To amend the Wild and Scenic Rivers Act to designate certain river segments in the State of Oregon as components of the National Wild and Scenic Rivers System, and for other purposes.

IN THE SENATE OF THE UNITED STATES

Mr. Wyden (for himself and Mr. Merkley) introduced the following bill; which was read twice and referred to the Committee on

A BILL

To amend the Wild and Scenic Rivers Act to designate certain river segments in the State of Oregon as components of the National Wild and Scenic Rivers System, and for other purposes.

1 Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,
3 SECTION 1. SHORT TITLE.
4 This Act may be cited as the “River Democracy Act
5 of 2021”.
6 SEC. 2. FINDINGS.
7 Congress finds that—
(1) on October 2, 2019, Senator Ron Wyden announced a statewide public process to collect nominations from residents of the State of Oregon for Oregon rivers to be designated as components of the National Wild and Scenic Rivers System;

(2) over a period of less than 90 days, more than 2,200 residents of the State of Oregon submitted more than 15,000 nominations of free-flowing stream segments for designation as components of the National Wild and Scenic Rivers System, demonstrating a deep love and support for components of the National Wild and Scenic Rivers System;

(3) components of the National Wild and Scenic Rivers System enhance and protect community drinking water, recreation opportunities, and wildlife habitat;

(4) the free-flowing streams of the State of Oregon are an unparalleled resource for the residents of the State of Oregon and all people of the United States;

(5) the residents of the State of Oregon—

(A) are proud of and cherish the natural heritage of wild and scenic rivers in the State; and
(B) wish to expand the legacy of wild and scenic rivers for the benefit of future generations of residents of the State of Oregon and people of the United States;

(6) there are 110,994 miles of rivers and streams in the State of Oregon, but only 2,173 miles of streams were previously included as components of the National Wild and Scenic Rivers System;

(7) existing and proposed components of the National Wild and Scenic Rivers System in the State of Oregon range from remote wilderness land to developed recreation areas readily accessible by roads and trails;

(8) components of the National Wild and Scenic Rivers System in the State of Oregon and the outdoor recreation economy benefit local communities and businesses in rural Oregon and across the State of Oregon, generating $15,600,000,000 in consumer spending and more than 224,000 jobs in 2019, including jobs relating to hunting, fishing, rafting, and guiding;

(9) components of the National Wild and Scenic Rivers System provide essential habitat for—

(A) elk, deer, and other game animals; and
species affected by climate change, including—

(i) salmon, steelhead, lamprey, and the Lost River and shortnose sucker;

(ii) cutthroat, rainbow, redband, and bull trout (including the Lahontan cutthroat trout); and

(iii) numerous other wildlife species;

(10) components of the National Wild and Scenic Rivers System are important to Indian Tribes because the components—

(A) conserve resources for Tribal use; and

(B) preserve the cultural history of Indian Tribes dating back more than 10,000 years; and

(11) the components of the National Wild and Scenic Rivers System within the State of Oregon have the outstandingly remarkable value of landscape connectivity, with the components serving as habitat corridors that facilitate the vital movements of animals, plants, genes, water, and energy between and within ecosystems.

SEC. 3. DEFINITIONS.

In this Act:
(1) COVERED SEGMENT.—The term “covered segment” means a river segment designated by this Act or an amendment made by this Act.

(2) SECRETARY CONCERNED.—The term “Secretary concerned” means—

(A) the Secretary of the Interior, with respect to a covered segment under the jurisdiction of the Secretary of the Interior; and

(B) the Secretary of Agriculture, with respect to a covered segment under the jurisdiction of the Secretary of Agriculture.

SEC. 4. ADMINISTRATION OF COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM.

(a) NATIONAL LANDSCAPE CONSERVATION SYSTEM.—Section 10 of the Wild and Scenic Rivers Act (16 U.S.C. 1281) is amended by striking subsection (c) and inserting the following:

“(c) AREAS ADMINISTERED BY THE NATIONAL PARK SERVICE, THE UNITED STATES FISH AND WILDLIFE SERVICE, AND THE BUREAU OF LAND MANAGEMENT.—

“(1) NATIONAL PARK SYSTEM.—Any component of the National Wild and Scenic Rivers System that is administered by the Secretary of the Interior (acting through the Director of the National Park
Service) shall be a part of the National Park System.

“(2) National wildlife refuge system.—Any component of the National Wild and Scenic Rivers System that is administered by the Secretary of the Interior (acting through the Director of the United States Fish and Wildlife Service) shall be a part of the National Wildlife Refuge System.

“(3) National landscape conservation system.—Any component of the National Wild and Scenic Rivers System that is administered by the Secretary of the Interior (acting through the Director of the Bureau of Land Management) shall be a part of the National Landscape Conservation System.

“(4) Applicable law.—

“(A) In general.—Any component of the National Wild and Scenic Rivers System that is administered by the Secretary of the Interior shall be subject to—

“(i) this Act; and

“(ii) the laws under which the National Park System, National Wildlife Refuge System, or the National Landscape
Conservation System, as applicable, is administered.

“(B) Resolution of Conflict.—If there is a conflict between the laws referred to in subparagraph (A)(ii) and this Act, the more restrictive provision shall control.

“(5) Administration.—The Secretary of the Interior, in the administration of any component of the National Wild and Scenic Rivers System, may use—

“(A) any general statutory authorities relating to units of the National Park System, National Wildlife Refuge System, or National Landscape Conservation System, as applicable; and

“(B) any general statutory authorities otherwise available to the Secretary of the Interior for recreation and preservation purposes and the conservation and management of natural resources, as the Secretary of the Interior determines to be appropriate to carry out the purposes of this Act.”.

(b) Cooperative Agreements With Indian Tribes.—Section 10 of the Wild and Scenic Rivers Act
(16 U.S.C. 1281) is amended by striking subsection (e) and inserting the following:

“(e) COOPERATIVE AGREEMENTS.—The head of the Federal agency responsible for the administration of a component of the National Wild and Scenic Rivers System—

“(1) may enter into a written cooperative agreement with a Tribal Government, the Governor of a State, the head of any State agency, or the appropriate official of a political subdivision of a State to provide for Tribal, State, or local governmental participation in the administration of the component; and

“(2) shall encourage Indian Tribes, States, and political subdivisions of States to cooperate in the planning and administration of components of the National Wild and Scenic Rivers System that include or adjoin land owned by the Indian Tribe, State, or a political subdivision of the State or land held in trust for the Indian Tribe, as applicable.”.

SEC. 5. ADMINISTRATION OF COVERED SEGMENTS.

(a) COMPREHENSIVE MANAGEMENT PLAN FOR COVERED SEGMENTS.—

(1) IN GENERAL.—The Secretary concerned shall prepare, in accordance with section 3(d) of the
Wild and Scenic Rivers Act (16 U.S.C. 1274(d)) and this subsection, a comprehensive management plan for each covered segment.

(2) TIMING.—

(A) IN GENERAL.—Notwithstanding section 3(d) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(d)), except as provided in subparagraph (B), the comprehensive management plan described in paragraph (1) shall be completed, to the maximum extent practicable, as part of the regular land use management planning process of the agency with jurisdiction over the covered segment.

(B) EXCEPTION.—If the Secretary concerned determines that the regular land use management planning cycle of the agency with jurisdiction over a covered segment does not coincide with the designation of the covered segment under this Act or an amendment made by this Act, the comprehensive management plan for the covered segment shall be completed by the date that is 6 years after the date on which the covered segment is designated.

(3) INTERIM DETAILED BOUNDARIES.—Until the date on which a comprehensive management
plan that includes detailed boundaries for the applicable covered segment required under section 3(b) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(b)) is completed, the interim detailed boundaries for the covered segment shall be $\frac{1}{2}$ mile from the ordinary high water mark on each bank or shore, unless an Act of Congress requires the inclusion of non-Federal land within the boundary of the covered segment.

(4) OUTSTANDINGLY REMARKABLE VALUES.—

(A) IN GENERAL.—The outstandingly remarkable values of a covered segment include—

(i) the values described in section 2(11); and

(ii) any additional outstandingly remarkable values that are determined by the Secretary concerned as part of the comprehensive management plan for the covered segment required under paragraph (1).

(B) NORTH FORK SPRAGUE WILD AND SCENIC RIVER.—In addition to the outstandingly remarkable values referred to in subparagraph (A), the North Fork Sprague Wild and Scenic River in the State of Oregon has the ad-
ditional outstandingly remarkable value of native fish.

(5) INTERIM MANAGEMENT.—Except as otherwise provided in this Act, until the date on which a comprehensive management plan is prepared under paragraph (1) for a covered segment, the Secretary concerned shall fully comply with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.) in managing the covered segment.

(6) REDUCING CATASTROPHIC WILDFIRE RISKS.—As part of the development of a comprehensive management plan under paragraph (1) or the updating of such a plan, the Secretary concerned, in a manner consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.), shall—

(A) assess with respect to the applicable covered segment—

(i) the probable risk of high intensity wildfires degrading river values;

(ii) the risk of high intensity wildfires to public safety; and

(iii) the role of fire in meeting long-term resource management objectives, including the protection and enhancement of
outstandingly remarkable values and water
quality;

(B) determine the appropriate use of pre-
scribed fire to meet long-term resource manage-
ment objectives; and

(C) develop a fire management plan to in-
crease the resiliency of the applicable covered
segment and adjacent communities.

(7) Culturally Significant Native Species
Management.—As part of the development of a
comprehensive management plan under paragraph
(1) or the updating of such a plan, the Secretary
concerned, in a matter consistent with section 3 of
the Wild and Scenic Rivers Act (16 U.S.C. 1274),
shall—

(A) assess culturally significant native spe-
cies, including traditional foods such as
huckleberry, chokecherry, camas, and wapato;

(B) develop a culturally significant native
species management plan for applicable areas to
increase the resiliency of the species; and

(C) consult with the applicable Indian
Tribe to develop the management plan and to
meet long-term species management objectives.
(8) **Bull Trout Conservation.**—A comprehensive management plan for a covered segment developed under paragraph (1) shall—

(A) authorize Federal, State, and Tribal agencies to conduct native fish restoration and barrier installation and maintenance activities in the applicable covered segment, in accordance with the environmental impact statement assessment of the planning document entitled “Upper Malheur Watershed Bull Trout Conservation Strategy”; and

(B) address bull trout restoration as part of protecting river values of the applicable covered segment, including the management of invasive nonnative fish species.

(9) **Ecological Function.**—As part of the development of a comprehensive management plan under paragraph (1) or the updating of such a plan, the Secretary concerned, in a matter consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.), shall develop and implement projects, through a collaborative process, to improve the ecological function of the ecosystem if environmental analysis indicates that the projects are appropriate.
(10) Submission.—On completion of a comprehensive management plan under paragraph (1) or any update to such a plan, the Secretary concerned shall concurrently submit the plan to—

(A) Congress; and

(B) each applicable board of county commissioners and Tribal government.

(b) Implementation of Fire Management Plan.—On completion of a fire management plan developed for the applicable covered segment under subsection (a)(6)(C), the Secretary concerned shall implement the fire management plan as part of the applicable comprehensive management plan to reduce assessed risks, consistent with—

(1) the purposes of the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.); and

(2) the protection and enhancement of the outstandingly remarkable values of the covered segment under section 10(a) of that Act (16 U.S.C. 1281(a)).

c) Cooperative Agreements With States and Indian Tribes.—In administering wild and scenic river segments in the State of Oregon, the Secretary concerned may enter into cooperative agreements with the State of Oregon, any political subdivision of the State of Oregon,
or a Tribal government for the rendering, on a reimbursable or nonreimbursable basis, of—

(1) rescue, firefighting, and law enforcement services; and

(2) cooperative assistance by nearby law enforcement and fire management agencies.

(d) Appropriation for the Restoration of Certain Wild and Scenic River Segments.—

(1) In general.—There is authorized to be appropriated, and there is appropriated, out of any amounts in the Treasury not otherwise appropriated, $30,000,000 for fiscal year 2022 and each fiscal year thereafter for the purpose of restoring components of the National Wild and Scenic Rivers System that—

(A) provide drinking water for downstream communities; or

(B) have been degraded by catastrophic wildfire.

(2) Requirement.—Of the amount appropriated by paragraph (1), not more than $5,000,000 shall be used by each Secretary concerned for watershed restoration for components of the National Wild and Scenic Rivers System that provide drinking water for downstream communities.
(e) EXISTING RIGHTS.—Nothing in this Act or an amendment made by this Act—

(1) affects any valid existing rights with respect to a covered segment, including the right to maintain and repair facilities used to exercise valid existing rights; or

(2) abrogates any existing right, privilege, or contract affecting Federal land held by any private party without the consent of that party, including any right, privilege, or contract concerning—

(A) utility corridors;

(B) communications facilities;

(C) recreational cabins and resorts;

(D) group facilities;

(E) roads; or

(F) water transmission facilities.

(f) PRIVATE PROPERTY RIGHTS.—

(1) IN GENERAL.—Nothing in this Act or an amendment made by this Act affects private property rights with respect to a covered segment.

(2) ACQUISITION OF PRIVATE LAND.—The Secretary concerned may not acquire any private land or interest in private land within the detailed boundaries of a covered segment without the consent of the owner of the private land.
(g) WATER RIGHTS.—Nothing in this Act or an amendment made by this Act—

(1) affects any valid or vested water right existing as of the date of enactment of this Act; or

(2) preempts the ability of the State of Oregon to administer water rights pursuant to State law (including regulations).

(h) TRIBAL LAND AND TREATY RIGHTS.—

(1) IN GENERAL.—Any land owned by an Indian Tribe or held in trust by the United States for the benefit of an Indian Tribe or member of an Indian Tribe shall not be included within the boundaries of a covered segment without the express consent of the applicable Tribal government.

(2) CONSULTATION.—With respect to a covered segment that includes land described in paragraph (1), the Secretary concerned shall, as appropriate, consult, and enter into written cooperative management agreements, with the applicable Indian Tribe for the planning, administration, and management of the covered segment, in accordance with section 10(e) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e)).
(3) Effect of Act.—Nothing in this Act or an amendment made by this Act affects, within a covered segment—

(A) the jurisdiction or responsibilities of an Indian Tribe with respect to the management of fish, wildlife, land, or water;

(B) the treaty or other rights of an Indian Tribe;

(C) the claims of an Indian Tribe to water or land;

(D) the rights or jurisdiction of Indian Tribes over water or any groundwater resource; or

(E) the beneficial ownership interest of—

(i) land held in trust by the United States for an Indian Tribe;

(ii) land held by an Indian Tribe; or

(iii) a member of an Indian Tribe.

(i) Effect on Wildfire Management.—Nothing in this Act or an amendment made by this Act alters the authority of the Secretary concerned (in cooperation with other Federal, State, and local agencies, as appropriate) to conduct wildland fire operations within a covered segment, including the construction of temporary roads if required for public safety, consistent with—
(1) the purposes of the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.); and

(2) the protection and enhancement of the outstandingly remarkable values of the covered segment under section 10(a) of that Act (16 U.S.C. 1281(a)).

(j) **LAND ACQUISITION FROM WILLING SELLERS.**—If requested by the landowner, the Secretary concerned shall seek to acquire by purchase or exchange non-Federal land or interests in land within and adjacent to the detailed boundaries of a covered segment.

(k) **STREAM GAUGE ADMINISTRATION.**—Nothing in this Act or an amendment made by this Act affects the installation, operation, maintenance, repair, or replacement of federally administered or State-administered stream gauges or other similar science-based water quality or quantity measurement apparatus.

(l) **RESTORATION.**—Consistent with the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.) and any regulations issued under that Act, the Secretary may authorize any activity or project, the primary purpose of which is—

(1) river restoration;

(2) the recovery of a species listed as endangered or threatened under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.); or

(3) improving ecological function.
SEC. 6. BOUNDARIES AND MINERAL WITHDRAWAL FOR COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM IN THE STATE OF OREGON.

(a) Boundaries for Wild and Scenic Rivers in the State of Oregon.—Section 3 of the Wild and Scenic Rivers Act (16 U.S.C. 1274) is amended—

(1) in subsection (b), in the first sentence—

(A) by striking “different date if” and inserting “different date is”; and

(B) by striking “(which boundaries” and inserting “(except as provided in subsection (e), the boundaries of which”; and

(2) by adding at the end the following:

“(e) Boundaries for Wild and Scenic Rivers in the State of Oregon.—Notwithstanding subsection (b), in the case of a segment that is designated as a component of the National Wild and Scenic Rivers System in the State of Oregon on or after the date of enactment of the River Democracy Act of 2021, the boundaries shall include an average of 640 acres of land per mile measured from the ordinary high water mark on both sides of the river.”.

(b) Mineral Withdrawal for Wild and Scenic Rivers in the State of Oregon.—Section 9 of the
Wild and Scenic Rivers Act (16 U.S.C. 1280) is amended by adding at the end the following:

“(c) COMPREHENSIVE MINERAL WITHDRAWAL WITHIN THE STATE OF OREGON.—

“(1) DEFINITION OF COVERED LAND.—In this subsection, the term ‘covered land’ means any Federal land that consists of—

“(A) the bed or bank of a component of the National Wild and Scenic Rivers System in the State of Oregon; or

“(B)(i) in the case of a component of the National Wild and Rivers System in the State of Oregon that is subject to the subject to the 320-mile acreage limitation under section 3(b), within $1/4$ mile of the bank of the component; or

“(ii) in the case of a component of the National Wild and Rivers System in the State of Oregon that is subject to a 640-mile acreage limitation under subsection (a) or (e) of section 3, within $1/2$ mile of the bank of the component.

“(2) MINERAL WITHDRAWAL.—Notwithstanding subsection (a)(iii) and subject to valid existing rights, all covered land is withdrawn from all forms of—
“(A) location, entry, and patent under the mining laws; and

“(B) disposition under all laws relating to mineral and geothermal leasing or mineral materials.”.

SEC. 7. ADDITIONS TO EXISTING COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM.

(a) Rogue River.—Section 3(a)(5)(B) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(5)(B)) is amended by adding at the end the following:

“(xxxv) Quosatana Creek.—The approximately 8.6-mile segment of Quosatana Creek from and including the headwaters to the confluence with the Rogue River, as a scenic river.

“(xxxvi) Jim Hunt Creek.—

“(I) Mainstem.—The approximately 0.8-mile segment of Jim Hunt Creek from the eastern boundary of SW¼ sec. 19, T. 36 S., R. 13 W., Willamette Meridian, to the western edge of the NE¼SE¼ sec. 24, T. 36 S., R. 14 W., Willamette Meridian, to be administered by the Secretary of
Agriculture and the Secretary of the Interior as a scenic river.

“(II) UNNAMED TRIBUTARY.—
The approximately 1.4-mile segment of an unnamed tributary to Jim Hunt Creek from and including the headwaters at Signal Buttes to the Rogue River-Siskiyou National Forest boundary, as a wild river.

“(xxxvii) SHASTA COSTA CREEK.—

“(I) UPPER SHASTA COSTA CREEK.—The approximately 13.9-mile segment of Shasta Costa Creek from and including the headwaters to the mainstem Rogue Wild and Scenic River detailed boundary, as a wild river.

“(II) LOWER SHASTA COSTA CREEK.—The approximately 0.2-mile segment of Shasta Costa Creek from the mainstem Rogue Wild and Scenic River protective corridor boundary to the confluence with the Rogue River, as a recreational river.
“(III) Squirrel Camp Creek.—
The approximately 2.9-mile segment of Squirrel Camp Creek from and including the headwaters to the confluence with Shasta Costa Creek, as a recreational river.

“(xxxviii) Stair Creek.—The approximately 5-mile section of Stair Creek from and including the headwaters to the western edge of T. 33 S., R. 10 W., sec. 28, Willamette Meridian, as a wild river.

“(xxxix) Tom Fry Creek.—The approximately 1.3-mile segment of Tom Fry Creek from and including the headwaters to the north boundary of SE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 13, T. 35 S., R. 12 W., Willamette Meridian, as a scenic river.”.

(b) Snake, Idaho and Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (12) and inserting the following:

“(12) Snake, Idaho and Oregon.—

“(A) Wild river; scenic river.—
“(i) WILD RIVER.—The segment from Hells Canyon Dam downstream to Pittsburgh Landing, as a wild river.

“(ii) SCENIC RIVER.—The segment from Pittsburgh Landing downstream to an eastward extension of the border between the States of Oregon and Washington, as a scenic river.

“(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following segments, to be administered by the Secretary of Agriculture:

“(i) CACHE CREEK, OREGON.—The approximately 4.1-mile segment of Cache Creek from and including the headwaters to the confluence with the Snake River, as a wild river.

