of T. 41 S., R. 35 E., sec. 4, Willamette Meridian, as a wild river.
“(C) ARIZONA CREEK.—The approximately 3.4-mile segment of Arizona Creek from and including the headwaters to 0.01 miles west of Fields-Denio County Road 201, as a wild river.

“(D) LITTLE COTTONWOOD CREEK.—The approximately 6.9-mile segment of Little Cottonwood Creek from and including the headwaters to 0.01 mile west of Fields-Denio County Road 201, as a wild river.

“(E) WILLOW CREEK.—The approximately 4.7-mile segment of Willow Creek from and including the headwaters to 0.01 mile west of Fields-Denio County Road 201, as a wild river.

“(274) RATTLESNAKE CREEK, OREGON.—The approximately 11.3-mile segment of Rattlesnake Creek from the south boundary of T. 37 S., R. 44 E., sec. 4, Willamette Meridian, to the north boundary of SE 1/4 sec. 19, T. 35 S., R. 42 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(275) SELDOM CREEK, OREGON.—The approximately 4-mile segment of Seldom Creek from the eastern right-of-way edge of the county road that intersects with Oregon Route 140 in SE 1/4NE 1/4 sec. 35, T. 36 S., R. 5 E., Willamette
Meridian, to the confluence with Fourmile Creek, to be administered by the Secretary of Agriculture as a scenic river.

“(276) Silver Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) Mainstem.—

“(i) Upper.—The approximately 15.8-mile segment of Silver Creek from 0.01 mile below Forest Service Road 45S to the confluence with Sawmill Creek, as a wild river.

“(ii) Middle.—The approximately 0.5-mile segment of Silver Creek from the confluence with Sawmill Creek to the south boundary of T. 21 S., R. 26 E., sec. 20, Willamette Meridian, as a recreational river.

“(iii) Lower.—The approximately 3.3-mile segment of Silver Creek from the south boundary of T. 21 S., R. 26 E., sec. 20, Willamette Meridian, to the confluence with Nicoll Creek, as a recreational river.
“(iv) Lowermost.—The approximately 1.5 mile segment of Silver Creek from the confluence with Nicoll Creek to the south boundary of T. 22 S., R. 25 E., sec. 13, Willamette Meridian, as a wild river.

“(B) Wickiup Creek.—The approximately 7.2-mile segment of Wickiup Creek from and including the headwaters to the west boundary of T. 21 S., R. 26 E., sec. 11, Willamette Meridian, as a scenic river.

“(277) Silvies, Oregon.—The approximately 3.3-mile segment of the Silvies River from the north boundary of T. 21 S., R. 29 E., sec. 14, SW¼, NE¼, Willamette Meridian, to the east boundary of T. 21 S., R. 29 E., sec. 25, SW¼, NE¼, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(278) Sitka Spruce, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Gwynn Creek.—The approximately 2.8-mile segment of Gwynn Creek from and in-
including the headwaters to the Pacific Ocean, as a scenic river.

“(B) CAPE CREEK.—The approximately 3.2-mile segment of Cape Creek from and including the headwaters to the Pacific Ocean, as a scenic river.

“(279) SLATE CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) UPPER.—The approximately 3.3-mile segment of Slate Creek from and including the headwaters to the confluence with Buckeye Creek, as a wild river.

“(B) LOWER.—The approximately 2.2-mile segment of Slate Creek from the confluence with Buckeye Creek to the south boundary of T. 37 S., R. 8 W., sec. 1, Willamette Meridian, as a recreational river.

“(C) CEDAR LOG CREEK, OREGON.—The approximately 1.7-mile segment of Cedar Log Creek from and including the headwaters to the confluence with Slate Creek, to be administered by the Secretary of Agriculture as a wild river.

“(280) SMITH, OREGON.—The following segments, to be administered by the Secretary of Agri-
culture and the Secretary of the Interior in the fol-
lowing classes:

“(A) M**AINSTEM.**—The approximately
55.6-mile segment of Smith River from and in-
cluding the headwaters to the confluence with
the West Fork Smith River, as a recreational
river.