“(ii) JIM CREEK.—

“(I) MAINSTEM.—The approximately 1.7-mile segment of Jim Creek from the confluence of the North and South Forks of Jim Creek to the confluence with the Snake River, as a wild river.

“(II) FORKS.—
“(aa) NORTH FORK.—The approximately 2.5-mile segment of North Fork Jim Creek from and including the headwaters to the confluence with South Fork Jim Creek, as a wild river.

“(bb) SOUTH FORK.—The approximately 2.6-mile segment of South Fork Jim Creek from and including the headwaters to the confluence with North Fork Jim Creek, as a wild river.

“(iii) COOK CREEK.—The approximately 11.8-mile segment of Cook Creek from and including the headwaters to the confluence with the Snake River, as a wild river.

“(iv) FIVE POINTS CREEK.—The approximately 2.9-mile segment of Five Points Creek from and including the headwaters to the confluence with Cook Creek, as a wild river.

“(v) CHERRY CREEK.—

“(I) UPPER.—The approximately 7.3-mile segment of Cherry Creek
from and including the headwaters
(including Buckhorn Spring) to the
confluence with Makin Creek, as a
recreational river.

“(II) LOWER.—The approximately 4.2-mile segment of Cherry
Creek from the confluence with Makin
Creek to the confluence with the
Snake River, as a wild river.

“(vi) KNIGHT CREEK.—The approximately 2.4-mile segment of Knight Creek
from and including the headwaters to the
confluence with the Snake River, as a wild
river.”.

(c) ILLINOIS, OREGON.—Section 3(a)(54) of the Wild
and Scenic Rivers Act (16 U.S.C. 1274(a)(54)) is amend-
ed—

(1) in the first sentence, by striking “The seg-
ment from” and inserting the following:

“(A) IN GENERAL.—The segment from”;

and

(2) by adding at the end the following:

“(B) ADDITIONS.—In addition to the seg-
ment described in subparagraph (A), there are
designated the following stream segments that
are tributaries to the segment described in that subparagraph, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) EAST FORK ILLINOIS RIVER

UPPER MAINSTEM AND TRIBUTARIES.—

“(I) UPPERMOST EAST FORK ILLINOIS RIVER.—

“(aa) UPPER.—The approximately 8.4-mile segment of the East Fork Illinois River from and including the headwaters to the confluence with Bybee Gulch, as a wild river.

“(bb) LOWER.—The approximately 1.4-mile segment of the East Fork Illinois River from the confluence with Bybee Gulch to the north boundary of T. 41 S., R. 8 W., sec. 15, Willamette Meridian, as a recreational river.

“(II) CHICAGO CREEK.—The approximately 2.8-mile segment of Chicago Creek from and including the headwaters (including Whiskey Lake)
to the confluence with the East Fork Illinois River, as a wild river.

"(III) SANGER CANYON.—

"(aa) UPPER.—The approximately 0.7-mile segment of Sanger Creek from and including the headwaters to the boundary of the Siskiyou Wilderness, as a scenic river.

"(bb) LOWER.—The approximately 1.6-mile segment of Sanger Creek from the boundary of the Siskiyou Wilderness to the confluence with the East Fork Illinois River, as a wild river.

"(IV) DUNN CREEK.—

"(aa) UPPER.—The approximately 7.5-mile segment of Dunn Creek from and including the headwaters on Lookout Mountain to the confluence with Poker Creek, as a wild river.

"(bb) MIDDLE.—The approximately 1.5-mile segment of Dunn Creek from the confluence
with Poker Creek to the north boundary of T. 18 N., R. 5 E., sec. 2, Humboldt Meridian, as a scenic river.

“(cc) LOWER.—The approximately 0.8-mile segment of Dunn Creek from the west boundary of E1/2SE1/4 sec. 34, T. 19 N., R. 5 E., Humboldt Meridian, to the confluence with the East Fork Illinois River, as a recreational river.

“(V) MUD LAKE CREEK.—The approximately 1.5-mile segment of Mud Lake Creek from and including the headwaters (including Mud Lake) to the confluence with Dunn Creek, as a wild river.

“(VI) POKER CREEK.—

“(aa) UPPER.—The approximately 1.6-mile segment of Poker Creek from and including the headwaters to 100 feet above Forest Road 4904–060, as a wild river.
“(bb) LOWER.—The approximately 1.7-mile segment of Power Creek from 100 feet above Forest Road 4904-060 to the confluence with Dunn Creek, as a scenic river.

“(VII) BLACK CREEK.—The approximately 2.7-mile segment of Black Creek from and including the headwaters (including Black Lake) to the confluence with Dunn Creek, as a wild river.

“(ii) SUCKER CREEK, ALTHOUSE CREEK, AND TRIBUTARIES.—

“(I) SUCKER CREEK.—

“(aa) UPPER.—The approximately 4.5-mile segment of Sucker Creek from and including the headwaters to 0.01 mile above Forest Service Road 098, as a wild river.

“(bb) MIDDLE.—The approximately 12-mile segment of Sucker Creek from 0.01 miles above Forest Service Road 098
to the north boundary of T. 39 S., R. 7 W., sec. 25, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a recreational river.

“(II) LEFT FORK SUCKER CREEK.—The approximately 4.7-mile segment of the Left Fork Sucker Creek from and including the headwaters to the confluence with Sucker Creek, as a scenic river.

“(III) BRUSH CREEK.—The approximately 2.4-mile segment of Brush Creek from and including the headwaters to the confluence with Left Fork Sucker Creek, as a scenic river.

“(IV) LEFT HAND FORK BRUSH CREEK.—The approximately 1-mile segment of the Left Hand Fork Brush Creek from and including the headwaters to the confluence with Brush Creek, as a scenic river.
“(V) Bolan Creek.—The approximately 4-mile segment of Bolan Creek from 0.01 miles below Bolan Lake, to the confluence with Sucker Creek, as a scenic river.

“(VI) Tannen Creek.—The approximately 2-mile segment of Tannen Creek from and including Tannen Lake to the confluence with Sucker Creek, as a wild river.

“(VII) East Tannen Creek.—The approximately 1.4-mile segment of East Tannen Creek from and including Tannen Lake to the confluence with Tannen Creek, as a wild river.

“(VIII) Cave Creek.—

“(aa) Uppermost.—The approximately 0.1-mile segment of Cave Creek from and including the headwaters to the confluence with the River Styx, to be administered by the Secretary of the Interior as a scenic river.
“(bb) MIDDLE.—The approximately 2.3-mile segment of Cave Creek from the boundary of the Oregon Caves Historic District to the boundary of the Oregon Caves National Monument and Preserve, to be administered by the Secretary of the Interior as a scenic river.

“(cc) LOWER.—The approximately 2-mile segment of Cave Creek from the boundary of the Oregon Caves National Monument and Preserve to the confluence with Sucker Creek, as a recreational river.

“(IX) LAKE CREEK.—The approximately 3.6-mile segment of Lake Creek from and including the headwaters (including Bigelow Lakes) to the confluence with Cave Creek, to be administered by the Secretary of the Interior as a recreational river.

“(X) GRAYBACK CREEK AND TRIBUTARIES.—The approximately
7.8-mile segment of Grayback Creek from and including the headwaters (including Little Creek, Fan Creek, and Elk Creek) to the confluence with Sucker Creek, as a recreational river.

“(XI) Althouse Creek.—The approximately 11.3-mile segment of Althouse Creek from and including the headwaters to the north boundary of T. 40 S., R. 7 W., sec. 9, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(XII) West Fork Althouse Creek.—The approximately 3-mile segment of West Fork Althouse Creek from the source and including Loretta Falls to the confluence with Althouse Creek, as a scenic river.

“(XIII) Limestone Creek.—The approximately 3.4-mile segment of Limestone Creek from and including the headwaters to the confluence with Sucker Creek, as a scenic river.
“(iii) West Fork Illinois River Watershed.—

“(I) Upper.—The approximately 7.2-mile segment of the West Fork Illinois River from and including the headwaters to the east boundary of T. 40 S., R. 9 W., sec. 27, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(II) Middle.—The approximately 1.4-mile segment of the West Fork Illinois River from the west boundary of T. 40 S., R. 8 W., sec. 17, Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 17, T. 40 S., R. 8 W., Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.

“(III) Whiskey Creek.—

“(aa) Upper.—The approximately 3.9-mile segment of Whiskey Creek from and including the headwaters to the east boundary
of T. 41 S., R. 9 W., sec. 8, Willamette Meridian, as a wild river.

“(bb) LOWER.—The approximately 0.3-mile segment of Whiskey Creek from the east boundary of T. 41 S., R. 9 W., sec. 8, Willamette Meridian, to the confluence with the West Fork Illinois River, to be administered by the Secretary of the Interior as a scenic river.

“(IV) ROCK CREEK.—The approximately 2-mile segment of Rock Creek from and including the headwaters to the confluence with the West Fork Illinois River, as a scenic river.

“(V) LITTLE ROCK CREEK.—The approximately 2-mile segment of Little Rock Creek from and including the headwaters to the confluence with the West Fork Illinois River, as a scenic river.

“(VI) ROUGH AND READY CREEK WATERSHED.—
“(aa) Upper watershed.—The watershed of Rough and Ready Creek upstream of the north boundary of SW¼SW¼NW¼ sec. 14, T. 40 S., R. 9 W., Willamette Meridian, as a wild river.

“(bb) Middle Mainstem.—The approximately 3-mile segment of Rough and Ready Creek from the north boundary of SW¼SW¼NW¼ sec. 14, T. 40 S., R. 9 W., Willamette Meridian, to the east boundary of T. 40 S., R. 9 W., sec. 13, Willamette Meridian, as a scenic river.

“(cc) Lower Mainstem.—The approximately 1.7-mile segment of Rough and Ready Creek from the east boundary of T. 40 S., R. 9 W., sec. 13, Willamette Meridian, to the confluence with the West Fork Illinois River, to be administered by the Secretary of the Interior as a scenic river.
“(VII) Parker Creek.—The approximately 1.9-mile segment of Parker Creek from and including the headwaters to the east boundary of T. 40 S., R. 9 W., sec. 11, Willamette Meridian, as a wild river.

“(VIII) No Name Creek.—The approximately 2.5-mile segment of an unnamed stream, locally known as ‘No Name Creek’, from and including the headwaters in SE \( \frac{1}{4} \) sec. 3, T. 40 S., R. 9 W., Willamette Meridian, to the confluence with Rough and Ready Creek, as a wild river.

“(IX) Mendenhall Creek.—The approximately 1.6-mile segment of Mendenhall Creek from and including the headwaters to the east boundary of SW \( \frac{1}{4} \) NE \( \frac{1}{4} \) sec. 1., T. 40 S., R. 9 W., Willamette Meridian, as a wild river.

“(X) Woodcock Creek.—The approximately 2-mile segment from and including the headwaters to the east boundary of SW \( \frac{1}{4} \) SW \( \frac{1}{4} \) sec. 31,
40
T. 39 S., R. 8 W., Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a wild river.

“(iv) JOSEPHINE CREEK WATERSHED.—

“(I) JOSEPHINE CREEK.—

“(aa) UPPER JOSEPHINE CREEK.—The approximately 8.7-mile segment of Josephine Creek from and including the headwaters to the confluence with Canyon Creek, as a wild river.

“(bb) LOWER JOSEPHINE CREEK.—The approximately 4.4-mile segment of Josephine Creek from the confluence with Canyon Creek to the confluence with the Illinois River, as a scenic river.

“(II) CANYON CREEK.—The approximately 5.9-mile segment of Canyon Creek from and including the headwaters to the confluence with Josephine Creek, as a wild river.
“(III) South Fork Canyon Creek.—The approximately 2.4-mile segment of South Fork Canyon Creek from and including the headwaters to the confluence with Canyon Creek, as a wild river.

“(IV) Sebastopol Creek.—The approximately 2.4-mile segment of Sebastopol Creek from and including the headwaters to the confluence with Canyon Creek, as a wild river.

“(V) Fiddler Gulch.—The approximately 4-mile segment of Fiddler Gulch from and including the headwaters to the confluence with Josephine Creek, as a wild river.

“(VI) Days Gulch.—The approximately 3.4-mile segment of Days Gulch from and including the headwaters to the confluence with Josephine Creek, as a scenic river.

“(VII) Lightning Gulch.—The approximately 1.1-mile segment of Lightning Gulch from and including
the headwaters to the confluence with Canyon Creek, as a wild river.

"(VIII) CARPENTER GULCH.—
The approximately 1.5-mile segment of Carpenter Gulch from and including the headwaters to the confluence with Canyon Creek, as a wild river.

"(v) ILLINOIS RIVER CANYON TRIBUTARY WATERSHEDS.—

"(I) DEER CREEK.—The approximately 3-mile segment of Deer Creek from the west boundary of NW¹/₄SE¹/₄ sec. 9, T. 38 S., R. 8 W., Willamette Meridian, to the confluence with the Illinois River, as a scenic river.

"(II) SIXMILE CREEK.—The approximately 5.5-mile segment of Sixmile Creek from and including the headwaters to the confluence with the Illinois River, as a scenic river.

"(III) FALL CREEK.—The approximately 5-mile segment of Fall Creek from and including the head-
waters to the confluence with the Illinois River, as a wild river.

“(IV) Rancheria Creek.—

“(aa) Upper Rancheria Creek.—The approximately 5.1-mile segment of Rancheria Creek from and including the headwaters to the confluence with the West Fork Rancheria Creek, as a wild river.

“(bb) Lower Rancheria Creek.—The approximately 0.6-mile segment of Rancheria Creek from the confluence with the West Fork Rancheria Creek to the confluence with the Illinois River, as a recreational river.

“(V) West Fork Rancheria Creek.—The approximately 3.3-mile segment of Rancheria Creek from and including the headwaters to the confluence with the West Fork Rancheria Creek, as a scenic river.

“(VI) Dailey Creek.—The approximately 3.6-mile segment of
Dailey Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.

“(VII) NORTH FORK DAILEY CREEK.—The approximately 1.5-mile segment of an unnamed tributary to Dailey Creek, locally known as ‘North Fork Dailey Creek’, from and including the headwaters in NW¼NE¼ sec. 36, T. 37 S., R. 10 W., Willamette Meridian, to the confluence with Dailey Creek, as a wild river.

“(VIII) SOUTH FORK DAILEY CREEK.—The approximately 2-mile segment of an unnamed tributary to Dailey Creek, locally known as ‘South Fork Dailey Creek’, that begins at what is locally known as the ‘Frog Pond’ in SW¼NW¼ sec. 1, T. 38 S., R. 10 W., Willamette Meridian, to the confluence with Dailey Creek, as a wild river.

“(IX) LIGHTNING CREEK.—The approximately 1.8-mile segment of Lightning Creek from and including
the headwaters to the confluence with
the Illinois River, as a wild river.

toward the confluence with
the Illinois River, as a wild river.

“(X) SALMON CREEK.—The approxi-
ately 1.9-mile segment of Salmon
Creek from and including the
headwaters to the confluence with the
Illinois River, as a wild river.

“(XI) BAKER CREEK.—

“(aa) UPPER BAKER
CREEK.—The approximately 1-
mile segment of Baker Creek
from and including the head-
waters to the mainstem Illinois
wild and scenic river detailed cor-
ridor management boundary, as a
wild river.

“(bb) LOWER BAKER
CREEK.—The approximately
0.25-mile segment of Baker
Creek from the mainstem Illinois
wild and scenic river detailed cor-
ridor management boundary to
the confluence with the Illinois
River, as a scenic river.
“(XII) Labrador Creek.—The approximately 2.1-mile segment of Labrador Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.

“(XIII) Panther Creek.—The approximately 2.6-mile segment of Panther Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.

“(vi) Briggs Creek Watershed.—

“(I) Briggs Creek.—The approximately 16-mile segment of Briggs Creek from and including the headwaters to the confluence with the Illinois River, as a scenic river.

“(II) Horse Creek.—The approximately 3.6-mile segment of Horse Creek from and including the headwaters to the confluence with Briggs Creek, as a scenic river.

“(III) Meyers Creek.—The approximately 2.8-mile segment of Meyers Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(IV) SECRET CREEK.—The approxi-

mately 5.6-mile segment of Sec-

ret Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(V) ONION CREEK.—The approxi-

mately 6.5-mile segment of
Onion Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(VI) SWEDE CREEK.—The approxi-

mately 5.8-mile segment of
Swede Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(VII) SOLDIER CREEK.—The approxi-

mately 4.7-mile segment of
Soldier Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(VIII) RED DOG CREEK.—The approxi-

mately 4-mile segment of Red
Dog Creek from and including the
headwaters to the confluence with
Briggs Creek, as a scenic river.

“(vii) Silver and Indigo Creeks
Watersheds.—

“(I) Indigo Creek.—

“(aa) Mainstem.—The ap-
proximately 8.1-mile segment of
Indigo Creek from the confluence
of West Fork Indigo Creek and
East Fork Indigo Creek to the
confluence with the Illinois River,
as a wild river.

“(bb) Forks.—

“(AA) North Fork.—
The approximately 6.7-mile
segment of North Fork In-
digo Creek from and includ-
ing the headwaters to the
confluence with Indigo
Creek, as a wild river.

“(BB) West Fork.—
The approximately 11.5-mile
segment of West Fork In-
digo Creek from and includ-
ing the headwaters to the
confluence with East Fork Indigo Creek, as a wild river.

“(CC) EAST FORK.—The approximately 12.8-mile segment of East Fork Indigo Creek from and including the headwaters to the confluence with West Fork Indigo Creek, as a wild river.

“(cc) SNAIL CREEK.—The approximately 4.6-mile segment of Snail Creek from and including the headwaters to the confluence with West Fork Indigo Creek, as a wild river.

“(II) SILVER CREEK.—

“(aa) MAINSTEM.—

“(AA) UPPER.—The approximately 7.1-mile segment of Silver Creek from and including the headwaters to the boundary between public land and pri-
private land in T. 36 S., R. 9 W., sec. 5, Willamette Meridian, as a scenic river.

“(BB) LOWER.—The approximately 13-mile segment of Silver Creek from the boundary between public land and private land in T. 36 S., R. 9 W., sec. 5, Willamette Meridian, to the confluence with the Illinois River, as a wild river.

“(bb) SOUTH FORK.—The approximately 7.3-mile segment of South Fork Silver Creek from and including the headwaters to the confluence with Silver Creek, as a wild river.

“(cc) NORTH FORK.—

“(AA) UPPER.—The approximately 6-mile segment from and including the headwaters downstream to the western edge of the Bureau of Land Management
boundary in T. 35 S., R. 9 W., sec. 17, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(BB) LOWER.—The approximately 8.7-mile segment of North Fork Silver Creek from the western edge of the Bureau of Land Management boundary in T. 35 S., R. 9 W., sec. 17, Willamette Meridian, to the confluence with Silver Creek, as a wild river.

“(dd) TRIBUTARIES.—

“(AA) LITTLE SILVER CREEK.—The approximately 3.2-mile segment of Little Silver Creek from and including the headwaters to the confluence with Silver Creek, as a wild river.

“(BB) TODD CREEK.—The approximately 5-mile
segment of Todd Creek from
and including the head-
waters to the confluence
with Silver Creek, as a wild
erver.

“(viii) LOWER ILLINOIS RIVER TRIBU-
TARY WATERSHEDS.—

“(I) LAWSON CREEK.—

“(aa) MAINSTEM.—The ap-
proximately 15-mile segment of
Lawson Creek from and includ-
ing the headwaters to the con-
fluence with the Illinois River, as
a wild river.

“(bb) SOUTH FORK.—The
approximately 4.3-mile segment
of South Fork Lawson Creek
from and including the head-
waters to the confluence with
Lawson Creek, as a wild river.

“(II) COLLIER CREEK.—

“(aa) NORTH FORK.—The
approximately 3.1-mile segment
of North Fork Collier Creek from
and including the headwaters to
the Kalmiopsis Wilderness boundary, as a wild river.

“(bb) SOUTH FORK.—The approximately 1.8-mile segment of South Fork Collier Creek from and including the headwaters to the Kalmiopsis Wilderness boundary, as a wild river.

“(ce) HORSE SIGN CREEK.—

The approximately 5.9-mile segment of Horse Sign Creek from and including the headwaters to the confluence with the Illinois River, as a wild river.”.

(d) OWYHEE, OREGON.—Section 3(a)(55) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(55)) is amended—

(1) in the third sentence, by striking “by this paragraph” and inserting “by this subparagraph”; 
(2) in the first sentence, by striking “The South Fork” and inserting the following:

“(A) IN GENERAL.—The South Fork”; and 
(3) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segment described in subparagraph (A), there are
designated the following stream segments that are additional to or tributaries to the segment described in that subparagraph, to be administered by the Secretary of the Interior in the following classes:

“(i) LOWER OWYHEE RIVER.—The approximately 15.7-mile segment of the Owyhee River from the base of Owyhee Dam in T. 22 S., R. 45 E., sec. 20, Willamette Meridian, to the north boundary of SW¼SE¼ sec. 13, T. 21 S., R. 45 E., Willamette Meridian, as a recreational river.

“(ii) MIDDLE FORK OWYHEE RIVER.—The approximately 8.7-mile segment of the Middle Fork Owyhee River from the north boundary of SE¼ sec. 32, T. 35 S., R. 46 E., Willamette Meridian, to the confluence with the North Fork Owyhee River, as a wild river.

“(iii) POLE CREEK.—The approximately 8.2-mile segment of Pole Creek from the border between the States of Oregon and Idaho to the confluence with the Middle Fork Owyhee River, as a wild river.
“(iv) Big Antelope Creek.—The approximately 8.9-mile segment of Big Antelope Creek from the south boundary of NW ¼ NW ¼ sec. 16, T. 36 S., R. 46 E., Willamette Meridian, to the confluence with the Owyhee River, as a wild river.

“(v) Dry Creek.—The approximately 24.2-mile segment of Dry Creek from the west boundary of NE ¼ SE ¼ sec. 6, T. 24 S., R. 41 E., Willamette Meridian, to Owyhee Reservoir pool, as a wild river.

“(C) Incorporation of existing Wild and Scenic Rivers.—

“(i) North Fork Owyhee, Oregon.—The 8-mile segment from the boundary between the States of Oregon and Idaho to the confluence with the Owyhee River, to be administered by the Secretary of the Interior as a wild river.

“(ii) West Little Owyhee, Oregon.—The 51-mile segment from and including the headwaters to the confluence with the Owyhee River, to be administered by the Secretary of the Interior as a wild river.”
(c) Chetco, Oregon.—Section 3(a)(69) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(69)) is amended—

(1) in subparagraph (B), by striking “subparagraph (A)” and inserting “subparagraphs (A) and (B)”;

(2) by redesignating subparagraph (B) as subparagraph (C); and

(3) by inserting after subparagraph (A) the following:

“(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following stream segments, to be administered by the Secretary of Agriculture in the following classes:

“(i) UPPER TRIBUTARIES.—

“(I) MISLATNAH CREEK.—The approximately 5.3-mile segment of Mislatnah Creek from and including the headwaters to the confluence with the Chetco River, as a wild river.

“(II) CRAGGIE CREEK.—The approximately 2.3-mile segment of Craggie Creek from and including the
headwaters to the confluence with Mislatnah Creek, as a wild river.

“(ii) SOUTH FORK.—

“(I) UPPER SOUTH FORK CHETCO.—The approximately 9.9-mile segment of the South Fork Chetco River from and including the headwaters to the west boundary of T. 39 S., R. 12 W., sec. 10, Willamette Meridian, as a wild river.

“(II) LOWER SOUTH FORK CHETCO.—The approximately 1.2-mile segment of the South Fork Chetco River from the west boundary of T. 39 S., R. 12 W., sec. 10, Willamette Meridian, to the confluence with the Chetco River, as a scenic river.

“(III) QUAIL PRAIRIE CREEK.—The approximately 6.8-mile segment of Quail Prairie Creek from and including the headwaters to the confluence with the South Fork Chetco River, as a scenic river.

“(IV) WEST COON CREEK.—The approximately 3.6-mile segment of
West Coon Creek from and including
the headwaters to the confluence with
the South Fork Chetco River, as a
scenic river.

“(V) Basin Creek.—The approxi-
approximately 2.4-mile segment of Basin
Creek from and including the head-
waters to the confluence with the
South Fork Chetco River, as a scenic
river.

“(VI) Red Mountain Creek.—
The approximately 3-mile segment of
Red Mountain Creek from and includ-
ing the headwaters to the confluence
with the South Fork Chetco River, as
a wild river.

“(iii) Oregon Redwoods Tribu-
taries.—

“(I) Emily Creek.—The approxi-
approximately 8.3-mile segment of
Emily Creek from and including the
headwaters to the confluence with the
Chetco River, as a wild river.

“(II) Little Emily Creek.—
The approximately 1.8-mile segment
of Little Emily Creek from and including the headwaters to the confluence with the Chetco River, as a wild river.

“(III) Redwood Creek.—The approximately 0.8-mile segment of Redwood Creek from and including the headwaters to the confluence with the Chetco River, as a scenic river.

“(IV) Big Redwood Creek.—The approximately 1.6-mile segment Big Redwood Creek from and including the headwaters to the confluence with the Chetco River, as a scenic river.

“(V) Mill Creek.—The approximately 1.4-mile segment of Mill Creek from and including the headwaters to the west boundary of T. 40 S., R. 12 W., sec. 19, Willamette Meridian, as a scenic river.

“(VI) Jack Creek.—The approximately 2.1-mile segment of Jack Creek from and including the headwaters to the boundary between public
land and private land in T. 40 S., R. 12 W., sec. 31, Willamette Meridian, as a scenic river.

“(VII) BABYFOOT CREEK.—

“(aa) IN GENERAL.—The approximately 1-mile segment of Babyfoot Creek from and including Babyfoot Lake, and including all tributary streams, associated wetlands, and springs, to the point at which Babyfoot Creek enters the Kalmiopsis Wilderness in T. 38 S., R. 9 E., sec. 30, Willamette Meridian, as a wild river.

“(bb) WITHDRAWAL.—Subject to valid existing rights, the Babyfoot Lake Botanical Area is withdrawn from the application of the Federal mining laws in accordance with subparagraph (C).”.

(f) CLACKAMAS, OREGON.—Section 3(a)(70) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(70)) is amended—
61

(1) by redesignating subparagraphs (A) through (F) as clauses (i) through (iv), respectively, and indenting appropriately;

(2) in the matter preceding clause (i) (as so redesignated), by striking “The 47-mile” and inserting the following:

“(A) IN GENERAL.—The 47-mile”; and

(3) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segments described in subparagraph (A), there are designated the following stream segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) FISH CREEK.—The 13.5-mile segment of Fish Creek from and including the headwaters to the confluence with the Clackamas River, as a recreational river.

“(ii) SOUTH FORK.—

“(I) SOUTH FORK.—The approximately 9.2-mile segment of the South Fork Clackamas River from and including the headwaters to the confluence with the Clackamas River, as a wild river.
“(II) EAST FORK SOUTH FORK CLACKAMAS.—The approximately 3.7-mile segment of the East Fork South Clackamas River from and including the headwaters (including Helen Lake) to the confluence with the South Fork Clackamas River, as a scenic river.

“(III) MEMALOOSE CREEK.—The approximately 9-mile segment of the Memaloose Creek from and including the headwaters (including Memaloose Lake) to the confluence with the South Fork Clackamas River, as a scenic river.

“(iii) NORTH FORK.—The approximately 14-mile segment of the North Fork Clackamas River from and including the headwaters to the North Fork Reservoir Pool, to be administered by the Secretary of the Interior and the Secretary of Agriculture as a scenic river.

“(iv) OAK GROVE FORK.—

“(I) UPPER OAK GROVE FORK.—
The approximately 3.6-mile segment
of the Oak Grove Fork Clackamas River from the boundary of the Warm Springs Indian Reservation (including Clackamas Lake and associated wetlands) to Timothy Reservoir Pool, as a scenic river.

“(II) MIDDLE OAK GROVE FORK.—The approximately 10-mile segment of the Oak Grove Fork Clackamas River from 0.1 mile below Timothy Reservoir Dam to Harriet Reservoir Pool, as a recreational river.

“(III) LOWER OAK GROVE FORK.—The approximately 5.1-mile segment of the Oak Grove Fork Clackamas River from 0.25 mile below Harriet Reservoir Dam to the confluence with the Clackamas River, as a recreational river.”.

(g) DESCHUTES, OREGON.—Section 3(a)(73) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(73)) is amended—

(1) in each of subparagraphs (A) through (D), by striking the semicolon at the end and inserting a period;
(2) in subparagraph (B), by striking “the 11” and inserting “The 11”;

(3) in subparagraph (C), by striking “the 3” and inserting “The 3”;

(4) in subparagraph (D), by striking “the 19” and inserting “The 19”;

(5) in subparagraph (E), by striking “the 100” and inserting “The 100”; and

(6) by adding at the end the following:

“(F) The 8.4-mile segment from and including Lava Lake and Little Lava Lake and associated wetlands to the Crane Prairie Reservoir Pool as a recreational river, to be administered by the Secretary of Agriculture.

“(G) TRIBUTARIES.—In addition to the segments described in subparagraphs (A) through (F), there are designated the following stream segments that are tributaries to the segments described in those subparagraphs, to be administered by the Secretary of Agriculture in the following classes:

“(i) FALL RIVER.—

“(I) UPPER.—The approximately 3.6-mile segment of Fall River from the source to the east boundary of T.
20 S., R. 9 E., sec. 36, Willamette Meridian, as a recreational river.

“(II) LOWER.—The approximately 4.1-mile segment of Fall River from the north boundary of NW1/4SW1/4 sec. 33, T. 20 S., R. 10 E., Willamette Meridian, to the confluence with the Deschutes River, as a recreational river.

“(ii) BROWNS CREEK.—The approximately 2.7-mile segment of Browns Creek from the source at multiple springs in T. 21 S., R. 8 E., sec. 30, Willamette Meridian, including approximately 1.5 miles of an unnamed wetland meadow tributary that enters Browns Creek in NW1/4SW1/4 sec. 30, T. 21 S., R. 8 E., Willamette Meridian, to Wickiup Reservoir Pool, as a recreational river.

“(iii) PAULINA CREEK.—The approximately 8.6-mile segment of Paulina Creek from 0.01 miles below road 2100-505 at Paulina Lake to the boundary of the Deschutes National Forest, as a scenic river.
“(iv) Cultus River.—The approximately 1.9-mile segment of the Cultus River from the sources at multiple springs to the Crane Prairie Reservoir Pool, as a scenic river.”.

(h) Donner und Blitzen, Oregon.—Section 3(a)(74) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(74)) is amended by adding at the end the following:

“(J) The approximately 3.1-mile segment of Little Fish Creek from and including the headwaters to the confluence with Fish Creek.

“(K) The approximately 2.2-mile segment of Grove Creek from and including the headwaters to the confluence with Fish Creek.”.

(i) Eagle Creek, Oregon.—Section 3(a)(75) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(75)) is amended—

(1) in the matter preceding subparagraph (A)—

(A) by striking “27” and inserting “10”;

and

(B) by striking “Creek; to be” and inserting “Creek, to be”;
(2) in each of subparagraphs (A) and (B), by striking the semicolon at the end and inserting a period;

(3) in subparagraph (B), by striking “the 15.5” and inserting “The 15.5”; and

(4) in subparagraph (C)—

(A) by striking “the 6” and inserting “The 6”; and

(B) by striking “; and” and inserting a period;

(5) in subparagraph (D), by striking “the 1.5” and inserting “The 1.5”; and

(6) by adding at the end the following:

“(E) The 0.5-mile segment of West Eagle Creek from the Eagle Cap Wilderness boundary to 0.01 miles above Forest Service Road 7700, as a wild river.

“(F) The approximately 5.8-mile segment of West Eagle Creek from 0.01 miles above Forest Service Road 7700 to the confluence with Eagle Creek, as a recreational river.

“(G) The approximately 3.7-mile segment of East Fork Eagle Creek from the Eagle Cap Wilderness boundary to the north boundary of
SW¼ sec. 28, T. 6 S., R. 44 E., Willamette Meridian, as a recreational river.”.

(j) GRANDE RONDE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (77) and inserting the following:

“(77) GRANDE RONDE, OREGON.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) LOWER MAINSTEM.—

“(i) The 1.5-mile segment of the mainstem from the confluence with the Wallowa River to the Umatilla National Forest boundary in T. 3 N., R. 40 E., sec. 11, as a recreational river.

“(ii) The 17.4-mile segment of the mainstem from the Umatilla National Forest boundary in T. 3 N., R. 40 E., sec. 11, to the Wallowa-Whitman National Forest boundary approximately ½ mile east of Grossman Creek, as a wild river.

“(iii) The 9-mile segment of the mainstem from the Wallowa-Whitman National Forest boundary approximately ½ mile east of Grossman Creek to Wildcat
Creek, to be administered by the Secretary of the Interior as a wild river.

“(iv) The 15.9-mile segment of the mainstem from Wildeat Creek to the border between the States of Oregon and Washington, to be administered by the Secretary of the Interior as a recreational river.

“(B) UPPER MAINESTEM.—

“(i) UPPER.—The approximately 7.9-mile segment of the mainstem from and including the headwaters and associated wetlands to the confluence with the East Fork Grande Ronde River, as a wild river.

“(ii) GRANDE RONDE LAKE CREEK.—

The approximately 1.8-mile segment of Grande Ronde Lake Creek from and including Grande Ronde Lake and adjacent and downstream wetlands to the confluence with the Grande Ronde River, as a scenic river.

“(iii) MIDDLE.—The approximately 3.7-mile segment of the mainstem from the confluence with the East Fork Grande Ronde to the south boundary of T. 5 S.,
R. 36 E., sec. 32, Willamette Meridian, as a recreational river.

“(iv) LOWER.—The approximately 8.2-mile segment of the mainstem from the south boundary of T. 5 S., R. 36 E., sec. 18, Willamette Meridian, to the north boundary of SW\(\frac{1}{4}\) sec. 14, T. 4 S., R. 35 E., Willamette Meridian, as a scenic river.

“(C) TRIBUTARIES.—

“(i) EAST FORK GRANDE RONDE RIVER.—The approximately 3.9-mile segment of the East Fork Grande Ronde River from and including the headwaters to the confluence with the Grande Ronde River, as a scenic river.

“(ii) FIVE POINTS CREEK.—The approximately 12.8-mile segment of Five Points Creek from and including the headwaters to the west boundary of NE\(\frac{1}{4}\) sec. 30, T. 2 S., R. 37 E., Willamette Meridian, as a wild river.

“(iii) MIDDLE FORK FIVE POINTS CREEK.—The approximately 2.4-mile segment of Middle Fork Five Points Creek from the source at and including Conklin
Spring to the confluence with Five Points Creek, as a scenic river.

“(iv) MOUNT EMILY CREEK.—The approximately 3.8-mile segment of Mount Emily Creek from and including the headwaters to the confluence with Five Points Creek, as a scenic river.

“(v) CATHERINE CREEK.—

“(I) NORTH FORK.—

“(aa) UPPER.—The approximately 2.1-mile segment of North Fork Catherine Creek from the Eagle Cap Wilderness boundary to the confluence with Middle Fork Catherine Creek, as a wild river.

“(bb) LOWER.—The approximately 3.1-mile segment of North Fork Catherine Creek from the confluence with Middle Fork Catherine Creek to the confluence with South Fork Catherine Creek, as a recreational river.
“(II) MIDDLE FORK.—The approximately 5.5-mile segment of North Fork Catherine Creek from and including the headwaters to the confluence with North Fork Catherine Creek, as a scenic river.

“(III) SOUTH FORK.—

“(aa) SOUTH FORK.—The approximately 8.7-mile segment of South Fork Catherine Creek from the Eagle Cap Wilderness boundary to the confluence with North Fork Catherine Creek, as a scenic river.

“(bb) TRIBUTARIES.—

“(AA) COLLINS CREEK.—The approximately 2.1-mile segment of Collins Creek from and including the headwaters to the confluence with South Fork Catherine Creek, as a wild river.

“(BB) SAND PASS CREEK.—The approximately
2.1-mile segment of Sand Pass Creek from and including the headwaters to the confluence with South Fork Catherine Creek, as a wild river.

“(CC) Pole Creek.—
The approximately 3.5-mile segment of Pole Creek from and including the headwaters to the confluence with South Fork Catherine Creek, as a wild river.

“(vi) Beaver Creek.—
“(I) Upper.—The approximately 5.2-mile segment of Beaver Creek from and including the headwaters to La Grande Reservoir pool, as a scenic river.

“(II) Lower.—The approximately 6.5-mile segment from the north boundary of SE 1/4 SE 1/4 sec. 5, T. 5 S., R. 37 E., Willamette Meridian, to the north boundary of T. 4 S.,
R. 36 E., sec. 22, Willamette Meridian, as a scenic river.

“(vii) LOOKINGGLASS CREEK.—The approximately 8.7-mile segment from the west boundary of T. 4 N., R. 38 E., sec. 33, Willamette Meridian, to the east boundary of T. 3 N., R. 39 E., sec. 9, Willamette Meridian, as a wild river.

“(viii) LITTLE LOOKINGGLASS CREEK.—The approximately 7.9-mile segment of Little Lookingglass Creek from and including the headwaters to the south boundary of T. 4 N., R. 39 E., sec. 26, Willamette Meridian, as a scenic river.

“(ix) MOTTET CREEK.—

“(I) UPPER.—The approximately 2.6-mile segment of Mottet Creek from and including the headwaters, including Mottet Spring, to Jubilee Reservoir Pool, as a scenic river.

“(II) LOWER.—The approximately 5.6-mile segment of Mottet Creek from 100 feet below Jubilee Reservoir Spillway to the east bound-
ary of T. 3 N., R. 39 E., sec. 3, Willamette Meridian, as a scenic river.

“(x) SUMMER CREEK.—The approximately 5.9-mile segment of Summer Creek from and including the headwaters (including Dusty Spring) to the confluence with Lookingglass Creek, as a scenic river.

“(xi) INDIAN CREEK.—The approximately 9.5-mile segment from and including the headwaters to the west boundary of NE¹⁄₄ sec. 10, T. 2 S., R. 40 E., Willamette Meridian, as a scenic river.

“(xii) EAST FORK INDIAN CREEK.—The approximately 4.5-mile segment from and including the headwaters to the confluence with Indian Creek, as a wild river.

“(xiii) CAMP CREEK.—The approximately 4-mile segment of Camp Creek from and including the headwaters to the confluence with Indian Creek, as a wild river.

“(xiv) MUD CREEK.—The approximately 12.2-mile segment of Mud Creek from the south boundary of T. 3 N., R. 44 E., sec. 33, Willamette Meridian, to the
north boundary of T. 4 N., R. 43 E., sec. 21, Willamette Meridian, as a wild river.

“(xv) TOPE CREEK.—The approximately 7.5-mile segment of Tope Creek from the south boundary of T. 3 N., R. 43 E., sec. 34, Willamette Meridian, to the confluence with Mud Creek, as a wild river.

“(xvi) WILDCAT CREEK.—The approximately 14.3-mile segment of Wildcat Creek from the north boundary of T. 2 N., R. 43 E., sec. 5, Willamette Meridian, to the north boundary of T. 5 N., R. 43 E., sec. 31, Willamette Meridian, as a scenic river.

“(xvii) BEAR CREEK.—

“(I) UPPER.—The approximately 2-mile segment of Bear Creek from and including the headwaters to 0.01 mile above Forest Service Road 62, as a scenic river.

“(II) LOWER.—The approximately 5.5-mile segment of Bear Creek from 0.01 mile above Forest Service Road 62 to the confluence
with the Grande Ronde River, as a wild river.

“(xviii) CLEAR CREEK.—The approximately 7.4-mile segment of Clear Creek from and including the headwaters to the confluence with the Grande Ronde River, as a scenic river.”.

(k) IMNAHA, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (78) and inserting the following:

“(78) IMNAHA, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The 6-mile segment from the confluence with the North and South Forks of the Imnaha River to Indian Crossing, as a wild river.

“(ii) MIDDLE.—The 58-mile segment from Indian Crossing to Cow Creek, as a recreational river.

“(iii) LOWER.—The 4-mile segment from Cow Creek to the mouth of the Imnaha River, as a scenic river.
“(B) SOUTH FORK.—The 9-mile segment of the South Fork Imnaha River from and including the headwaters to the confluence with the Imnaha River, as a wild river.

“(C) TRIBUTARIES.—

“(i) BIG SHEEP CREEK.—

“(I) UPPER.—The approximately 12-mile segment of Big Sheep Creek from the Eagle Cap Wilderness boundary to the north boundary of T. 3 S., R. 47 E., sec. 29, Willamette Meridian, as a scenic river.