“(B) F**ORKS.**—

“(i) N**ORTH FORK SMITH RIVER.**—
The approximately 15.4-mile segment from
the north boundary of S\(\frac{1}{2}\) sec. 7, T. 19 S.,
R. 9 W., Willamette Meridian, to the south
boundary of N\(\frac{1}{2}\)NE\(\frac{1}{4}\) sec. 32, T. 19 S.,
R. 10 W., Willamette Meridian, as a scenic
river.

“(ii) W**EST FORK SMITH RIVER.**—The
approximately 16.9-mile segment of the
West Fork Smith River from and including
the headwaters to the confluence with the
Smith River, as a recreational river.

“(iii) S**OUTH FORK SMITH RIVER.**—
The approximately 7.7-mile segment of the
South Fork Smith River from and includ-
ing the headwaters to the confluence with
the Smith River, as a recreational river.
"(C) Tributaries.—

"(i) Middle Fork North Fork Smith River.—The approximately 4.9-mile segment of the Middle Fork North Fork Smith River from and including the headwaters to the confluence with North Fork Smith River, as a scenic river.

"(ii) West Branch North Fork Smith River.—The approximately 3.2-mile segment of the West Branch of the North Fork Smith River from and including the headwaters to the confluence with the North Fork Smith River, as a scenic river.

"(iii) Kentucky Creek.—The approximately 1.8-mile segment of Kentucky Creek from the east boundary of T. 19 S., R. 9 W., sec. 17, Willamette Meridian, to the confluence with the North Fork Smith River, as a scenic river.

"(281) South Fork Alsea, Oregon.—The approximately 9.3-mile segment of the South Fork Alsea River from and including the headwaters to the Bureau of Land Management boundary in T. 14 S., R. 7 W., sec. 26, Willamette Meridian, to be ad-
ministered by the Secretary of the Interior as a recreational river.

“(282) SOUTH FORK COQUILLE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 15.1-mile segment of the South Fork Coquille River from the east boundary of NW 14 SE 1⁄4, sec. 9, T. 33 S., R. 11 W., Willamette Meridian, to the north boundary of T. 32 S., R. 11 W., sec. 6, Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—

“(i) JOHNSON CREEK.—The approximately 2.43-mile segment of Johnson Creek from and including the confluence with Sucker Creek to the confluence with the South Fork Coquille River, as a scenic river.

“(ii) SUCKER CREEK.—The approximately 3.9-mile segment of Sucker Creek from and including the headwaters to the confluence with Johnson Creek, as a wild river.
“(283) Crooked creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 5.5-mile segment from the confluence of North Fork Crooked Creek and South Fork Crooked Creek to the Fremont National Forest boundary, as a wild river.

“(B) Forks.—

“(i) North fork.—The approximately 1.9-mile segment of North Fork Crooked Creek from and including the headwaters to the confluence with South Fork Crooked Creek, as a scenic river.

“(ii) South fork.—The approximately 1.9-mile segment of South Fork Crooked Creek from and including the headwaters to the confluence with North Fork Crooked Creek, as a scenic river.

“(284) South fork crooked, Oregon.—The approximately 15.4-mile segment of the South Fork Crooked River from the south boundary of N:\2 sec. 11, T. 19 S., R. 22 E., Willamette Meridian, to the north boundary of T. 17 S., R. 22 E., sec. 24, Wil-
lamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(285) SOUTH FORK LITTLE BUTTE CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 6.2-mile segment of South Fork Little Butte Creek from and including the headwaters to South Fork Dam pool, as a recreational river.

“(B) DEAD INDIAN CREEK.—The approximately 3-mile segment of Dead Indian Creek from the east boundary of T. 38 S., R. 3 E., sec. 3, Willamette Meridian, to the confluence with Little South Fork Butte Creek, as a scenic river.

“(286) SIXES, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 4.2-mile segment of the Sixes River from the east boundary of T. 32 S., R. 13 W., sec. 8, Willamette Meridian, to the east boundary of
NE\textsuperscript{1/4}SE\textsuperscript{1/4} sec. 11, T. 32 S., R. 14 W., Willamette Meridian, as a recreational river.