“(II) MIDDLE.—The approximately 3.4-mile segment of Big Sheep Creek from the west boundary of T. 2 S., R. 47 E., sec. 24, Willamette Meridian, to the north boundary of SE$\frac{1}{4}$SE$\frac{1}{4}$ sec. 6, T. 2 S., R. 48 E., Willamette Meridian, as a scenic river.

“(ii) CARROL CREEK.—The approximately 7.3-mile segment of Carrol Creek from and including the headwaters to the north boundary of T. 3 S., R. 47 E., sec. 19, Willamette Meridian, as a scenic river.
“(iii) **Grouse Creek.**—The approximately 14.3-mile segment of Grouse Creek from and including the headwaters to the east boundary of T. 3 S., R. 48 E., sec. 18, Willamette Meridian, as a wild river.

“(iv) **Lick Creek.**—The approximately 7.8-mile segment of Lick Creek from the Eagle Cap Wilderness boundary to the confluence with Big Sheep Creek, as a scenic river.

“(v) **McCully Creek.**—The approximately 2.5-mile segment of McCully Creek from the Eagle Cap Wilderness boundary to the north boundary of T. 3 S., R. 45 E., sec. 25, Willamette Meridian, as a wild river.

“(vi) **Crazyman Creek.**—The approximately 7.2-mile segment of Crazyman Creek from and including the headwaters to the confluence with the Imnaha River, as a wild river.

“(vii) **Pumpkin Creek.**—The approximately 8.4-mile segment of Pumpkin Creek from the south boundary of T. 1 N., R. 48 E., sec. 25, Willamette Meridian, to
the north boundary of SW 1/4 SE 1/4 sec. 24,
T. 2 N., R. 48 E., Willamette Meridian, as
a wild river.

“(viii) HORSE CREEK.—The approxi-
mately 16.9-mile segment of Horse Creek
from and including the headwaters to the
north boundary of SE 1/4 SE 1/4 sec. 25, T.
2 N., R. 48 E., Willamette Meridian, as a
wild river.

“(ix) LIGHTNING CREEK.—The ap-
proximately 17.4-mile segment of Light-
ing Creek from and including the head-
waters to the private land boundary of
NE 1/4 sec. 20, T. 2 N., R. 49 E., Willam-
ette Meridian, as a wild river.

“(x) MEDICINE CREEK.—The approxi-
mately 6.6-mile segment of Medicine Creek
from and including the headwaters to the
confluence with Sleepy Creek, as a wild
river.

“(xi) SLEEPY CREEK.—The approxi-
mately 11.7-mile segment of Sleepy Creek
from and including the headwaters to the
confluence with Lightning Creek, as a wild
river.
“(xii) COW CREEK.—The approximately 17.1-mile segment of Cow Creek from and including the headwaters to the north boundary of SW 1/4 NW 1/4 sec. 16, T. 3 N., R. 49 E., Willamette Meridian, as a wild river.

“(xiii) LONG PRONG.—The approximately 7.2-mile segment of Long Prong from and including the headwaters to the confluence with Cow Creek, as a wild river.”.

(l) JOHN DAY, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (79) and inserting the following:

“(79) JOHN DAY, OREGON.—

“(A) MAINSTEM.—The 147.5-mile segment from Service Creek to Tumwater Falls as a recreational river, to be administered through a cooperative management agreement between the State of Oregon and the Secretary of the Interior as provided in section 10(e).

“(B) ADDITIONAL SEGMENTS.—The following stream segments that are tributaries to the segment described in subparagraph (A), to
be administered by the Secretary of Agriculture, except as otherwise provided:

“(i) **ThirtyMile Creek**.—The approximately 9.3-mile segment of Thirtymile Creek from the east boundary of T. 5 S., R. 20 E., sec. 4, Willamette Meridian, to the confluence with the John Day River, to be administered by the Secretary of the Interior as a scenic river.

“(ii) **Bridge Creek**.—The approximately 17.4-mile segment of Bridge Creek, from the east boundary of NW¼SE¼ sec. 35, T. 11 S., R. 21 E., Willamette Meridian, to the confluence with the John Day River, to be administered by the Secretary of the Interior as a recreational river.

“(iii) **Rock Creek**.—

“(I) **Rock Creek, Upper**.—The approximately 2.2-mile segment of Rock Creek from and including the headwaters to 0.01 miles below Forest Service Road 38, as a recreational river.

“(II) **Rock Creek, Lower**.—

The approximately 6.2-mile segment
of Rock Creek 0.01 miles below Forest Service Road 38 to 0.01 mile above Rock Creek Irrigation Ditch, as a wild river.

“(iv) COTTONWOOD CREEK.—

“(I) MAINSTEM.—The approximately 8.2-mile segment of Cottonwood Creek from and including the headwaters to the Ochoco National Forest boundary, as a wild river.

“(II) EAST FORK.—The approximately 3.1-mile segment of East Fork Cottonwood Creek from and including the headwaters to the confluence with Cottonwood Creek, as a wild river.

“(v) RAIL CREEK.—The approximately 5.7-mile segment of Rail Creek from and including the headwaters to the west boundary of T. 14 S., R. 35 E., sec. 20, Willamette Meridian, as a scenic river.

“(vi) DEARDORFF CREEK AND TRIBUTARIES.—

“(I) DEARDORFF CREEK.—The approximately 5.8-mile segment of Deardorff Creek from and including
the headwaters to the confluence with
Pole Creek, as a recreational river.

“(II) NORTH FORK DEARDORFF
CREEK.—The approximately 2.3-mile
segment of North Fork Deardorff
Creek from and including the head-
waters to the confluence with South
Fork Deardorff Creek, as a wild river.

“(III) SOUTH FORK DEARDORFF
CREEK.—The approximately 2-mile
segment of South Fork Deardorff
Creek from and including the head-
waters to the confluence with North
Fork Deardorff Creek, as a wild river.

“(IV) LITTLE BALDY CREEK.—
The approximately 2.5-mile segment
of Little Baldy Creek from and in-
cluding the headwaters to the con-
fluence with Deardorff Creek, as a
scenic river.

“(V) ALDER GULCH.—The ap-
proximately 1.6-mile segment of Alder
Gulch from and including the head-
waters to the confluence with
Deardorff Creek, as a scenic river.
“(vii) **REYNOLDS CREEK.**—

“(I) **UPPER.**—The approximately 5.1-mile stretch of Reynolds Creek from and including the headwaters to 0.01 mile above Forest Service Road 2635, as a wild river.

“(II) **LOWER.**—The approximately 2-mile stretch of Reynolds Creek from 0.01 mile above Forest Service Road 2635 to the west boundary of NE\(\frac{1}{4}\) sec. 30, T. 13 S., R. 35 E., Willamette Meridian, as a recreational river.

“(viii) **STANDARD CREEK.**—The approximately 3.6-mile segment of Standard Creek from and including the headwaters to the point at which Standard Creek crosses into private land in SE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 1, T. 12 S., R. 33 E., Willamette Meridian, as a wild river.”.

**(m) JOSEPH CREEK, OREGON AND WASHINGTON.**—

Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (80) and inserting the following:
"(80) JOSEPH CREEK, OREGON AND WASHINGTON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

"(A) MAINSTEM.—The 31.8-mile segment from Joseph Creek Ranch, 1 mile downstream from Cougar Creek, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 8, T. 6 N., R. 46 E., Willamette Meridian, as a wild river.

"(B) TRIBUTARIES.—

"(i) SWAMP CREEK.—

"(I) MIDDLE.—The approximately 8-mile segment of Swamp Creek from the south boundary of T. 2 N., R. 45 E., sec. 29, Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 30, T. 3 N., R. 45 E., Willamette Meridian, as a scenic river.

"(II) LOWER.—The approximately 8.6-mile segment of Swamp Creek from the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 30, T. 3 N., R. 45 E., Willamette Meridian, to the confluence with Joseph Creek, as a wild river.
“(ii) Davis Creek.—

“(I) Upper.—The approximately
4.2-mile segment of Davis Creek from
the Forest Service ownership bound-
dary in NE¼ sec. 13, T. 2 N., R. 44
E., Willamette Meridian, to the north
boundary of T. 3 N., R. 44 E., sec.
36, Willamette Meridian, as a scenic
river.

“(II) Lower.—The approxi-
mately 5.5-mile segment of Davis
Creek from the north boundary of T.
3 N., R. 44 E., sec. 36, Willamette
Meridian, to the confluence with
Swamp Creek, as a wild river.

“(iii) Cottonwood Creek.—The ap-
proximately 8.8-mile segment of Cotton-
wood Creek from and including the head-
waters (including Box Spring) to the north
boundary of T. 5 N., R. 46 E., sec. 13,
Willamette Meridian, as a wild river.

“(iv) Dead Horse Creek.—The ap-
proximately 2.3-mile segment of Dead
Horse Creek from and including the head-
waters (including the Cold Spring tribu-
(v) Bear Creek and Tributaries.—

(I) Bear Creek.—The approximately 4.6-mile segment of Bear Creek from and including the headwaters to the confluence with Cottonwood Creek, as a wild river.

(II) Tributary Number 1.—

The approximately 2-mile segment of a tributary of Bear Creek from and including the headwaters in T. 5 N., R. 46 E., sec. 26, Willamette Meridian, including Wildhorse Spring, to the confluence with Bear Creek, as a wild river.

(III) Tributary Number 2.—

The approximately 2.1-mile segment of a tributary of Bear Creek from and including the headwaters in NW\(\frac{1}{4}\) sec. 23, T. 5 N., R. 46 E., Willamette Meridian, to the confluence with Bear Creek, as a wild river.
“(vi) Basin creek.—The approximately 6.2-mile segment of Basin Creek from and including the headwaters to the confluence with Cottonwood Creek, as a wild river.

“(vii) Brushy creek.—The approximately 1.1-mile segment of Brushy Creek from and including the headwaters in T. 5 N., R. 46 E., sec. 15, Willamette Meridian, to the confluence with Basin Creek, as a wild river.

“(viii) Broady creek.—

“(I) Upper.—The approximately 3.7-mile segment of Broady Creek from and including the headwaters to the confluence with East Fork Broady Creek, as a scenic river.

“(II) Lower.—The approximately 7.9-mile segment of Broady Creek from the confluence with East Fork Broady Creek to the confluence with Cottonwood Creek, as a wild river.

“(ix) West fork broady creek.—The approximately 3.8-mile segment of
West Fork Broady Creek from and including the headwaters to the confluence with Broady Creek, as a recreational river.

“(x) East Fork Broady Creek.—
The approximately 3.8-mile segment of East Fork Broady Creek from and including the headwaters to the confluence with Broady Creek, as a wild river.

“(xi) Peavine Creek.—The approximately 6.3-mile segment of Peavine Creek from and including the headwaters (including Stewart Spring) to the confluence with Joseph Creek, as a wild river.

“(xii) Lupine Creek.—
“(I) Upper.—The approximately 1.4-mile segment of Lupine Creek from and including the headwaters to the north boundary of T. 4 N., R. 45 E., sec. 15, Willamette Meridian, as a scenic river.

“(II) Lower.—The approximately 3.1-mile segment of Lupine Creek from the north boundary of T. 4 N., R. 45 E., sec. 15, Willamette
Meridian, to the confluence with Peavine Creek, as a wild river.

“(xiii) COLD SPRING CREEK.—The approximately 4-mile segment of Cold Spring Creek from and including the headwaters to the confluence with Cabin Creek, as a recreational river.

“(xiv) CABIN CREEK.—The approximately 3.1-mile segment of Cabin Creek from and including the headwaters to the confluence with Cold Spring Creek, as a wild river.

“(xv) HORSE CREEK.—The approximately 2.9-mile segment of Horse Creek from the confluence of Cabin Creek and Cold Spring Creek to the west boundary of NE¼ sec. 30, T. 6 N., R. 47 E., Willamette Meridian, as a recreational river.

“(xvi) CHESNIMNUS CREEK.—

“(I) MAINSTEM.—The approximately 19.5-mile segment of Chesnimnus Creek from and including the headwaters to the west boundary of NE¼NW¼ sec. 23, T. 3 N., R. 46
E., Willamette Meridian, as a recreational river.

“(II) SOUTH FORK.—The approximately 5-mile segment of South Fork Chesnimnus Creek from and including the headwaters to the confluence with Chesnimnus Creek, as a scenic river.

“(III) TRIBUTARIES.—

“(aa) BILLY CREEK.—The approximately 6.6-mile segment of Billy Creek from and including the headwaters, including Billy Spring, to the confluence with Chesnimnus Creek, as a scenic river.

“(bb) DEVILS RUN CREEK.—The approximately 7.4-mile segment of Devils Run Creek from and including the headwaters, including Billy Spring, to the confluence with Chesnimnus Creek, as a scenic river.”
(n) LITTLE DESCHUTES, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (81) and inserting the following:

“(81) LITTLE DESCHUTES, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The 12-mile segment from the source in NW¼ sec. 15, T. 26 S., R. 6½ E., Willamette Meridian, to the north boundary of T. 26 S., R. 7 E., sec. 12, Willamette Meridian, as a recreational river.

“(ii) MIDDLE.—The 5.9-mile segment from the south boundary of T. 25 S., R. 7 E., sec. 36, Willamette Meridian, to the north boundary of T. 25 S., R. 8 E., sec. 20, Willamette Meridian, as a recreational river.

“(iii) LOWER.—The 8-mile segment from the National Forest ownership boundary in T. 25 S., R. 8 E., sec. 5, Willamette Meridian, to the east boundary of
T. 24 S., R. 8 E., sec. 35, Willamette Meridian, as a recreational river.

“(B) Tributaries.—

“(i) Hemlock Creek.—The approximately 5.1-mile segment of Hemlock Creek from and including the headwaters to the east boundary of T. 26 S., R. 7 E., sec. 2, Willamette Meridian, as a scenic river.

“(ii) Spruce Creek.—The approximately 4.3 miles from and including the headwaters to the confluence with Hemlock Creek, as a scenic river.

“(iii) Swamp Creek.—The approximately 4.9 miles from and including the headwaters to the confluence with Hemlock Creek, as a scenic river.”.

(o) Malheur, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (83) and inserting the following:

“(83) Malheur, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) Upper Mainstem.—
“(i) **UPPER.**—The 7-mile segment from Bosonberg Creek to Malheur Ford, as a scenic river.

“(ii) **MIDDLE.**—The 6.7-mile segment from Malheur Ford to the Malheur National Forest boundary, as a wild river.

“(iii) **LOWER.**—The approximately 4.2-mile segment of the Malheur River from the Malheur National Forest Boundary to the west boundary of T. 18 S., R. 34 E., sec. 33, Willamette Meridian, as a wild river.

“(B) **MIDDLE MAINSTEM.**—The approximately 15.8-mile segment from the confluence with the South Fork Malheur River to the north boundary of T. 22 S., R. 38 E., sec. 8, Willamette Meridian, as a recreational river.

“(C) **TRIBUTARIES.**—

“(i) **PINE CREEK.**—

“(I) **UPPER PINE CREEK.**—The approximately 10.1-mile segment of Pine Creek from and including the headwaters to the south boundary of T. 20 S., R. 33 E., sec. 23, Willamette Meridian, as a recreational river.
“(II) LOWER PINE CREEK.—The approximately 6.5-mile segment of Pine Creek from the west boundary of E¹⁄₂ sec. 16, T. 20 S., R. 33 E., Willamette Meridian, to the Malheur National Forest boundary, as a wild river.

“(ii) BLUEBUCKET CREEK.—The approximately 1.5-mile segment of Bluebucket Creek from the east boundary of T. 18 S., R. 34 E., sec. 34, Willamette Meridian, to the confluence with the Malheur River, as a wild river.

“(iii) SUMMIT CREEK.—

“(I) UPPER SUMMIT CREEK.—
The approximately 4-mile segment of Summit Creek from and including the headwaters to the Forest Service ownership boundary in NE¹⁄₄ sec. 3, T. 16 S., R. 34 E., Willamette Meridian, as a scenic river.

“(II) LOWER SUMMIT CREEK.—
The approximately 11.9-mile segment of Summit Creek from the north boundary of T. 16 S., R. 34 E., sec.
10, Willamette Meridian, to the confluence with the Malheur River, as a scenic river.

“(iv) Crooked Creek.—The approximately 10-mile segment of Crooked Creek from and including the headwaters to the confluence with Lake Creek, as a scenic river.

“(v) Big Creek.—The approximately 5.4-mile segment of Big Creek from the Strawberry Mountain Wilderness boundary to the south boundary of T. 16 S., R. 33 E., sec. 14, Willamette Meridian, as a scenic river.

“(vi) Snowshoe Creek.—The approximately 1.1-mile segment of Snowshoe Creek from the Strawberry Mountain Wilderness boundary to the confluence with Big Creek, as a wild river.

“(vii) Bosonberg Creek.—The approximately 4.4-mile segment of Bosonberg Creek from and including the headwaters to the west boundary of SE1/4 sec. 13, T. 16 S., R. 33 E., Willamette Meridian, as a scenic river.
“(viii) CORRAL BASIN CREEK.—The approximately 3.6-mile segment of Corral Basin Creek from and including the headwaters to the confluence with Big Creek, as a scenic river.

“(ix) MEADOW FORK BIG CREEK.—The approximately 1.5-mile segment of Meadow Fork Big Creek from the Strawberry Mountain Wilderness boundary to the confluence with Big Creek, as a scenic river.

“(x) LAKE CREEK.—The approximately 4.4-mile segment of Lake Creek from the Strawberry Mountain Wilderness boundary to the west boundary of T. 16 S., R. 33 E., sec. 15, Willamette Meridian, as a scenic river.”.

(p) MCKENZIE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (84) and inserting the following:

“(84) MCKENZIE, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior:
“(A) MAINSTEM, UPPER.—The 12.7-mile segment from Clear Lake to Scott Creek in the following classes:

“(i) The 1.8-mile segment from Clear Lake to the head of maximum pool at Carmen Reservoir, as a recreational river.

“(ii) The 4.3-mile segment from a point 100 feet downstream from Carmen Dam to the maximum pool at Trail Bridge Reservoir, as a recreational river.

“(iii) The 6.6-mile segment from the developments at the base of the Trail Bridge Reservoir Dam to Scott Creek, as a recreational river.

“(B) MAINSTEM, MIDDLE.—

“(i) PARADISE REACH.—The approximately 5.8-mile segment of the McKenzie River from the confluence with Scott Creek to the west boundary of T. 16 S., R. 6 E., sec. 18, Willamette Meridian, as a recreational river.

“(ii) HORSE CREEK MOUTH REACH.—

The approximately 0.8-mile segment of the McKenzie River from the east boundary of SW1/4 sec. 14, T. 16 S., R. 5 E., Willam-
ette Meridian, to the confluence with Florence Creek, as a recreational river.

“(iii) Delta Creek Diffuence to Confluence.—The approximately 5-mile segment of the McKenzie River from the south and east boundaries of N:\(\frac{1}{2}\)NE:\(\frac{1}{4}\) sec. 19, T. 16 S., R. 5 E., Willamette Meridian, including the Delta Creek side channel, to the confluence with the South Fork McKenzie River, as a recreational river.

“(iv) Lower Elevation Headwaters Reach.—The approximately 5.5-mile segment of the McKenzie River from the north boundary of SW:\(\frac{1}{4}\)NW:\(\frac{1}{4}\) sec. 11, T. 17 S., R. 3 E., Willamette Meridian, to the west boundary of T. 16 S., R. 3 E., sec. 31, Willamette Meridian, as a recreational river.

“(v) Non-Federal Land.—The Secretary of Agriculture and the Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for any segment designated under this subparagraph.
“(C) SOUTH FORK.—

“(i) UPPER.—The approximately 16.3-mile segment of the South Fork McKenzie River from the west boundary of T. 18 S., R. 6.5 E., sec. 34, Willamette Meridian, to Cougar Reservoir pool, as a recreational river.

“(ii) LOWER.—The approximately 4.2-mile segment of the South Fork McKenzie River from the south boundary of N\(\frac{1}{2}\) sec. 31, T. 16 S., R. 5 E., Willamette Meridian, including any associated wetlands, to the confluence with the McKenzie River, as a recreational river.

“(D) LAKES.—

“(i) CLEAR LAKE.—Clear Lake, to be managed as a scenic river.

“(ii) FISH LAKE.—Fish Lake, to be managed as a scenic river.