“(B) S\textsuperscript{OUTH \textsc{fork}.—}The approximately 7.3-mile segment of the South Fork Sixes River from and including the headwaters to the west boundary of T. 32 S., R. 13 W., sec. 18, Willamette Meridian, as a wild river.

“(C) B\textsuperscript{EE \textsc{creek}.—}The approximately 2.3-mile segment of Bee Creek from and including the headwaters to the confluence with the South Fork Sixes River, as a wild river.

“(287) S\textsuperscript{OUTH \textsc{fork \textsc{indian \textsc{creek}}}, \textsc{oregon}.—}The approximately 3.1-mile segment of South Fork Indian Creek from the downstream right-of-way boundary of Gregory Road in SE\textsuperscript{1/4}SE\textsuperscript{1/4} sec. 19, T. 18 S., R. 39 E., Willamette Meridian, to the east boundary of SW\textsuperscript{1/4} sec. 15, T. 18 S., R. 39 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(288) S\textsuperscript{OUTH \textsc{fork \textsc{sprague \textsc{river}}, \textsc{oregon}.—}The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—
“(i) UPPER.—The approximately 9.3-mile segment of the South Fork Sprague River from the Gearhart Mountain Wilderness boundary in T. 36 S., R. 16 E., sec. 1, Willamette Meridian, to the west boundary of NE 1/4 sec. 10, T. 37 E., R. 16 E., Willamette Meridian, as a scenic river.

“(ii) MIDDLE.—The approximately 6-mile segment of the South Fork Sprague River from west boundary of T. 37 S., R. 15 E., sec. 1, Willamette Meridian, to the north boundary of S 1/2 NW 1/4 sec. 8, T. 37 S., R. 15 E., Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) BROWNSWORTH CREEK.—The approximately 1.7-mile segment of Brownsworth Creek from the north boundary of SE 1/4 sec. 36, T. 36 S., R. 15 E., Willamette Meridian, to the confluence with the South Fork Sprague River, as a scenic river.

“(ii) DEMING CREEK.—The approximately 5-mile segment of Deming Creek from the Gearhart Wilderness boundary to
172

the south boundary of T. 36 S., R. 15 E., sec. 9, Willamette Meridian, as a scenic river.

“(289) SOUTH SANTIAM, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 13.2-mile segment of the South Santiam River from the confluence of Sevenmile Creek and Latiwi Creek to the west boundary of T. 13 S., R. 3 E., sec. 34, Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—

“(i) SEVENMILE CREEK.—The approximately 4.9-mile segment of Sevenmile Creek from the south boundary of NE 1/4 sec. 13, T. 14 S., R. 5 E., Willamette Meridian, to the confluence with Latiwi Creek, as a scenic river.

“(ii) LATIWI CREEK.—The approximately 3.9-mile segment of Latiwi Creek from and including the headwaters to the confluence with Sevenmile Creek, as a scenic river.
“(iii) Sheep Creek.—The approximately 2.6-mile segment of Sheep Creek from the east boundary of T. 13 S., R. 5 E., sec. 28, Willamette Meridian, to the confluence with the South Santiam River, as a recreational river.

“(iv) Cub Creek.—The approximately 2-mile segment of Cub Creek from and including the headwaters to the confluence with Moose Creek, as a scenic river.

“(v) Boulder Creek.—The approximately 3.5-mile segment of Boulder Creek from and including the headwaters to the confluence with the South Santiam River, as a wild river.

“(vi) Moose Creek.—The approximately 10.1-mile segment of Moose Creek from the Forest Service boundary 0.4 mile upstream from the western edge of T. 13 S., R. 4 E., sec. 4, Willamette Meridian, to the confluence with the South Santiam River, as a scenic river.

“(vii) Falls Creek.—The approximately 3.6-mile segment of Falls Creek
from the source at and including Gordon Meadows to 0.1 mile above the hydro-
electric diversion, as a wild river.

“(290) Trout Creek Mountains, Oregon.—
The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Willow Creek.—

“(i) Upper.—The approximately 12-

-mile segment of Willow Creek from and in-
cluding the headwaters to the north bound-
ary of SW\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 2, T. 39 S., R. 38 E., Willamette Meridian, as a wild river.