“(E) TRIBUTARIES.—

“(i) ANDERSON CREEK.—The approximately 7.3-mile segment of Anderson Creek from and including the headwaters to the confluence with the McKenzie River, as a scenic river.
“(ii) Bear Creek.—The approximately 3.5-mile segment of Bear Creek from the east boundary of T. 16 S., R. 3 E., sec. 34, Willamette Meridian, to the south boundary of NW¼ sec. 32, T. 16 S., R. 3 E., Willamette Meridian, as a wild river.

“(iii) Deer Creek.—The approximately 9.6-mile segment of Deer Creek from and including the headwaters to the confluence with the McKenzie River, as a scenic river.

“(iv) Fish Lake Creek.—The approximately 1.5-mile segment of Fish Lake Creek from Fish Lake to Clear Lake, as a scenic river.

“(v) Gate Creek.—The approximately 3-mile segment of Gate Creek from and including the headwaters to the confluence with the Smith River, as a scenic river.

“(vi) Hackleman Creek.—The approximately 7.1-mile segment of Hackleman Creek from and including the headwaters to Fish Lake, as a scenic river.
“(vii) Heart Lake Creek.—The approximately 1.7-mile segment of Heart Lake Creek from and including the headwaters above, including any associated wetlands of Heart Lake, to the confluence with Hackleman Creek, as a wild river.

“(viii) Horse Creek.—

“(I) Upper.—The approximately 12.8-mile segment of Horse Creek from the confluence with Mosquito Creek to the confluence with Owl Creek, as a recreational river.

“(II) Lower.—The approximately .6-mile segment of Horse Creek from the east boundary of NW¼ sec. 23, T. 16 S., R. 5 E., Willamette Meridian, to the confluence with the McKenzie River, as a wild river.

“(III) Forks of Horse Creek.—

“(aa) West Fork.—The approximately 1-mile segment of West Fork Horse Creek from the diffluence with East Fork Horse
104

Creek to the north boundary of S¹⁄₂, SW¹⁄₄SE¹⁄₄ sec. 15, T. 16
S., R. 5 E., Willamette Meridian,
as a wild river.

“(bb) EAST FORK.—The approxi-

mately 1-mile segment of East Fork Horse Creek from the east boundary of NW¹⁄₄ sec. 23, T. 16 S., R. 5 E., Willamette Meridian, to the confluence with the McKenzie River, as a wild river.

“(ix) IKENICK CREEK.—The approxi-

mately 4.1-mile segment of Ikenick Creek from and including the headwaters, including any associated wetlands, to the con-

fluence with Clear Lake, as a scenic river.

“(x) LOST CREEK.—The approxi-

mately 4-mile segment of Lost Creek from the source at an unnamed spring, including any associated wetlands, to the con-

fluence with the McKenzie River, as a scene-

ric river.

“(xi) OLALLIE CREEK.—The approxi-

mately 2.8-mile segment of Olallie Creek
from and including the headwaters to the
confluence with the McKenzie River, as a
scenic river.

“(xii) **ROARING RIVER**.—The approxi-
mately 5.7-mile segment of the Roaring
River from and including the headwaters
to the confluence with the South Fork
McKenzie River, as a scenic river.

“(xiii) **WHITE BRANCH CREEK**.—The
approximately 5.8-mile segment of White
Branch Creek from the Three Sisters Wil-
derness boundary to the confluence with
Lost Creek, as a scenic river.

“(F) **TRANSFER OF ADMINISTRATIVE JU-
RISDICTION**.—If the Secretary of the Army de-
termines that the Corps of Engineers land in T.
16 S., R. 5 E., secs. 19 and 30, Willamette Me-
ridian, is unnecessary for the operation of the
Cougar Dam and Reservoir, the Secretary of
the Army shall transfer administrative jurisdi-
cion over the land to the Secretary of Agri-
culture for inclusion in the National Forest
System.”.
(q) METOLIUS, OREGON.—Section 3(a)(85) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(85)) is amended—

(1) by redesignating subparagraphs (A) and (B) as clauses (i) and (ii), respectively, and indenting appropriately;

(2) in the matter preceding clause (i) (as so redesignated), by striking “(85)” and all that follows through “following classes” and inserting the following:

“(85) METOLIUS, OREGON.—The following segments, to be administered by the Secretary of Agriculture:

“(A) MAINSTEM.—The 28.6-mile segment from the south Deschutes National Forest boundary to Lake Billy Chinook in the following classes:”;

(3) in clause (i) (as so redesignated), by striking “; to be administered by the Secretary of Agriculture;” at the end and inserting a period;

(4) in clause (ii) (as so redesignated)—

(A) by striking “the 17.1” and inserting “The 17.1”; and

(B) by striking “by the Secretary of Agriculture”; and
(5) by adding at the end the following:

“(B) TRIBUTARIES.—

“(i) JACK CREEK.—The approximately 4.7-mile segment of Jack Creek from 3 groups of springs at the head of Jack Creek to the confluence with the Metolius River, as a recreational river.

“(ii) CANYON CREEK.—The approximately 12-mile segment from the Mount Jefferson Wilderness boundary to the confluence with the Metolius River, as a scenic river.

“(iii) BRUSH CREEK.—The approximately 6.7-mile segment of Brush Creek from and including the headwaters to the confluence with the Metolius River, as a scenic river.

“(iv) CANDLE CREEK.—The approximately 3.9-mile segment of Candle Creek from the Mount Jefferson Wilderness boundary to the confluence with the Metolius River, as a scenic river.

“(v) ROARING CREEK.—The approximately 2.1-mile segment of Roaring Creek from and including the headwaters to the
confluence with Canyon Creek, as a scenic river.

“(vi) STREET CREEK.—The approximately 3-mile segment of Street Creek from and including the headwaters to the Reservoir Billy Chinook pool, as a scenic river.

“(vii) SPRING CREEK.—The approximately 3.6-mile segment of Spring Creek from and including the headwaters to the Reservoir Billy Chinook pool, as a scenic river.”.

(r) NORTH FORK CROOKED, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (87) and inserting the following:

“(87) NORTH FORK CROOKED, OREGON.—

“(A) MAINSTEM.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(i) The 2.3-mile segment from the source near the intersection of Forest Service Roads 4230 and 4225 to Sera Spring, as a recreational river.
“(ii) The 3.7-mile segment from the west boundary of T. 14 S., R. 22 E., sec. 19, Willamette Meridian, to the bridge across from the Deep Creek Campground, as a recreational river.

“(iii) The 8-mile segment from the bridge across from the Deep Creek Campground to the Ochoco National Forest boundary, ½ mile from Lame Dog Creek, as a scenic river.

“(iv) The 1.5-mile segment from the Ochoco National Forest boundary to Upper Falls, to be administered by the Secretary of the Interior as a scenic river.

“(v) The 11.1-mile segment from Upper Falls to Committee Creek, to be administered by the Secretary of the Interior as a wild river.

“(vi) The 5-mile segment from Committee Creek to 1 mile from the confluence with the Crooked River, to be administered by the Secretary of the Interior as a recreational river.

“(B) TRIBUTARIES—
“(i) DEEP CREEK.—The approximately 8.5-mile segment of Deep Creek from the confluence of Jackson Creek and Happy Camp Creek to the confluence with the North Fork Crooked River, as a recreational river.

“(ii) JACKSON CREEK.—The approximately 8.4-mile segment of Jackson Creek from and including the headwaters to the confluence with Happy Camp Creek, as a recreational river.

“(iii) DERR CREEK.—The approximately 3.6-mile segment of Derr Creek from and including the headwaters, including Derr Meadows, to the confluence with Jackson Creek, as a scenic river.

“(iv) ALLEN CREEK.—The approximately 6.1-mile segment of Allen Creek from and including the headwaters to the south boundary of T. 13 S., R. 21 E., sec. 35, Willamette Meridian, as a scenic river.

“(v) LITTLE SUMMIT CREEK.—

“(I) UPPER.—The approximately 3.7-mile segment of Little Summit Creek from and including the head-
waters to the north boundary of T. 14 S., R. 23 E., sec. 25, Willamette Meridian, as a recreational river.

“(II) LOWER.—The approximately 4.4-mile segment of Little Summit Creek from the north boundary of T. 14 S., R. 23 E., sec. 26, Willamette Meridian, to the confluence with Deep Creek, as a recreational river.

“(vi) LOOKOUT CREEK.—

“(I) UPPER.—The approximately 4-mile segment of Lookout Creek from and including the headwaters to the east boundary of T. 15 S., R. 20 E., sec. 2, Willamette Meridian, as a wild river.

“(II) LOWER.—The approximately 3-mile segment of Lookout Creek from the east boundary of T. 15 S., R. 20 E., sec. 2, Willamette Meridian, to the confluence with the North Fork Crooked River, as a wild river.
“(vii) BRUSH CREEK.—The approximately 5.3-mile segment of Brush Creek from and including the headwaters to 0.01 mile above Forest Service Road 42, as a wild river.

“(viii) PETERSON CREEK.—

“(I) UPPER PETERSON CREEK.—The approximately 3.6-mile segment of Peterson Creek from and including the headwaters to the north boundary of SE¼NE¼ sec. 28, T. 13 S., R. 22 E., Willamette Meridian, as a wild river.

“(II) LOWER PETERSON CREEK.—The approximately 5-mile segment from the north boundary of SE¼NW¼ sec. 28, T. 13 S., R. 22 E., to the west boundary of T. 14 S., R. 22 E., sec. 7, Willamette Meridian, as a recreational river.

“(ix) PORTER CREEK.—The approximately 4.6-mile segment of Porter Creek from and including the headwaters to the confluence with the North Fork Crooked River, as a recreational river.
“(x) CRAZY CREEK.—The approximately 3.6-mile segment of Crazy Creek from and including the headwaters to the confluence with Deep Creek, as a recreational river.”.

(s) NORTH FORK JOHN DAY, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (88) and inserting the following:

“(88) NORTH FORK JOHN DAY, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior, except as otherwise provided, in the following classes:

“(A) MAINSTEM.—

“(i) The 3.5-mile segment from and including the headwaters in the North Fork of the John Day Wilderness at T. 8 S., R. 36 E., sec. 13, Willamette Meridian, to the North Fork of the John Day Wilderness boundary, as a wild river.

“(ii) The 7.5-mile segment from the North Fork of the John Day Wilderness boundary to Trail Creek, as a recreational river.
“(iii) The 24.3-mile segment from Trail Creek to Big Creek, as a wild river.

“(iv) The 10.5-mile segment from Big Creek to Texas Bar Creek, as a scenic river.

“(v) The approximately 8.3-mile segment from Texas Bar Creek to the confluence with Camas Creek, as a recreational river.

“(vi) The approximately 18.4-mile segment from the confluence with Camas Creek to the confluence with Wrightman Canyon Creek, as a recreational river.

“(vii) The approximately 16.6-mile segment from the confluence with Wrightman Canyon Creek to the north boundary of NE¼ sec. 18, T. 8 S., R. 28 E., Willamette Meridian, as a scenic river.

“(viii) The approximately 2.3-mile segment from the north boundary of NE¼ sec. 18, T. 8 S., R. 28 E., Willamette Meridian, to the south boundary of NW¼ sec. 20, T. 8 S., R. 28 E., Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—
“(i) Fox Creek.—The approximately 4.5-mile segment of Fox Creek from and including the headwaters to the west boundary of T. 11 S., R. 30 E., sec. 11, Willamette Meridian, as a wild river.

“(ii) Big Wall Creek.—The approximately 17-mile segment of Big Wall Creek from and including the headwaters to the east boundary of NW¹⁄₄NW¹⁄₄ sec. 31, T. 7 S., R. 28 E., Willamette Meridian, as a scenic river.

“(iii) Little Wall Creek.—The approximately 16.6-mile segment of Little Wall Creek from and including the headwaters to the south boundary of NE¹⁄₄SE¹⁄₄ sec. 30, T. 7 S., R. 28 E., Willamette Meridian, as a scenic river.

“(iv) Skookum Creek.—The approximately 12.7-mile segment of Skookum Creek from and including the headwaters to the confluence with the Little Wall Creek, as a scenic river.

“(v) Ditch Creek.—The approximately 15-mile segment of Ditch Creek from and including the headwaters to the
confluence with the North Fork John Day
River, as a scenic river.

“(vi) LITTLE POTAMUS CREEK.—The
approximately 9.1-mile segment of Little
Potamus Creek from and including the
headwaters to the confluence with Potamus
Creek, as a scenic river.

“(vii) POTAMUS CREEK.—The ap-
proximately 19-mile segment of Potamus
Creek from and including the headwaters
to the confluence with the North Fork
John Day River, as a scenic river.

“(viii) FIVEMILE CREEK.—The ap-
proximately 18.5-mile segment of Fivemile
Creek from and including the headwaters
to the west boundary of T. 5 S., R. 30 E.,
sec. 36, Willamette Meridian, as a scenic
river.

“(ix) NORTH FORK CABLE CREEK.—
The approximately 6.7-mile segment of
North Fork Cable Creek from and includ-
ing the headwaters to the west boundary of
SE¹⁄₄NE¹⁄₄ sec. 4, T. 6 S., R. 33 E., Wil-
لامette Meridian, as a wild river.
“(x) South Fork Cable Creek.—
The approximately 8.3-mile segment of
South Fork Cable Creek from and including the headwaters to the north boundary
of SE¹⁄₄NE¹⁄₄ sec. 5, T. 6 S., R. 33 E.,
Willamette Meridian, as a wild river.

“(xi) Camas Creek.—The approximately 11.1-mile segment of Camas Creek
from the north boundary of SE¹⁄₄SE¹⁄₄
sec. 16, T. 5 S., R. 31 E., Willamette Me-
ridian, to the confluence with the North
Fork John Day River, as a recreational
river.

“(xii) Lane Creek.—The approximately 7.2-mile segment from and including the headwaters to the confluence with
Camas Creek, to be administered by the
Secretary of Agriculture as a scenic river.

“(xiii) Bridge Creek and Tribu-
taries.—

“(I) Bridge Creek.—The approximately 9.1-mile segment of
Bridge Creek from and including the
headwaters to the confluence with the
Camas Creek, as a wild river.
“(II) NORTH FORK BRIDGE CREEK.—The approximately 3.5-mile segment of North Fork Bridge Creek from and including the headwaters to the confluence with the Bridge Creek, as a wild river.

“(xiv) GRANITE CREEK.—The approximately 8.1-mile segment of Granite Creek from and including the headwaters to the west boundary of SE 1/4 NW 1/4 sec. 1, T. 9 S., R. 35 E., Willamette Meridian, as a recreational river.

“(xv) BOULDER CREEK.—The approximately 5.3-mile segment of Boulder Creek, from and including the headwaters to the confluence with Granite Creek, as a scenic river.

“(xvi) BOUNDARY CREEK.—The approximately 5-mile segment of Boundary Creek from and including the headwaters to the confluence with Bull Run Creek, as a recreational river.

“(xvii) BULL RUN CREEK.—The approximately 7-mile segment of Bull Run Creek from and including the headwaters
to the north boundary of T. 9 S., R. 35.5
E., sec. 14, Willamette Meridian, as a recre-
ational river.

“(xviii) CRAWFISH CREEK.—The approxi-
mately 4.3-mile segment of Crawfish
Creek from and including Crawfish Mead-
ow to the confluence with the North Fork
John Day River, as a scenic river.

“(xix) ONION CREEK.—The approxi-
mately 4.8-mile segment of Onion Creek
from and including the headwaters to the
confluence with the North Fork John Day
River, as a scenic river.

“(xx) DESOLATION CREEK.—

“(I) MAINSTEM.—

“(aa) UPPER.—The approxi-
mately 9.1-mile segment from the
confluence of the north and south
forks of Desolation Creek to the
west boundary of T. 8 S., R. 33
E., sec. 6, Willamette Meridian,
as a recreational river.

“(bb) LOWER.—The approxi-
mately 1.9-mile segment
from the south boundary of T. 7
S., R. 32 E., sec. 6, Willamette Meridian, to the confluence with the North Fork John Day River, as a scenic river.

“(II) FORKS.—

“(aa) NORTH FORK DESOLATION CREEK.—The approximately 6.8-mile segment from and including the headwaters to the confluence with South Fork Desolation Creek, as a scenic river.

“(bb) SOUTH FORK DESOLATION CREEK.—

“(AA) UPPER.—The approximately 8.9-mile segment of South Fork Desolation Creek from and including the headwaters, including an unnamed tributary arising in McCalpine Meadow, to 0.01 mile above Forest Service Road 45, as a wild river.
“(BB) LOWER.—The approximately 1-mile segment of South Fork Desolation Creek from 0.01 mile above Forest Service Road 45 to the confluence with North Fork Desolation Creek, as a scenic river.

“(xxi) MCCALPINE MEADOW CREEK.—The approximately 0.5-mile segment of McCalpine Meadow Creek from the source at an unnamed spring in NW¼SE¼ sec. 4, T. 10 S., R. 34 E., Willamette Meridian, to the confluence with South Fork Desolation Creek in SE¼NE¼ sec. 4, T. 10 S., R. 34 E., Willamette Meridian, as a wild river.”.

(t) NORTH FORK MALHEUR, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (89) and inserting the following:

“(89) NORTH FORK MALHEUR, OREGON.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:
“(A) MAINSTEM.—

“(i) UPPER.—The 25.5-mile segment from and including the headwaters to the Malheur National Forest boundary, as a scenic river.

“(ii) LOWER.—The approximately 5.4-mile segment from the Malheur National Forest boundary to the south boundary of NW¼ sec. 11, T. 18 S., R. 36 E., Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) SHEEP CREEK.—

“(I) UPPER.—The approximately 5.1-mile segment of Sheep Creek from and including the headwaters to 0.1 mile above the confluence with the North Fork Malheur River, as a wild river.

“(II) LOWER.—The approximately 0.1-mile segment of Sheep Creek from 0.1 mile above the confluence with the North Fork Malheur River to the confluence with the North Fork Malheur River, as a recreational river.
“(ii) HORSESHOE CREEK.—

“(I) UPPER.—The approximately 2.5-mile segment of Horse Creek from and including the headwaters to 0.01 mile above Forest Service Road 13, as a wild river.

“(II) LOWER.—The approximately 0.2-mile segment of Horseshoe Creek from 0.01 mile above Forest Service Road 13 to the confluence with the North Fork Malheur River, as a recreational river.

“(iii) SWAMP CREEK.—

“(I) UPPER.—The approximately 4.5-mile segment of Swamp Creek from and including the headwaters to 0.01 mile above Forest Service Road 13, as a wild river.

“(II) LOWER.—The approximately 0.2-mile segment of Swamp Creek from 0.01 mile above Forest Service Road 13 to the confluence with the North Fork Malheur River, as a recreational river.
“(iv) FLAT CREEK.—The approximately 3.4-mile segment of Flat Creek from and including the headwaters to the confluence with the North Fork Malheur River, as a scenic river.

“(v) ELK CREEK.—

“(I) MAINSTEM.—The approximately 1-mile segment of Elk Creek from the confluence of the North and South Forks of Elk Creek to the confluence with the North Fork Malheur River, as a recreational river.

“(II) NORTH FORK ELK CREEK.—The approximately 4.8-mile segment of North Fork Elk Creek from and including the headwaters to the confluence with South Fork Elk Creek, as a scenic river.

“(III) SOUTH FORK ELK CREEK.—The approximately 4.1-mile segment of South Fork Elk Creek from and including the headwaters to the confluence with North Fork Elk Creek, as a wild river.
“(vi) LITTLE CRANE CREEK.—The approximately 9.9-mile segment of Little Crane Creek from and including the headwaters to the confluence with Crane Creek, as a scenic river.

“(vii) CRANE CREEK.—The approximately 6.9-mile segment of Crane Creek from the confluence with Buttermilk Creek to the confluence with the North Fork Malheur River, as a wild river.”.

(u) NORTH FORK OF THE MIDDLE FORK OF THE WILLAMETTE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (90) and inserting the following:

“(90) NORTH FORK OF THE MIDDLE FORK OF THE WILLAMETTE, OREGON.—

“(A) MAINSTEM.—The 42.3-mile segment from Waldo Lake to the Willamette National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:

“(i) The 8.8-mile segment from Waldo Lake to the south section line of T. 19 S., R. 5.5 E., sec. 36, as a wild river.
“(ii) The 6.5-mile segment from the south section line of T. 19 S., R. 5.5 E., sec. 36, to Fisher Creek, as a scenic river.

“(iii) The 27-mile segment from Fisher Creek to the Willamette National Forest boundary, as a recreational river.

“(B) WALDO LAKE.—Waldo Lake, including the associated watershed, to be administered by the Secretary of Agriculture as a scenic river.”.

(v) NORTH FORK OWYHEE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (91).

(w) NORTH FORK SMITH, OREGON.—Section 3(a)(92) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(92)) is amended—

(1) in subparagraph (B), by striking “scenic” and inserting “wild”;

(2) by redesignating subparagraphs (A) through (C) as clauses (i) through (iii), respectively, and indenting appropriately;

(3) in the matter preceding clause (i) (as so redesignated), by striking “The 13-mile” and inserting the following:

“(A) IN GENERAL.—The 13-mile”; and
(4) by adding at the end the following:

“(B) ADDITIONS.—The following segments of the source tributaries of the North Fork Smith River, to be administered by the Secretary of Agriculture in the following classes:

“(i) The 13.26-mile segment of Baldface Creek from and including the headwaters, including all perennial tributaries, to the confluence with the North Fork Smith in T. 39 S., R 10 W., T. 40 S., R. 10 W., and T. 41 S., R. 11 W., Willamette Meridian, as a wild river.

“(ii) The 3.58-mile segment from and including the headwaters of Taylor Creek to the confluence with Baldface Creek, as a wild river.

“(iii) The 4.38-mile segment from and including the headwaters of the unnamed tributary to Biscuit Creek and the headwaters of Biscuit Creek to the confluence with Baldface Creek, as a wild river.

“(iv) The 2.27-mile segment from and including the headwaters of Spokane Creek to the confluence with Baldface Creek, as a wild river.
“(v) The 1.25-mile segment from and including the headwaters of Rock Creek to the confluence with Baldface Creek, flowing south from T. 40 S., R. 10 W., sec. 19, Willamette Meridian, as a wild river.

“(vi) The 1.31-mile segment from and including the headwaters of the unnamed tributary number 2 to the confluence with Baldface Creek, flowing north from T. 40 S., R. 10 W., sec. 27, Willamette Meridian, as a wild river.

“(vii) The 3.6-mile segment from the 2 headwaters of the unnamed tributary number 3 to the confluence with Baldface Creek, flowing south from T. 40 S., R. 10 W., secs. 9 and 10, Willamette Meridian, as a wild river.

“(viii) The 1.57-mile segment from and including the headwaters of the unnamed tributary number 4 to the confluence with Baldface Creek, flowing north from T. 40 S., R. 10 W., sec. 26, Willamette Meridian, as a wild river.

“(ix) The 0.92-mile segment from and including the headwaters of the unnamed
tributary number 5 to the confluence with Baldface Creek, flowing north from T. 40 S., R. 10 W., sec. 13, Willamette Meridian, as a wild river.

“(x) The 4.9-mile segment from and including the headwaters of Cedar Creek to the confluence with North Fork Smith River, as a wild river.

“(xi) The 2.38-mile segment from and including the headwaters of Packsaddle Gulch to the confluence with North Fork Smith River, as a wild river.

“(xii) The 2.4-mile segment from and including the headwaters of Hardtack Creek to the confluence with North Fork Smith River, as a wild river.

“(xiii) The 2.21-mile segment from and including the headwaters of the unnamed creek to the confluence with North Fork Smith River, flowing east from T. 40 S., R. 11 W., sec. 29, Willamette Meridian, as a wild river.

“(xiv) The 3.06-mile segment from and including the headwaters of Horse
Creek to the confluence with North Fork Smith River, as a wild river.

“(xv) The 2.61-mile segment of Fall Creek from the Oregon State border to the confluence with North Fork Smith River, as a wild river.

“(xvi)(I) Except as provided in subclause (II), the 4.57-mile segment from and including the headwaters of North Fork Diamond Creek to the confluence with Diamond Creek, as a wild river.

“(II) Notwithstanding subclause (I), the portion of the segment described in that subclause that starts 100 feet above Forest Service Road 4402 and ends 100 feet below Forest Service Road 4402 shall be administered as a scenic river.

“(xvii) The 1.02-mile segment from and including the headwaters of Diamond Creek to the Oregon State border in T. 40 S., R. 10 W., sec. 14, Willamette Meridian, as a wild river.

“(xviii) The 1.14-mile segment from and including the headwaters of Acorn
Creek to the confluence with Horse Creek, as a wild river.

“(xix) The 8.58-mile segment from and including the headwaters of Chrome Creek to the confluence with North Fork Smith River, as a wild river.

“(xx) The 2.98-mile segment from and including the headwaters of Chrome Creek tributary number 1 to the confluence with Chrome Creek, 0.82 miles upstream from the mouth of Chrome Creek in the Kalmiopsis Wilderness, flowing south from T. 40 S., R. 11 W., sec. 15, Willamette Meridian, as a wild river.

“(xxi) The 2.19-mile segment from and including the headwaters of Chrome Creek tributary number 2 to the confluence with Chrome Creek, 3.33 miles upstream from the mouth of Chrome Creek in the Kalmiopsis Wilderness, flowing south from T. 40 S., R. 11 W., sec. 12, Willamette Meridian, as a wild river.

“(xxii) The 1.27-mile segment from and including the headwaters of Chrome Creek tributary number 3 to the con-
fluence with Chrome Creek, 4.28 miles up-
stream from the mouth of Chrome Creek
in the Kalmiopsis Wilderness, flowing
north from T. 40 S., R. 10 W., sec. 18,
Willamette Meridian, as a wild river.

“(xxiii) The 2.27-mile segment from
and including the headwaters of Chrome
Creek tributary number 4 to the con-
fluence with Chrome Creek, 6.13 miles up-
stream from the mouth of Chrome Creek,
flowing south from Chetco Peak in the
Kalmiopsis Wilderness in T. 39 S., R. 11
W., sec. 36, Willamette Meridian, as a wild
river.

“(xxiv) The 0.6-mile segment from
and including the headwaters of Wimer
Creek to the border between the States of
Oregon and California, flowing south from
T. 41 S., R. 10 W., sec. 17, Willamette
Meridian, as a wild river.”.

(x) NORTH FORK SPRAGUE, OREGON.—Section 3(a)
of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a))
is amended by striking paragraph (93) and inserting the
following:
“(93) NORTH FORK SPRAUGE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The 15-mile segment from the Head of River Spring in SW \(\frac{1}{4}\) sec. 15, T. 35 S., R. 16 E., Willamette Meridian, to the NW \(\frac{1}{4}\)SW \(\frac{1}{4}\) sec. 11, T. 35 S., R. 15 E., Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) DEAD COW CREEK.—The approximately 4.6-mile segment of Dead Cow Creek from and including Dead Horse Lake to the confluence with the North Fork Sprague River, as a scenic river, except that the area including Dead Horse Lake shall be managed as a recreational river.

“(ii) SCHOOL CREEK.—The approximately 4.5-mile segment of School Creek from and including the headwaters to the confluence with the North Fork Sprague River, as a scenic river.”.

(y) NORTH POWDER, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (94) and inserting the following:
“(94) NORTH POWDER, OREGON.—The fol-
lowing segments, to be administered by the Sec-
retary of Agriculture in the following classes:

“(A) MAINSTEM.—The 6-mile segment
from and including the headwaters to the
Wallowa-Whitman National Forest boundary at
River Mile 20, as a scenic river.

“(B) TRIBUTARIES.—

“(i) DUTCH FLAT CREEK.—The ap-
proximately 6.7-mile segment of Dutch
Flat Creek from and including the head-
waters to the Wallowa-Whitman National
Forest boundary, as a wild river.

“(ii) VAN PATTERN CREEK.—The ap-
proximately 1.6-mile segment of Van Pat-
ten Creek from 0.01 mile below Van Pat-
ten Lake to the confluence with Dutch
Flat Creek, as a wild river.

“(iii) ROCK CREEK.—The approxi-
mately 7.3-mile segment of Rock Creek
from and including the headwaters, and in-
cluding Rock Lake and Bucket Lake, to
the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 7,
T. 8 S., R. 38 E., Willamette Meridian, as
a wild river.
“(iv) NORTH FORK ROCK CREEK.—
The approximately 3.3-mile segment of
North Fork Rock Creek from and includ-
ing the headwaters (including Mayflower
Meadow) to the confluence with Rock
Creek, as a wild river.

“(v) KILLAMACUE CREEK.—The ap-
proximately 4-mile segment of Killamacue
Creek from and including the headwaters
(including Killamacue Lake) to the con-
fluence with Rock Creek, as a wild river.

“(vi) NORTH FORK NORTH POWDER
RIVER.—The approximately 2.5-mile seg-
ment of the North Fork of the North Pow-
der River, from and including the head-
waters (including Lost Lake) to the con-
fluence with the North Powder River, as a
wild river.”.

(z) NORTH UMPQUA, OREGON.—Section 3(a) of the
Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amend-
ed by striking paragraph (95) and inserting the following;

“(95) NORTH UMPQUA, OREGON.—The fol-
lowing segments, to be administered by the Sec-
retary of Agriculture, except as otherwise provided,
in the following classes:
"(A) MAINSTEM.—

"(i) UPPER MIDDLE MAINSTEM.—The 25.4-mile segment from the Soda Springs Powerhouse to the Umpqua National Forest boundary, as a recreational river.

"(ii) LOWER MIDDLE MAINSTEM.—The 9.3-mile segment from the Umpqua National Forest boundary to the west boundary of E½NE¾ sec. 11, T. 26 S., R. 3 W., Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

"(iii) UPPERMOST MAINSTEM.—

"(I) UPPER.—The approximately 2.6-mile segment of North Umpqua River from the confluence with Tolo Creek to 0.01 miles above Forest Service Road 60, as a wild river.

"(II) LOWER.—The approximately 4-mile segment of the North Umpqua River from 0.01 mile above Forest Service Road 60, including any associated wetlands in the Kelsay Valley and Crystal Springs to the Lemolo Reservoir Pool, as a scenic river.
“(iv) MIDDLE UPPER MAINSTEM.—
The approximately 15.6-mile segment of
the North Umpqua River from the con-
fluence with White Mule Creek to Toketee
Reservoir pool, as a scenic river.

“(v) LOWER UPPER MAINSTEM.—The
approximately 1.5-mile segment from 0.01
mile below Forest Service Road 34 bridge
to Powerline crossing in SE¼ sec. 27, T.
26 S., R. 3 E., Willamette Meridian, as a
scenic river.

“(B) UPPER NORTH UMPQUA TRIBU-
tARIES.—

“(i) SPRING RIVER.—The approxi-
mately 1.1-mile segment of Spring River
from the source at 2 springs to the con-
fluence with the North Umpqua River, in-
cluding any associated wetlands, as a wild
river.

“(ii) THIRSTY CREEK.—The approxi-
mately 6.2-mile segment of Thirsty Creek
from and including the headwaters until
the point at which Thirsty Creek goes un-
derground, to be administered as a wild
river.
“(C) FISH CREEK WATERSHED.—

“(i) FISH CREEK.—

“(I) UPPER.—The approximately 9.9-mile segment of Fish Creek from Rogue-Umpqua Divide Wilderness boundary to Fish Creek Diversion Dam pool, as a scenic river.

“(II) LOWER.—The approximately 6.8-mile segment of Fish Creek from 100 feet below the Fish Creek Diversion Dam to the confluence with the North Umpqua River, as a recreational river.

“(iii) PINE CREEK.—The approximately 2.5-mile segment of Pine Creek from and including the headwaters to the confluence with Fish Creek, as a scenic river.

“(iii) GRAVE CREEK.—The approximately 4-mile segment of Grave Creek from and including the headwaters to the confluence with Fish Creek, as a scenic river.

“(D) MAIN STEAMBOAT CREEK WATERSHED.—
“(i) Steamboat Creek.—The approximately 23.9-mile segment of Steamboat Creek from and including the headwaters to the confluence with the North Umpqua River, as a recreational river.

“(ii) East Fork Steamboat Creek.—The approximately 3-mile segment of East Fork Steamboat Creek from and including the headwaters to the confluence with Steamboat Creek, as a scenic river.

“(iii) Horse Heaven Creek.—The approximately 4.5-mile segment of Horse Heaven Creek from the Forest Service boundary above Hobart Creek to the confluence with Steamboat Creek, as a scenic river.

“(iv) City Creek.—The approximately 7.1-mile segment of City Creek from and including the headwaters to the confluence with Steamboat Creek, as a scenic river.

“(v) St. Peter Creek.—The approximately 2.6-mile segment of St. Peter Creek from and including the headwaters
to the confluence with City Creek, as a scenic river.

“(vi) ANNIE CREEK.—The approximately 1-mile segment of Annie Creek from the Forest Service boundary below Grouse Mountain Falls to the confluence with City Creek, as a scenic river.

“(vii) BIG BEND CREEK.—The approximately 10.6-mile segment of Big Bend Creek from and including the headwaters to the confluence with Steamboat Creek, as a scenic river.

“(viii) BULLDOG CREEK.—The approximately 4.9-mile segment of Big Bulldog Creek from and including the headwaters to the confluence with Big Bend Creek, as a scenic river.

“(E) CANTON CREEK SUBWATERSHED OF STEAMBOAT CREEK WATERSHED.—

“(i) CANTON CREEK.—

“(I) UPPER.—The approximately 5-mile segment of Canton Creek from and including the headwaters to the Umpqua National Forest boundary, as a scenic river.
“(II) LOWER.—The approximately 12-mile segment of Canton Creek from the Umpqua National Forest boundary to the confluence with Steamboat Creek, to be administered by the Secretary of the Interior as a recreational river.

“(ii) MCKINLEY CREEK.—The approximately 2.7-mile segment of McKinley Creek from and including the headwaters to the confluence with Canton Creek, as a scenic river.

“(iii) NO MAN CREEK.—The approximately 2.6-mile segment of No Man Creek from and including the headwaters to the confluence with Canton Creek, as a scenic river.

“(iv) CHILCOOT CREEK.—

“(I) MAINSTEM.—The approximately 1.3-mile segment of Chilcoot Creek from the confluence of the North Fork Chilcoot Creek and South Fork Chilcoot Creek to the confluence with Canton Creek, to be administered by the Secretary of Agriculture
and the Secretary of the Interior as a scenic river.

“(II) FORKS.—

“(aa) NORTH FORK CHILCOOT CREEK.—The approximately 3.2-mile segment of North Fork Chilcoot Creek from and including the headwaters to the confluence with South Fork Chilcoot Creek, as a wild river.

“(bb) SOUTH FORK CHILCOOT CREEK.—The approximately 2.2-mile segment of North Fork Chilcoot Creek from and including the headwaters to the confluence with North Fork Chilcoot Creek, as a wild river.

“(v) HIpower CREEK.—The approximately 6.4-mile segment of Hipower Creek from and including the headwaters to the confluence with Canton Creek (including the unnamed tributary from and including the headwaters north of Hipower Bluffs in T. 25 S., R. 1 E., sec. 17, Willamette Meridian, to the confluence with Hipower
Creek), to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(F) NORTH UMPQUA CANYON TRIBUTARIES.—

“(i) DOG CREEK.—The approximately 3-mile segment of Dog Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(ii) DRY CREEK.—The approximately 3.6-mile segment of Dry Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(iii) JACK CREEK.—The approximately 2.5-mile segment of Jack Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(iv) COUGAR CREEK.—The approximately 7.2-mile segment of Cougar Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.
“(v) Wright Creek.—The approximately 3.4-mile segment of Wright Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(vi) Fairview Creek.—The approximately 3.5-mile segment of Fairview Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(vii) Williams Creek.—The approximately 3-mile segment of Williams Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(viii) Calf Creek.—The approximately 8.6-mile segment of Calf Creek from and including the headwaters to the confluence with the North Umpqua River, as a scenic river.

“(ix) Twin Lakes Creek.—The approximately 2.5-mile segment of Twin Lakes Creek from the source and including Twin Lakes to the confluence with Calf Creek, as a wild river.
145

“(x) COPELAND CREEK.—

“(I) UPPER MAINSTEM.—The approximately 3.1-mile segment of Copeland Creek from and including the headwaters to the west boundary of T. 27 S., R. 2 E., sec. 22, Willamette Meridian, as a scenic river.

“(II) LOWER MAINSTEM.—The approximately 9-mile segment of Copeland Creek from the west boundary of T. 27 S., R. 2 E., sec. 22, Willamette Meridian, to the confluence with the North Umpqua River, as a recreational river.

“(III) FORKS.—

“(aa) WEST FORK COPELAND CREEK.—The approximately 2.3-mile segment of West Copeland Creek from and including the headwaters to the confluence with Copeland Creek, as a scenic river.

“(bb) EAST FORK COPELAND CREEK.—The approximately 3.6-mile segment of
East Copeland Creek from and
including the headwaters to the
confluence with Copeland Creek,
as a scenic river.”.

(aa) QUARTZVILLE CREEK, OREGON.—Section 3(a)
of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a))
is amended by striking paragraph (97) and inserting the
following:

“(97) QUARTZVILLE CREEK, OREGON.—

“(A) MAINSTEM.—The approximately 24-
mile segment from and including the head-
waters in the Willamette National Forest to
slack water in Green Peter Reservoir, to be ad-
ministered by the Secretary of the Interior and
the Secretary of Agriculture as a recreational
river.

“(B) TRIBUTARIES.—The approximately
4-mile segment of Yellowstone Creek from and
including the headwaters to the confluence with
Quartzville Creek, to be administered by the
Secretary of the Interior as a scenic river.”.

(bb) SANDY, OREGON.—Section 3(a)(100) of the
Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(100)) is
amended—
(1) by redesignating subparagraphs (A) through (C) as clauses (i) through (iii), respectively, and indenting appropriately;

(2) by striking the paragraph designation and heading and all that follows through “as follows:” and inserting the following:

“(100) SANDY, OREGON.—The following segments, to be administered in the following classes:

“(A) MAINSTEM.—”;

(3) in subparagraph (A) (as so designated)—

(A) in clause (i) (as so redesignated), by striking the semicolon at the end and inserting a period;

(B) in clause (ii) (as so redesignated)—

(i) by striking “the 7.9” and inserting “The 7.9”; and

(ii) by striking “; and” and inserting a period;

(C) in clause (iii) (as so redesignated), by striking “the 12.5-mile” and inserting “The 12.5 mile”; and

(D) by adding at the end the following:

“(iv) The 1.1-mile segment from the confluence with the Salmon River to the west bound-
(v) The 2.3-mile segment from the north boundary of SW¼SE¼ sec. 21, T. 2 S., R. 6 E., Willamette Meridian to the west boundary of NE¼, sec. 19, T. 2 S., R. 6 E., Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

(vi) The 6.8-mile segment from the south boundary of T. 2 S., R. 5 E., sec. 13, Willamette Meridian, to the west boundaries of T. 2 S., R. 5 E., secs. 8 and 17, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.”; and

(4) by adding at the end the following:

“(B) TRIBUTARIES.—
“(i) Lost Creek.—The approximately 9-mile segment from and including the headwaters to the confluence with the Sandy River, to be administered by the Secretary of Agriculture as a scenic river.

“(ii) Clear Fork Sandy River.—The approximately 5.2-mile segment from and including the headwaters to the confluence with the Sandy River, to be administered by the Secretary of Agriculture as a scenic river.

“(iii) North Boulder Creek.—The approximately 3.5-mile segment from and including the headwaters to the west boundary of T. 2 S., R. 7 E., sec. 18, Willamette Meridian, to be administered by the Secretary of the Interior and the Secretary of Agriculture as a scenic river.

“(iv) Little Sandy River.—The approximately 2.2-mile segment of the Little Sandy River from the west boundary of T. 2 S., R. 5 S., sec. 11, Willamette Meridian, to the Bull Run Management Unit boundary, as a scenic river.”
(cc) SOUTH FORK JOHN DAY, OREGON.—Section 13(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (101) and inserting the following:

“(101) SOUTH FORK JOHN DAY, OREGON.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) MAINSTEM.—The approximately 54-mile segment from and including the headwaters in the Malheur National Forest to Smokey Creek, to be administered by the Secretary of the Interior and the Secretary of Agriculture as a recreational river.

“(B) TRIBUTARIES.—

“(i) MURDERERS CREEK.—

“(I) UPPER.—The approximately 2-mile segment of Murderers Creek from and including the headwaters to 0.01 mile above Forest Service Road 21, as a scenic river.

“(II) MIDDLE.—

“(aa) IN GENERAL.—The approximately 11.2-mile segment of Murderers Creek from 0.01
mile above Forest Service Road

21 to the east boundary of

SW$\frac{1}{4}$SW$\frac{1}{4}$ sec. 10., T. 15 S., R. 28 E., Willamette Meridian, as a recreational river.

“(bb) Detailed boundaries.—Non-Federal land located in a segment designated by item (aa) shall not be included in the detailed boundaries of the segment required under subsection (b).