“(ii) Lower.—The approximately 8-

-mile segment of Willow Creek from the north boundary of SW\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 2, T. 39 S., R. 38 E., Willamette Meridian, to the north boundary of T. 37 S., R. 36 E., sec. 22, Willamette Meridian, as a scenic river.

“(B) Big Trout Creek.—The approxi-
mately 12.4-mile segment of Big Trout Creek from the east boundary of SW\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 15, T. 41 S., R. 38 E., Willamette Meridian, to the north boundary of T. 39 S., R. 37 E., sec. 35, Willamette Meridian, as a wild river.
“(C) EAST FORK BIG TROUT CREEK.—The approximately 6.7-mile segment of East Fork Big Trout Creek from and including the headwaters to the confluence with Big Trout Creek, as a wild river.

“(D) LITTLE TROUT CREEK.—

“(i) UPPER.—The approximately 6-mile segment of Little Trout Creek from and including the headwaters to the north boundary of T. 39 S., R. 37 E., sec. 24, Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 1.7-mile segment of Little Trout Creek from the north boundary of T. 39 S., R. 37 E., sec. 24, Willamette Meridian, to the west boundary of NE\(\frac{1}{4}\) sec. 14, T. 39 S., R. 37 E., Willamette Meridian, as a scenic river.

“(E) KINGS RIVER.—The approximately 2.1-mile segment of Kings River from the Oregon-Nevada border to the Nevada-Oregon border, as a wild river.

“(291) TWELVEMILE CREEK, OREGON.—The following segments, to be administered by the Sec-
retary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 6.9-mile segment of Twelvemile Creek from the west boundary of SE\(\frac{1}{4}\) sec. 20, T. 41 S., R. 23 E., Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)SW\(\frac{1}{4}\) sec. 12, T. 41 S., R. 23 E., Willamette Meridian, as a wild river.

“(B) NORTH FORK.—The approximately 3.8-mile segment of North Fork Twelvemile Creek from and including the headwaters to the confluence with Twelvemile Creek, as a wild river.

“(C) LIMITATION.—The comprehensive management plan prepared in accordance with subsection (d) for the segments described in subparagraphs (A) and (B) shall not apply to any land in the State of Nevada.

“(292) TUMALO CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 11.6-mile segment of Tumalo Creek from the confluence of North Fork Tumalo Creek and Middle Fork Tumalo Creek to the east bound-
ary of T. 17 S., R. 11 E., sec. 33, Willamette Meridian, as a recreational river.

“(B) FORKS.—

“(i) MIDDLE FORK.—The approximately 2.6-mile segment of Middle Fork Tumalo Creek from and including the headwaters to 0.1 mile above the diversion at Source Spring, as a wild river.

“(ii) SOUTH FORK.—The approximately 2.4-mile segment of South Fork Tumalo Creek from and including the headwaters to the confluence with Tumalo Creek, as a wild river.

“(iii) NORTH FORK.—The approximately 2.2-mile segment of North Fork Tumalo Creek from the Three Sisters Wilderness boundary to the confluence with Middle Fork Tumalo Creek, as a wild river.

“(C) BRIDGE CREEK.—The approximately 3.6-mile segment of Bridge Creek from and including the headwaters to 0.1 mile above the diversion dam, as a wild river.

“(D) CONSULTATION REQUIRED.—In preparing the comprehensive management plan re-
quired under subsection (d) for the segments described in subparagraphs (A) and (B), the Secretary shall consult with the city of Bend, Oregon, to ensure continued protection of, and access to, clean drinking water.

“(293) UMATILLA HEADWATERS, OREGON.— The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 1.7-mile segment of the Umatilla River from the confluence of the North Fork Umatilla River and the South Fork Umatilla River to western boundary of the Umatilla National Forest, as a recreational river.

“(B) FORKS.—

“(i) NORTH FORK UMATILLA RIVER.—The approximately 2-mile segment of the North Fork Umatilla River from and including the headwaters to the North Fork Umatilla Wilderness boundary, as a scenic river.