“(III) Lower.—The approximately 4.5-mile segment of Murderers Creek from the east boundary of SW$\frac{1}{4}$SW$\frac{1}{4}$ sec. 10, T. 15 S., R. 28 E., Willamette Meridian, to the confluence with South Fork Murderers Creek, as a wild river.

“(IV) South Fork.—The approximately 10-mile segment of South Fork Murderers Creek from and including the headwaters to the confluence with Murderers Creek, as a scenic river.
“(V) Thorn Creek.—The approximately 7.2-mile segment of Thorn Creek from and including the headwaters to the west boundary of T. 15 S., R. 27 E., sec. 1, Willamette Meridian, as a wild river.

“(VI) Tex Creek.—The approximately 7.4-mile segment of Tex Creek from and including the headwaters to the confluence with Murderers Creek, as a recreational river.

“(ii) Deer Creek.—The approximately 12.5-mile segment of Deer Creek from and including the headwaters to the confluence with the South Fork John Day River, as a recreational river.”.

(dd) Whychus Creek, Oregon.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (102) and inserting the following:

“(102) Whychus Creek, Oregon.—The following segments to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:
“(A) DESIGNATIONS.—Several segments, comprising 70.9 miles, from the source to the hydrologic Gaging Station 800 feet upstream from the intake of the Plainview Ditch (including the Soap Creek, the North and South Forks of Whychus Creek, the East and West Forks of Park Creek, and Park Creek) as follows:

“(i) The 6.6-mile segment and several tributaries from the source to the Three Sisters Wilderness boundary, as a wild river.

“(ii) The 8.8-mile segment from the boundary of the Three Sisters Wilderness Area to the hydrologic Gaging Station 800 feet upstream from the intake of the Plainview Ditch, as a scenic river.

“(iii) The approximately 5.9-mile segment of Snow Creek from 100 feet below the Snow Creek irrigation ditch diversion to the confluence with Whychus Creek, as a scenic river.

“(iv) The approximately 7.6-mile segment of Whychus Creek from the Crooked River National Grassland boundary to the confluence with the Deschutes River, to be
administered by the Secretary of the Interior as a wild river, except that the segment 0.01 mile above to 0.01 mile below the centerline of Forest Service Road PU–3121 shall be managed as a scenic river.

“(B) WITHDRAWAL.—Subject to valid existing rights, the Federal land within the boundaries of the river segments designated by subparagraph (A) is withdrawn from all forms of—

“(i) entry, appropriation, or disposal under the public land laws;

“(ii) location, entry, and patent under the mining laws; and

“(iii) disposition under all laws relating to mineral and geothermal leasing or mineral materials.

“(C) EFFECT.—Nothing in this paragraph prohibits the construction of facilities necessary for emergency protection for the town of Sisters, Oregon, relating to a rapid discharge of Carver Lake if no other reasonable flood warning or control alternative exists.”.

(ce) UPPER ROGUE, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amend-
ed by striking paragraph (104) and inserting the follow-

“(104) UPPER ROGUE, OREGON.—The following segments, to be administered by the Secretary of Agriculture:

“(A) MAINSTEM.—The 40.3-mile segment from the Crater Lake National Park boundary to the Rogue River National Forest boundary in the following classes:

“(i) The 0.5-mile segment from the Crater Lake National Park boundary to approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing, as a scenic river.

“(ii) The 6.1-mile segment from approximately 0.1 mile downstream from the forest road 6530760 (West Lake Road) crossing to Minnehaha Creek, as a wild river.

“(iii) The 33.7-mile segment from Minnehaha Creek to the Rogue River National Forest boundary, as a scenic river.

“(B) FORKS.—

“(i) MIDDLE FORK.—The approximately 6.7-mile segment of the Middle
156

Fork Rogue River from the Sky Lakes
Wilderness boundary to the Rogue River-
Siskiyou National Forest boundary, as a
scenic river.

“(ii) SOUTH FORK.—

“(I) UPPER.—The approximately
12.4-mile segment of the South Fork
Rogue River from the Sky Lakes Wil-
derness boundary to South Fork Res-
ervoir Pool, as a scenic river.

“(II) MIDDLE.—The approxi-
mately 0.7-mile segment of the South
Fork Rogue River from 0.01 mile
below South Fork Dam to the Rogue
River-Siskiyou National Forest bound-
ary, as a recreational river.

“(C) TRIBUTARIES.—

“(i) BYBEE CREEK.—The approxi-
mately 9.7-mile segment from the Crater
Lake National Park boundary to the con-
fluence with the Rogue River, as a scenic
river.

“(ii) CASTLE CREEK.—The approxi-
mately 8.7-mile segment of Castle Creek
from the Crater Lake National Park
boundary to the confluence with the Rogue River, as a scenic river.

“(iii) MUIR CREEK.—

“(I) MAINSTEM.—The approximately 2.6-mile segment of Muir Creek and any associated wetlands from the confluence of West Fork Muir Creek and East Fork Muir Creek to the confluence with the Rogue Rover, as a scenic river.

“(II) WEST FORK.—The approximately 1.9-mile segment of West Fork Muir Creek from the Rogue-Umpqua Divide Wilderness boundary to the confluence with East Fork Muir Creek, as a scenic river.

“(III) EAST FORK.—The approximately 7-mile segment of East Fork Muir Creek from the source, including Beaver Meadows, to the confluence with West Fork Muir Creek, as a scenic river.

“(iv) RED BLANKET CREEK.—The approximately 8.7-mile segment of Red Blanket Creek from the Sky Lakes Wilderness
boundary to the Rogue River-Siskiyou National Forest boundary, as a scenic river.

“(v) UNION CREEK.—The approximately 15.3-mile segment of Union Creek from and including the headwaters to the confluence with the Rogue River, as a scenic river.

“(vi) SHERWOOD CREEK.—The approximately 3.6-mile segment of Sherwood Creek from the source at and including Three Lakes to the confluence with East Fork Muir Creek, as a scenic river.

“(vii) FOSTER CREEK.—The approximately 8.3-mile segment of Foster Creek from and including the headwaters to the confluence with the Rogue River, to be administered as a scenic river.

“(viii) HERSHBERGER CREEK.—The approximately 4.4-mile segment of Hershberger Creek from and including the headwaters to the confluence with Foster Creek, to be administered as a scenic river.

“(ix) MINNEHAHA CREEK.—The approximately 5-mile segment of Minnehaha Creek from and including the headwaters
to the confluence with the Rogue River, to
be administered as a scenic river.”.

(ff) West Little Owyhee, Oregon.—Section 3(a)
of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a))
is amended by striking paragraph (106).

(gg) White, Oregon.—Section 3(a)(107) of the
Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(107)) is
amended—

(1) by redesignating subparagraphs (A) through
(F) as clauses (i) through (vi), respectively, and in-
denting appropriately;

(2) in the matter preceding clause (i) (as so re-
designated), by striking “The 46.5-mile” and insert-
ing the following:

“(A) In General.—The 46.5-mile”;

(3) in each of clauses (ii), (iii), and (iv) (as so
redesignated), by striking the semicolon at the end
and inserting a period;

(4) in clause (ii) (as so redesignated), by strik-
ing “the 13.6” and inserting “The 13.6”;

(5) in clause (iii) (as so redesignated), by strik-
ing “the 6.5” and inserting “The 6.5”;

(6) in clause (iv) (as so redesignated), by strik-
ing “the 17.5” and inserting “The 17.5”;

(7) by striking clauses (v) and (vi) (as so redesignated) and inserting the following:

“(v) The 6.9-mile segment from Three Mile Creek to the confluence with the Deschutes River, to be administered by the Secretary of the Interior as a recreational river.

“(vi) Notwithstanding subsection (b), the lateral boundaries of the segment designated by this subparagraph shall include an average of 640 acres per mile measured from the ordinary high water mark on both sides of the river segment.”; and

(8) by adding at the end the following:

“(B) BOULDER CREEK.—In addition to the segments described in subparagraph (A), there are designated the following segments of Boulder Creek, to be administered by the Secretary of Agriculture, in the following classes:

“(i) UPPER.—The approximately 8.2-mile segment of Boulder Creek from and including the headwaters to the pool of the diversion dam in T. 4 S., R. 10 E., sec. 27, Willamette Meridian, as a scenic river.
“(ii) LOWER.—The approximately
3.2-mile segment of Boulder Creek from
the pool of the diversion dam in T. 4 S.,
R. 10 E., sec. 27, Willamette Meridian, to
the confluence with the White River, as a
scenic river.”.

(hh) SOUTH FORK CLACKAMAS RIVER, OREGON.—
Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C.
1274(a)) is amended by striking paragraph (171).

(ii) MIDDLE FORK HOOD, OREGON.—Section
3(a)(173) of the Wild and Scenic Rivers Act (16 U.S.C.
1274(a)(173)) is amended—

(1) by striking “The 3.7-mile” and inserting
the following:

“(A) IN GENERAL.—The 3.7-mile”; and

(2) by adding at the end the following:

“(B) ADDITIONS.—In addition to the seg-
ment described in subparagraph (A), there are
designated the following segments, to be admin-
istered by the Secretary of Agriculture, in the
following classes:

“(i) COE BRANCH.—The approxi-
mately 5.8-mile segment of the Coe branch
from and including the headwaters to the
confluence with the Middle Fork Hood River, as a wild river.

“(ii) ELLIOTT BRANCH.—The approximately 5.8-mile segment of the Elliott branch from and including the headwaters to the confluence with the Middle Fork Hood River, as a wild river.”.

(jj) ZIGZAG.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (175) and inserting the following:

“(175) ZIGZAG RIVER, OREGON.—The following segments in the State of Oregon, to be administered by the Secretary of Agriculture in the following classes:

“(A) The 4.3-mile segment of the Zigzag River from the headwaters to the Mount Hood Wilderness boundary, as a wild river.

“(B) The approximately 2.2-mile segment of the Zigzag River from the east boundary of T. 3 S., R. 8 E., sec. 15, Willamette Meridian, to the confluence with Lady Creek, as a recreational river”.

(kk) EAST FORK HOOD, OREGON.—Section 3(a)(177) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(177)) is amended—
(1) by striking “The 13.5-mile” and inserting the following:

“(A) IN GENERAL.—The 13.5-mile”; and

(2) by adding at the end the following:

“(B) ADDITIONS.—In addition to the segment described in subparagraph (A), there are designated the following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(i) DOG RIVER.—The approximately 4.6-mile segment from 0.1 miles below the diversion in T. 2 S., R. 10 E., sec. 11, Willamette Meridian, to the point at which the segment first leaves Forest Service ownership, as a scenic river.

“(ii) COLD SPRING CREEK.—The approximately 6.1-mile segment of Cold Springs Creek from and including the headwaters to the confluence with the East Fork Hood River, as a wild river.”.

(ll) MOLALLA, OREGON.—Section 3(a)(216) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(216)) is amended by striking subparagraph (A) and inserting the following:
“(A) IN GENERAL.—The following segments in the State of Oregon, to be administered by the Secretary of the Interior:

“(i) **MIDDLE MOLALLA RIVER.**—The approximately 15.1-mile segment from the southern boundary of T. 7 S., R. 4 E., sec. 19, Willamette Meridian, downstream to the edge of the Bureau of Land Management boundary in T. 6 S., R. 3 E., sec. 7, Willamette Meridian, as a recreational river.

“(ii) **UPPERMOST MOLALLA RIVER.**—The approximately 2.4-mile segment of the Molalla River from and including the headwaters to the west boundary of T. 7 S., R. 4 E., sec. 35, Willamette Meridian, as a scenic river.

“(iii) **TABLE ROCK FORK MOLALLA RIVER.**—The approximately 6.2-mile segment from the easternmost Bureau of Land Management boundary line in NE ¼ sec. 4, T. 7 S., R. 4 E., Willamette Meridian, downstream to the confluence with the Molalla River, as a recreational river.”
Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (217) and inserting the following:

“(217) NESTUCCA, OREGON.—The following segments, to be administered by the Secretary of Agriculture, except as otherwise provided, in the following classes:

“(A) MAINSTEM.—The approximately 24-mile segment from the confluence with Walker Creek downstream to the west boundary of E1/2SE1/4 sec. 32, T. 3 S., R. 8 W., Willamette Meridian, to be administered as a recreational river.

“(B) TRIBUTARIES.—

“(i) ELK CREEK.—The approximately 6.3-mile segment of Elk Creek from and including the headwaters to the confluence with the Nestucca River, to be administered by the Secretary of the Interior as a recreational river.

“(ii) ALDER CREEK.—The approximately 3.9-mile segment of Alder Creek from and including the headwaters to the
north boundary of T. 3 S., R. 9 W., sec. 36, Willamette Meridian, as a scenic river.

“(iii) Beulah Creek.—The approximately 3.4-mile segment of Beulah Creek from and including the headwaters to the confluence with Niagara Creek, as a scenic river.

“(iv) Boulder Creek.—The approximately 2.7-mile segment of Boulder Creek from and including the headwaters to the north boundary of $S^{1/2}SW^{1/4}$ sec. 2, T. 4 S., R. 9 W., Willamette Meridian, as a scenic river.

“(v) Dahl Fork Powder Creek.—The approximately 2.4-mile segment of Dahl Fork Powder Creek from and including the headwaters to the confluence with Powder Creek, as a scenic river.

“(vi) George Creek.—The approximately 1.5-mile segment of George Creek from and including the headwaters to the west boundary of T. 4 S., R. 9 W., sec. 7, Willamette Meridian, as a scenic river.

“(vii) Left Branch Powder Creek.—The approximately 3-mile seg-
167

ment of Left Branch Powder Creek from

and including the headwaters to the north

boundary of S\(\frac{1}{2}\)NW\(\frac{1}{4}\) sec. 9, T. 4 S., R.

8 W., Willamette Meridian, as a scenic

river.

“(viii) LIMESTONE CREEK.—The ap-

proximately 3.1-mile segment of Boulder

Creek from and including the headwaters

to the east boundary of T. 3 S., R. 8 W.,

sec. 31, Willamette Meridian, as a scenic

river.

“(ix) MINA CREEK.—The approxi-

mately 2-mile segment of Mina Creek from

and including the headwaters to the con-

fluence with the Nestucca River, as a sce-

nic river.

“(x) NIAGARA CREEK.—The approxi-

mately 7-mile segment of Niagara Creek

from and including the headwaters to the

confluence with the Nestucca River, as a

scenic river.

“(xi) PHEASANT CREEK.—The ap-

proximately 3-mile segment of Pheasant

Creek from and including the headwaters
168
to the confluence with Niagara Creek, as a
scenic river.

“(xii) POWDER CREEK.—The approximately 3.6-mile segment of Powder Creek from and including the headwaters to the east boundary of NW\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 9, T. 4 S., R. 8 W., Willamette Meridian, as a scenic river.

“(xiii) SHUEBLE CREEK.—The approximately 0.9-mile segment of Shueble Creek from and including the headwaters to the north boundary of SW\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 9, T. 4 S., R. 8 W., Willamette Meridian, as a scenic river.

“(xiv) TONY CREEK.—The approximately 2.3-mile segment of Tony Creek from and including the headwaters to the north boundary of S\(\frac{1}{2}\)SW\(\frac{1}{4}\) sec. 34, T. 3 S., R. 9 W., Willamette Meridian, as a scenic river.

“(xv) EAST BEAVER CREEK.—The approximately 8.1-mile segment of East Beaver Creek from and including the headwaters to the south boundary of NW\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 15, T. 3 S., R. 9 W.,
169

Willamette Meridian, to be administered by
the Secretary of Agriculture and the Sec-
retary of the Interior as a recreational
river.”.

(nn) Walker Creek and North Fork Silver
Creek, Oregon.—Section 3(a) of the Wild and Scenic
Rivers Act (16 U.S.C. 1274(a)) is amended by striking
paragraphs (218) and (219).

(oo) Jenny Creek, Oregon and California.—
Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C.
1274(a)) is amended by striking paragraph (220) and in-
serting the following:

“(220) Jenny Creek, Oregon and Califor-
nia.—The following segments, to be adminis-
tered by the Secretary of the Interior in the fol-
lowing classes:

“(A) Mainstems.—

“(i) Mainstem headwaters.—The
approximately 26.1-mile segment origi-
nating from the 3 headwaters as follows:

“(I) Central mainstem.—The
approximately 1.4-mile segment origi-
nating in SW¼ sec. 26, T. 38 S., R.
4 E., Willamette Meridian, above the
Pacific Crest National Scenic Trail.
“(II) West Mainstem.—The approximately 2.2-mile segment originating in NE ¼ sec. 27, T. 39 S., R. 4 E., Willamette Meridian, above the Pacific Crest National Scenic Trail.

“(III) East Mainstem.—The approximately 1.7-mile segment originating in SW ¼ sec. 35, T. 38 S., R. 4 E., Willamette Meridian, downstream to the Iron Gate Reservoir pool, to be administered by the Secretary of the Interior as a scenic river, except that, on the removal of Iron Gate Dam, the lower terminus shall extend to the confluence with the Klamath River.

“(ii) Alternative Mainstem of Jenny Creek.—The approximately 0.7-mile segment known as ‘Jenny Creek’ from the confluence of Soda Creek and Grizzly Creek to the confluence with Jenny Creek that flows southward into NW ¼ sec. 10, T. 39 S., R. 4 E., Willamette Meridian.

“(B) Tributaries.—
“(i) Grizzly Creek.—The approximately 2.1-mile segment of Grizzly Creek from the west boundary of SE ¼ SE ¼ sec. 32, T. 38 S., R. 4 E., Willamette Meridian, to the confluence with Soda Creek, as a recreational river.

“(ii) Soda Creek.—The approximately 3.8-mile segment of Soda Creek from and including the headwaters and including the unnamed fork that includes Dogwood Spring to the confluence with Grizzly Creek, as a recreational river.

“(iii) Skookum Creek.—

“(I) Upper.—The approximately 6-mile segment of Skookum Creek from and including the headwaters to the border between the States of Oregon and California, as a recreational river.

“(II) Lower.—The approximately 1-mile segment of Skookum Creek from the border of the States of Oregon and California to the confluence with Jenny Creek, as a wild river.
“(iv) Hartwell draw.—The approximately 0.8-mile segment of Hartwell Draw from the Soda Mountain Wilderness boundary to the confluence with Skookum Creek, as a scenic river.

“(v) Keene creek.—

“(I) Upper.—The approximately 0.9-mile segment of Keene Creek from the headwaters to Hyatt Reservoir pool, as a recreational river.

“(II) Lower.—The approximately 6.5-mile segment of Keene Creek from the north boundary of S½ sec. 4, T. 40 S., R. 3 E., Willamette Meridian, to the confluence with Jenny Creek, as a recreational river.

“(III) Parsnip Lakes area.—

The Parsnip Lakes Area, including all lakes, marshes, and connector streams in T. 40 S., R. 3 E., sec. 10, Willamette Meridian, to the confluence with Keene Creek, as a wild river.

“(vi) South fork Keene creek.—

The approximately 3.6-mile segment of South Fork Keene Creek from and includ-
ing the headwaters to the confluence with Keene Creek, as a scenic river.

“(vii) Devils Gulch.—The approximately 2.2-mile segment of Devils Gulch from and including the headwaters to the confluence with South Fork Keene Creek, as a recreational river.

“(viii) Cottonwood Creek.—The approximately 2.8-mile segment of Cottonwood Creek from and including the headwaters (including Cottonwood Glades) to the confluence with Keene Creek, as a recreational river.

“(ix) Burnt Creek.—The approximately 2.6-mile segment of Burnt Creek from and including the headwaters to the confluence with Keene Creek, as a recreational river.

“(x) Mill Creek.—The approximately 4.2-mile segment of Mill Creek from and including the headwaters to the confluence with Keene Creek, as a recreational river.

“(xi) Lincoln Creek.—The approximately 2.6-mile segment of Lincoln Creek
174

from and including the headwaters to the
confluence with Keene Creek, as a recre-
tional river.

“(xii) WEST FORK LINCOLN CREEK.—
The approximately 4.3-mile segments of
West Fork Lincoln Creek from and includ-
ing the headwaters in T. 40 S., R. 3 E.,
sec. 23, Willamette Meridian, to the con-
fluence with Lincoln Creek, as a recre-
tional river.

“(xiii) BEAVER CREEK.—The approxi-
mately 5.9-mile segment of Beaver Creek
from and including the headwaters to the
confluence with Jenny Creek, as a recre-
tional river.