“(ii) SOUTH FORK UMATILLA RIVER.—

“(I) UPPER.—The approximately 7.2-mile segment of the South Fork...
Umatilla River from and including the headwaters to 0.01 mile above Forest Service Road 32, as a wild river.

“(II) LOWER.—The approximately 4.1-mile segment of South Fork Umatilla River from 0.01 mile above Forest Service Road 32 to the confluence with the North Fork Umatilla River, as a recreational river.

“(C) TRIBUTARIES.—

“(i) RYAN CREEK.—The approximately 6.4-mile segment of Ryan Creek from and including the headwaters to northern boundary of the Umatilla National Forest, as a wild river.

“(ii) SHIMMIEHORN CREEK.—The approximately 6.7-mile segment of Shimmiehorn Creek from and including the headwaters to the confluence with the South Fork Umatilla River, as a wild river.

“(iii) THOMAS CREEK.—The approximately 2.4-mile segment of Thomas Creek from the confluence with Spring Creek to
the confluence with the South Fork Umatilla River, as a recreational river.

“(294) APPLEGATE, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) PALMER CREEK.—The approximately 5-mile segment of Palmer Creek from and including the headwaters to the west boundary of T. 40 S., R. 3 W., sec. 7, Willamette Meridian, as a recreational river.

“(B) MULE CREEK.—The approximately 3.6-mile segment of Mule Creek from and including the headwaters to the west boundary of T. 40 S., R. 3 W., sec. 17, Willamette Meridian, as a wild river.

“(C) STAR GULCH.—The approximately 7.7-mile segment of Star Gulch from and including the headwaters to the east boundary of NW1/4 sec. 28, T. 39 S., R. 3 W., Willamette Meridian, as a recreational river.

“(D) LONG GULCH.—The approximately 2.2-mile segment of Long Gulch from and including the headwaters to the west boundary of
NE\:\:\:\:\:NE\:\:\:\:\\:1/4 sec. 19, T. 38 S., R. 3 W., Willamette Meridian, as a wild river.

“(295) Upper Klamath Lake Marsh, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) Crystal Creek.—The approximately 9.4-mile segment of Crystal Creek from and including the source at Crystal Spring (including Malone Springs) to Pelican Bay, as a scenic river.

“(B) Recreation Creek.—

“(i) In general.—The approximately 2.3-mile segment of Recreation Creek from the diffluence with Crystal Creek to Pelican Bay, as a scenic river.

“(ii) Non-Federal land.—The Secretary of Agriculture and the Secretary of the Interior shall not include any non-Federal land or National Forest System land in which recreational cabins are located within the detailed boundaries required under subsection (b) for the segment designated by clause (i).
“(296) West Steens Mountain, Oregon.—

The following segments, to be administered by the

Secretary of the Interior in the following classes:

“(A) Big Bridge Creek.—The approximately 4.9-mile segment of Big Bridge Creek from the west boundary of NE\(\frac{3}{4}\)NE\(\frac{1}{4}\) sec. 14, T. 32 S., R. 32.75 E., Willamette Meridian, to the confluence with Little Bridge Creek, as a wild river.

“(B) Little Bridge Creek.—The approximately 4.1-mile segment of Little Bridge Creek from the west boundary of SE\(\frac{3}{4}\)NE\(\frac{1}{4}\) sec. 11, T. 32 S., R. 32.75 E., Willamette Meridian, to the confluence with Big Bridge Creek, as a wild river.

“(C) Mud Creek.—The approximately 5.7-mile segment of Mud Creek from the east boundary of T. 32 S., R. 32.75 E., sec. 19, Willamette Meridian, to the Malheur National Wildlife Refuge boundary, as a wild river.

“(D) Home Creek.—The approximately 4.9-mile segment of Home Creek from the east boundary of T. 35 S., R. 32.5 E., sec. 17, Willamette Meridian, to the west boundary of
SE$\frac{1}{4}$NE$\frac{1}{4}$ sec. 10, T. 35 S., R. 32 E., Willamette Meridian, as a wild river.

“(E) Bridge Creek.—The approximately 5.5-mile segment of Bridge Creek from the confluence of Big Bridge Creek and Little Bridge Creeks to the Malheur Wildlife Refuge boundary as a wild river.

“(297) Willamina Creek, Oregon.—The approximately 6-mile segment of Willamina Creek from the south boundary of T. 4 S., R. 6 E., sec. 5, Willamette Meridian, to the west boundary of T. 4 S., R. 7 W., sec. 25, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(298) Williamson, Oregon.—The approximately 9.3-mile segment of the Williamson River from the west boundary of W$\frac{1}{2}$ sec. 12, T. 33 S., R. 7 E., Willamette Meridian, to the confluence with Spring Creek, to be administered by the Secretary of Agriculture as a scenic river.

“(299) Winchuck, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 2.4-mile segment of the Winchuck River from the
confluence of the East Fork Winchuck River
and Wheeler Creek to the west boundary of T.
41 S., R. 12 W., sec. 10, Willamette Meridian,
as a recreational river.

“(B) TRIBUTARIES.—

“(i) EAST FORK WINCHUCK RIVER.—
The approximately 7.6-mile segment of the
East Fork Winchuck River from and in-
cluding the headwaters to the confluence
with Wheeler Creek, as a scenic river.

“(ii) FOURTH OF JULY CREEK.—The
approximately 4.8-mile segment of Fourth
of July Creek from and including the head-
waters to the confluence with the East
Fork Winchuck River, as a scenic river.

“(iii) WHEELER CREEK.—

“(I) UPPER.—The approximately
7.2-mile segment of Wheeler Creek
from and including the headwaters to
the confluence with Willow Creek, as
a scenic river.

“(II) LOWER.—The approxi-
mately 4.1-mile segment of Wheeler
Creek from the confluence with Wil-
low Creek to the confluence with the
East Fork Winchuck River, as a recreational river.

“(iv) MOSER CREEK.—The approximately 1-mile segment of Moser Creek from and including the headwaters to the west boundary of E½ sec. 18, T. 41 S., R. 12 W., Willamette Meridian, as a wild river.

“(300) YACHATS, OREGON.—The approximately 4-mile segment of the Yachats River from and including the headwaters to the north boundary of T. 15 S., R. 10 W., sec. 7, Willamette Meridian, to be administered by the Secretary of Agriculture as a scenic river.

“(301) NORTH FORK TRASK RIVER, OREGON.—The following segments, to be administered by the Secretary of the Interior, in the following classes:

“(A) The approximately 5.3-mile segment of the North Fork Trask River from the confluence with the Middle Forks of the North Fork Trask River to the western boundary of the E½ sec. 27, T. 1 S., R. 7 W., Willamette Meridian, as a recreational river.

“(B) The approximately 2.2-mile segment of the Middle Fork of the North Fork Trask
186
River from the south boundary of the NW$^{1/4}$
NW$^{1/4}$ of sec. 28, T. 1 S., R. 6 W., Willamette
Meridian to the confluence with the North Fork
of the North Fork Trask River, as a recre-
reational river.

“(302) MARKS CREEK, OREGON.—The approxi-
mately 9.2-mile segment of Marks Creek from the
Forest Service ownership boundary in T. 13 S., R.
19 E., sec. 9, Willamette Meridian, to the south
boundary of T. 14 S., R. 18 E., sec. 11, Willamette
Meridian, to be administered by the Secretary of Ag-
riculture as a recreational river.

“(303) WEST FORK HOOD RIVER, OREGON.—

“(A) MAINSTEM.—The approximately 5.6-
mile segment from the confluence of McGee
Creek and Elk Creek to the Mount Hood Na-
tional Forest boundary in T. 1 S., R. 8.5 E.,
sec. 1, to be administered by the Secretary of
Agriculture as a recreational river.

“(B) TRIBUTARIES.—

“(i) LAKE BRANCH.—The approxi-
mately 8.3-mile segment from the source
at Lost Lake to the Mount Hood National
Forest boundary, to be administered by the
Secretary of Agriculture, as a recreational river.

“(ii) McGee Creek.—The approximately 3.6-mile segment from the boundary of the Mount Hood Wilderness to the confluence with Elk Creek, as a scenic river.

“(304) Still Creek, Oregon.—The approximately 12.2-mile segment from the west boundary of E¹⁄₂NW¹⁄₄ sec. 25, T. 3 S., R. 8.5 E., Willamette Meridian, to be administered by the Secretary of Agriculture as a recreational river.

“(305) Middle Fork Fivemile Creek, Oregon.—The approximately 7.7-mile segment from and including the headwaters to the confluence with the South Fork Fivemile Creek, to be administered by the Secretary of Agriculture as a scenic river.

“(306) Baker Creek, Oregon.—The approximately 2.5-mile segment from the Bureau of Land Management boundary in T. 3 S., R. 6 W., sec. 35, Willamette Meridian, to the southern boundary of T. 3 S., R. 5 W., sec. 31, Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.”
SEC. 8. PROTECTION OF CERTAIN AREAS.

(a) Essential Serpentine Wetland Withdrawal.—

(1) Definitions.—In this subsection:

(A) Essential serpentine wetland.—The term “essential serpentine wetland” means an essential wetland in the State or the State of California identified in the interagency conservation strategy.

(C) Secretaries.—The term “Secretaries” means the Secretary of Agriculture and the Secretary of the Interior, acting jointly.

(2) Withdrawal.—Subject to valid existing rights, all Federal land that is included in an essen-
tional serpentine wetland is withdrawn from all forms of—

(A) entry, appropriation, new rights-of-way, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and

(C) disposition under all laws relating to mineral and geothermal leasing or mineral materials.

(3) MAPS.—

(A) PUBLICATION.—Not later than 1 year after the date of enactment of this Act, the Secretaries shall publish a large-scale draft map and descriptions of each essential serpentine wetland, to be prepared in accordance with the interagency conservation strategy, that include—

(i) the essential serpentine wetland; and

(ii) any additional area of land or water that contributes to the maintenance of the direct hydrologic regime of the essential serpentine wetland.

(B) PUBLIC REVIEW.—During the 90-day period beginning on the date of publication of
the draft maps and descriptions under subparagraph (A), the Secretaries shall provide an opportunity for the public to review, and provide comments on, the draft maps and descriptions published under that subparagraph.

(C) FINAL WITHDRAWAL MAPS.—After responding to any comments received during the public review period under subparagraph (B), the Secretaries shall publish on appropriate websites, and record in appropriate databases, final maps depicting the boundaries of each essential serpentine wetland.

(4) IMPLEMENTATION OF THE INTERAGENCY CONSERVATION STRATEGY.—The Secretaries shall give priority to implementing the interagency conservation strategy, including by amending applicable land and resource management plans to reflect—

(A) the land allocation of essential serpentine wetland; and

(B) the management strategy applicable to essential serpentine wetland.

(b) ILLINOIS WATERSHED SPECIAL MANAGEMENT AREAS WITHDRAWAL.—
(1) **Definition of Special Management Area.**—In this subsection, the term “special management area” means each of the following:

(A) The Eight Dollar Mountain Botanical Area.

(B) The Page Mountain Botanical Area.

(C) The Bolan Lake Botanical Area.

(D) The Grayback Mountain Botanical Area.

(E) The Game Lake Botanical Area.

(F) The Sourgame Botanical Area.

(G) The Snow Camp Botanical Area.

(H) The Oregon Mountain Botanical Area.

(I) The Eight Dollar Mountain Area of Critical Environmental Concern.

(J) The Rough and Ready Flat Area of Critical Environmental Concern.

(K) The Brewer Spruce Area of Critical Environmental Concern.

(M) The Waldo-Takilma Area of Critical Environmental Concern.

(N) The French Flat Area of Critical Environmental Concern.
(O) The Rough and Ready Area of Critical Environmental Concern.

(Q) The Reeves Creek Area of Critical Environmental Concern.

(R) The Deer Creek Area of Critical Environmental Concern.

(S) The North Fork Silver Creek Area of Critical Environmental Concern.

(2) WITHDRAWAL.—Subject to valid existing rights, the Federal land within the boundaries of the special management areas is withdrawn from all forms of—

(A) entry, appropriation, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and

(C) disposition under all laws relating to mineral and geothermal leasing or mineral materials.