“(xiv) SOUTH FORK BEAVER
CREEK.—The approximately 2.8-mile seg-
ment of South Fork Beaver Creek from
and including the headwaters to the con-
fluence with Beaver Creek, as a recre-
tional river.

“(xv) HOXIE CREEK.—The approxi-
mately 2.9-mile segment of Hoxie Creek
from the eastern boundary of T. 38 S., R.
4 E., sec. 17, Willamette Meridian, to
Howard Prairie Reservoir pool, as a recreational river.

“(xvi) GREEN CREEK.—The approximately 2.5-mile segment of Green Creek from and including the headwaters, including Big Springs, to the south boundary of T. 38 S., R. 4 E., sec. 35, Willamette Meridian, as a recreational river.

“(xvii) UNNAMED TRIBUTARY TO JOHNSON CREEK.—The 0.6-mile segment of an unnamed tributary to Johnson Creek from the east boundary of T. 39 S., R. 4 E., sec. 23, Willamette Meridian, to the confluence with Johnson Creek, as a wild river.

“(xviii) BLUEJAY CREEK.—The approximately 1-mile segment of Bluejay Creek from Bluejay Spring to the confluence with Jenny Creek, as a recreational river.

“(xix) JOHNSON CREEK.—

“(I) UPPER.—The approximately 3.2-mile segment of Johnson Creek from the source at an unnamed spring by Surveyor Mountain Campground
and an unnamed spring in NE\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 27, T. 38 S., R. 5 E., Willamette Meridian, to the south boundary of T. 38 S., R. 5 E., sec. 29, Willamette Meridian, as a scenic river.

“(II) LOWER.—The approximately 1.2-mile segment of Johnson Creek from the east boundary of T. 39 S., R. 4 E., sec. 23, Willamette Meridian, to the confluence with Jenny Creek, as a wild river.

“(xx) WEST FORK JOHNSON CREEK.—The approximately 7.7-mile segment of West Fork Johnson Creek from and including the headwaters and including all streams in T. 38 S., R. 4 E., sec. 25, Willamette Meridian, and T. 38 S., R. 5 E., secs. 20, 29, 30, 31, and 32, Willamette Meridian, to the south boundary of T. 38 S., R. 5 E., secs. 29 and 31, Willamette Meridian, as a recreational river.

“(xxi) EAST FORK JOHNSON CREEK.—The approximately 1.2-mile segment of East Fork Johnson Creek from
and including the headwaters, including an
unnamed spring in NE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 28, T. 38 S., R. 5 E., Willamette Meridian, to the
south boundary of T. 38 S., R. 5 E., see. 29, Willamette Meridian, as a recreational river.

"(xxii) COLD CREEK.—The approximately 2-mile segment of Cold Creek from
and including the headwaters to the west boundary of T. 39 S., R. 5 E., see. 3, Will-
amette Meridian, as a scenic river.

"(xxiii) SHEEPY CREEK.—The approximately 3.5-mile segment of Sheepy Creek that includes all stream reaches on
public land in T. 39 S., R. 5 E., secs. 11 and 13, Willamette Meridian and T. 39 S.,
R. 6 E., sec. 7, Willamette Meridian, as a recreational river.

"(xxiv) EAST FORK BEAVER CREEK.—
The approximately 1.2-mile segment from
0.1 mile below the irrigation canal in T. 39 S., R. 3 E., see. 29, Willamette Meridian,
as a recreational river.

"(xxv) UNNAMED TRIBUTARY TO
JENNY CREEK.—The approximately 0.9-
mile segment from 0.1 mile below the irrigation canal in T. 39 S., R. 4 E., sec. 28, Willamette Meridian, as a scenic river.”.

(pp) LOBSTER CREEK, OREGON.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by striking paragraph (222) and inserting the following:

“(222) LOBSTER CREEK, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 4.1-mile segment from T. 15 S., R. 8 W., sec. 35, Willamette Meridian, downstream to the northern edge of the Bureau of Land Management boundary in T. 15 S., R. 8 W., sec. 15, Willamette Meridian, as a recreational river.

“(B) EAST FORK.—The approximately 4.1-mile segment of East Fork Lobster Creek from and including the headwaters to the confluence with Lobster Creek, as a recreational river.

“(C) SOUTH FORK.—The approximately 3-mile segment of South Fork Lobster Creek from and including the headwaters to the confluence with Lobster Creek, as a recreational river.”.
Section 3(a)(223) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(223)) is amended—

(1) by striking “The approximately” and inserting the following:

“(A) MAINSTEM.—The approximately”;

and

(2) by adding at the end the following:

“(B) BITTER LICK CREEK.—The approximately 6.5-mile segment of Bitter Lick Creek from and including the headwaters to the south boundary of T. 31 S., R. 1 E., sec. 36, Willamette Meridian, to be administered by the Secretary of Agriculture as a wild river.”.

SEC. 8. DESIGNATION OF ADDITIONAL COMPONENTS OF THE NATIONAL WILD AND SCENIC RIVERS SYSTEM.

Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by adding at the end the following:

“(231) APPLEGATE HEADWATERS, OREGON AND CALIFORNIA.—The following segments, to be administered by the Secretary of Agriculture in the following classes:
“(A) MAINSTEM.—The approximately 5-mile segment of the Applegate River from the confluence of the Butte Fork Applegate River and the Middle Fork Applegate River in SE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 25, T. 48 N., R. 12 W., Mount Diablo Meridian, to Applegate Reservoir Pool at Seattle Bar, as a recreational river.

“(B) FORKS.—

“(i) MIDDLE FORK.—

“(I) UPPER.—The approximately 2-mile segment of the Middle Fork Applegate River from the west boundary of T. 48 N., R. 12 W., sec. 19, Mount Diablo Meridian, to the confluence with Camp Gulch, as a wild river.

“(II) MIDDLE.—The approximately 5.4-mile segment of the Middle Fork Applegate River from the confluence with Camp Gulch to 0.01 mile above Forest Service Road 1040, as a scenic river.

“(III) LOWER.—The approximately 1.3-mile segment of the Middle Fork Applegate River from and in-
excluding the headwaters to the confluence with the Butte Fork Applegate River, as a recreational river.

“(ii) BUTTE FORK.—The approximately 1.2-mile segment of the Butte Fork Applegate River from the Red Buttes Wilderness boundary to the confluence with Middle Fork Applegate River, as a wild river.

“(C) TRIBUTARIES.—

“(i) STRICKLING GULCH.—The approximately 1.3-mile segment of Stricklin Gulch from and including the headwaters to the confluence with the Applegate River, as a wild river.

“(ii) RESERVOIR GULCH.—The approximately 1.3-mile segment of Reservoir Gulch from and including the headwaters to the confluence with the Applegate River, as a wild river.

“(iii) LICK GULCH.—The approximately 1.4-mile segment of Lick Gulch from and including the headwaters to the confluence with the Applegate River, as a wild river.
“(iv) COOK AND GREEN CREEK.—The approximately 5-mile segment of Cook and Green Creek from and including the headwaters to the confluence with the Applegate River, as a wild river.

“(v) BEAR GULCH.—The approximately 1.3-mile segment of Bear Gulch from and including the headwaters to the confluence with the Applegate River, as a scenic river.

“(vi) WHISKY CREEK.—

“(I) UPPER.—The approximately 1.7-mile segment of Whisky Creek from and including the headwaters to the south boundary of T. 41 S., R. 4 W., sec. 7, Willamette Meridian, as a scenic river.

“(II) LOWER.—The approximately 3.3-mile segment of Whisky Creek California-Oregon border to the confluence with the Applegate River, as a scenic river.

“(vii) MARBLE GULCH.—The approximately 0.5-mile segment of Marble Gulch from the Red Buttes Wilderness boundary
to the confluence with the Middle Fork App-plegate River, as a scenic river.

“(viii) FRENCH GULCH.—The ap-
proximately 0.5-mile segment of French
Gulch from the Red Buttes Wilderness
boundary to the confluence with the Middle
Fork Applegate River, as a scenic river.

“(ix) BEAN GULCH.—The approxi-
mately 1.6-mile segment of Bean Gulch
from the Red Buttes Wilderness boundary
to the confluence with the Middle Fork Ap-
plegate River, as a scenic river.

“(x) CAMP GULCH.—The approxi-
mately 0.8-mile segment of Camp Gulch
from the Red Buttes Wilderness boundary
to the confluence with the Middle Fork Ap-
plegate River, as a scenic river.

“(xi) SLIDE CREEK.—The approxi-
mately 1.1-mile segment of Slide Creek
from and including the headwaters in T.
47 N., R. 11 W., sec. 6, Mount Diablo Me-
ridian, to the confluence with the Butte
Fork Applegate River in SE\frac{1}{4}NE\frac{1}{4} sec.
36, T. 48 N., R. 12 W., Mount Diablo Me-
ridian, as a wild river.
184

“(xii) ECHO CANYON CREEK.—The approximately 2-mile segment of Echo Canyon Creek from and including the headwaters (including Echo Lake) to the confluence with the Butte Fork Applegate River, as a wild river.

“(xiii) TAMARACK CREEK.—The approximately 2.5-mile segment of Tamarack Creek from and including the headwaters to the confluence with Elliott Creek, as a scenic river.

“(xiv) KETTLE CREEK.—The approximately 1.5-mile segment of Kettle Creek from and including the headwaters (including Kettle Lake) to the confluence with the Silver Fork Elliott Creek, as a scenic river.

“(xv) ELLIOTT CREEK.—The approximately 9-mile segment of Elliott Creek from the confluence of the Wards Fork and Dog Fork of Elliott Creek to the confluence with the Applegate River south of the California-Oregon border, as a scenic river.

“(D) STEIN GULCH FORK.—The approximately 1.3-mile segment of Stein Gulch from
and including the headwaters to the confluence with Elliott Creek, as a scenic river.

“(E) Non-Federal land.—The Secretary of Agriculture shall not include any non-Federal land in the Elliot Creek watershed within the detailed boundaries required under subsection (b) for a segment designated by this paragraph.

“(232) Bear and Deer Creeks, Oregon.—

The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Upper Bear Creek.—The approximately 4-mile segment of Bear Creek from the Eagle Cap Wilderness boundary to the north boundary of T. 1 S., R. 42 E., sec. 22, Willamette Meridian, as a wild river.

“(B) Lower Bear Creek.—The approximately 0.5-mile segment of Bear Creek from the north boundary of T. 1 S., R. 42 E., sec. 22, Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 15, T. 1 S., R. 41 E., Willamette Meridian, as a recreational river.

“(C) Doc Creek.—The approximately 4.5-mile segment of Doc Creek from the Eagle Cap Wilderness boundary to the confluence with Chaparral Creek, as a wild river.
“(D) DEER CREEK.—The approximately 9-mile segment of Deer Creek from and including the headwaters to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 31, T. 1 N., R. 43 E., Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.

“(E) SAGE CREEK.—The approximately 4.1-mile segment of Sage Creek from and including the headwaters to the confluence with Deer Creek, as a scenic river.

“(233) BEAR CREEK HEADWATERS, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) EMIGRANT CREEK.—The approximately 6.2-mile segment of Emigrant Creek from and including the headwaters to the confluence with Baldy Creek, as a recreational river.

“(B) PORCUPINE CREEK.—The approximately 3.6-mile segment of Porcupine Creek from and including the headwaters to the confluence with Emigrant Creek, as a scenic river.

“(C) GREEN MOUNTAIN CREEK.—The approximately 5-mile segment of Green Mountain
Creek from and including the headwaters in T. 40 S., R. 2 E., sec. 25, Willamette Meridian, and T. 40 S., R. 3 E., secs. 19 and 30, Willamette Meridian, to the confluence with Emigrant Creek, as a wild river.

“(D) BALDY CREEK.—The approximately 9.1-mile segment of Baldy Creek from and including the headwaters in T. 40 S., R. 3 E., secs. 16, 17, 18, 19, 21, 28, and 29, Willamette Meridian, to the confluence with Emigrant Creek, as a recreational river.

“(E) SAMPS ON CREEK.—The approximately 7.7-mile segment of Sampson Creek from and including the headwaters to Emigrant Reservoir, as a recreational river.

“(F) RIGHT FORK SAMPSON CREEK.—The approximately 2-mile segment of the Right Fork Sampson Creek from and including the headwaters to the confluence with Sampson Creek, as a wild river.

“(G) CATTLE CREEK.—The approximately 2.6-mile segment of Cattle Creek from and including the headwaters to Emigrant Reservoir pool, as a recreational river.
“(H) Soda Creek.—The approximately 1.3-mile segment of Soda Creek from and including the headwaters to 0.1 mile above Oregon Highway 66, as a recreational river.

“(I) Gaerky Creek.—The approximately 3.6-mile segment of Gaerky Creek from and including the headwaters to the southern boundary of T. 38 S., R. 1 E., sec. 36, Willamette Meridian, as a wild river.

“(J) Walker Creek.—The approximately 3.9-mile segment of Walker Creek from and including the headwaters to 0.01 mile above Dead Indian Memorial Road, as a scenic river.

“(K) Sweathouse Canyon Creek.—The approximately 2.7-mile segment of Sweathouse Canyon Creek from and including the headwaters to the confluence with Walker Creek, as a scenic river.

“(L) Dosier Flat Fork of Cove Creek.—The approximately 1.1-mile segment of the Dosier Flat Fork of Cove Creek from the south boundary of T. 39 S., R. 2 E., sec. 3, Willamette Meridian, to the north boundary of T. 39 S., R. 2 E., sec. 3, Willamette Meridian, as a recreational river.
“(M) BLACK CANYON.—The approximately 2.8-mile segment of Black Canyon from and including the headwaters to the south boundary of NE\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 18, T. 8 S., R. 48 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(234) BLACK CANYON CREEK, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) UPPER.—The approximately 2.2-mile segment of Black Canyon Creek from and including the headwaters to the west boundary of T. 20 S., R. 40 E., sec. 19, Willamette Meridian, as a wild river.

“(B) LOWER.—The approximately 1.7-mile segment of Black Canyon Creek from the west boundary of T. 20 S., R. 40 E., sec. 19, Willamette Meridian, to the west boundary of NE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 25, T. 20 S., R. 39 E., Willamette Meridian, as a scenic river.

“(235) BLUE, OREGON.—The approximately 8.7-mile segment of the Blue River from the confluence of Mann Creek and Wolf Creek to Blue River Reservoir pool, to be administered by the Secretary of Agriculture as a recreational river.
“(236) BREITENBUSH, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 0.2-mile segment of the Breitenbush River from the confluence of the North and South Forks of the Breitenbush River to the west boundary of T. 9 S., R. 9 E., sec. 21, Willamette Meridian, as a scenic river.

“(ii) LOWER.—The approximately 9.1-mile segment of the Breitenbush River from the west boundary of NE ¼ sec. 20, T. 9 S., R. 7 E., Willamette Meridian, to Detroit Reservoir pool, as a recreational river.

“(B) FORKS.—

“(i) NORTH FORK BREITENBUSH RIVER.—The approximately 11.9-mile segment of the North Fork Breitenbush River from the Warm Springs Reservation boundary to the confluence with the South Fork Breitenbush River, as a scenic river.

“(ii) SOUTH FORK BREITENBUSH RIVER.—The approximately 5.6-mile seg-
ment of the South Fork Breitenbush River
from the Mount Jefferson Wilderness
boundary to the confluence with the North
Fork Breitenbush River, as a scenic river.

“(C) TRIBUTARIES.—

“(i) DEVILS CREEK.—The approximately 6.1-mile segment of Devils Creek
from and including the headwaters to the
north boundary of SE\(\frac{3}{4}\) sec. 20, T. 9 S.,
R. 9 E., Willamette Meridian, as a scenic
river.

“(ii) HUMBUG CREEK.—The approximately 6.4-mile segment of Humbug Creek
from and including the headwaters to the
confluence with the Breitenbush River, as
a scenic river.

“(iii) EAST FORK HUMBUG CREEK.—
The approximately 6.5-mile segment of
East Fork Humbug Creek from and in-
cluding the headwaters to the confluence
with Humbug Creek, as a scenic river.

“(iv) FRENCH CREEK.—The approxi-
mately 5.8-mile segment of French Creek
from the headwater forks arising in T. 9
S., R. 5 E., secs. 29 and 30, Willamette
Meridian, including several waterfalls to Detroit Reservoir pool, as a recreational river.

“(237) Brice Creek, Oregon.—The approximately 13.2-mile segment of Brice Creek from and including the headwaters to the Umpqua National Forest boundary, to be administered by the Secretary of Agriculture as a recreational river.

“(238) Buck Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(A) Upper.—The approximately 7.2-mile segment of Buck Creek from and including the headwaters that arise from several springs in secs. 16, 17, 18, 19, 20, 21, 28, 29, and 30, T. 30 S., R. 12 E., Willamette Meridian, to 0.01 mile above Forest Service Road 7645, as a wild river.

“(B) Lower.—The approximately 7.2-mile segment of Buck Creek from 0.01 mile above Forest Service Road 7645 to the north boundary of S½ sec. 12, T. 29 S., R. 12 E., Willamette Meridian, as a scenic river.

“(239) Burnt, Oregon.—
“(A) IN GENERAL.—The approximately 15.1-mile segment of the Burnt River from the south boundary of T. 12 S., R. 41 E., sec. 20, Willamette Meridian, to the east boundary of SW¼ sec. 26, T. 11 S., R. 42 E., Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(B) NON-FEDERAL LAND.—The Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for the segment designated by subparagraph (A).

“(240) CALAPOOIA, OREGON.—The approximately 4.1-mile segment of the Calapooia River from and including the headwaters to the boundary of the Willamette National Forest, to be administered by the Secretary of Agriculture as a recreational river.

“(241) CANYON CREEK, OREGON.—The approximately 5.7-mile segment of Canyon Creek from the east boundary of W½ sec. 10, T. 22 S., R. 39 E., Willamette Meridian, to the confluence with Hunter Creek, to be administered by the Secretary of the Interior as a wild river.
194

“(242) CHEWAUCAN, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 22-mile segment of the Chewaucan River from the west boundary of T. 36 S., R. 18 E., sec. 15, Willamette Meridian, to the east boundary of T. 33 S., R. 18 E., sec. 27, Willamette Meridian, as a recreational river.

“(B) SWAMP CREEK.—The approximately 4.7-mile section of Swamp Creek from the east boundary of T. 36 S., R. 18 E., sec. 25, Willamette Meridian, to the confluence with the Chewaucan River, as a scenic river.

“(C) DETAILED BOUNDARIES.—The Secretary of Agriculture shall not include any non-Federal land within the detailed boundaries required under subsection (b) for a segment designated by this paragraph.

“(243) COTTONWOOD CREEK, OREGON.—The approximately 20.2-mile segment of Cottonwood Creek from the west boundary of E1/2NE1/4 sec. 8, T. 23 S., R. 39 E., Willamette Meridian, to the east boundary of T. 21 S., R. 41 E., sec. 15, Willamette
Meridian, to be administered by the Secretary of the Interior as a wild river.

“(244) Crabtree Creek, Oregon.—The approximately 5.2-mile segment of Crabtree Creek from and including the headwaters (including Crabtree Lake) to the south boundary of T. 11 S., R. 2 E., sec. 12, Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.

“(245) Deep Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) Mainstem.—

“(i) Upper Mainstem.—The approximately 1.4-mile segment of Deep Creek from the confluence of the South Fork Deep Creek and the Middle Fork Deep Creek to the east boundary of W²⁄₂ sec. 29, T. 40 S., R. 22 E., Willamette Meridian, as a scenic river.

“(ii) Middle Mainstem.—

“(I) Upper.—The approximately 3.9-mile segment of Deep Creek from the west boundary of T. 39 S., R. 23
E., sec. 30, Willamette Meridian, to the confluence with Drake Creek, as a wild river.

“(II) MIDDLE.—The approximately 1.9-mile segment of Deep Creek from the confluence with Drake Creek to the east boundary of NW¼ sec. 23, T. 39 S., R. 23 E., Willamette Meridian, as a recreational river.

“(III) LOWER.—The approximately 2.7-mile segment of Deep Creek from the west boundary of sec. 24, T. 39 S., R. 23 E., Willamette Meridian, to the east boundary of W¼ sec. 20, T. 39 S., R. 24 E., Willamette Meridian, as a recreational river.

“(B) FORKS.—

“(i) SOUTH FORK DEEP CREEK.—The approximately 3.6-mile segment of South Fork Deep Creek from and including the headwaters to the confluence with North Fork Deep Creek, as a scenic river.

“(ii) MIDDLE FORK DEEP CREEK.—The approximately 3.1-mile segment of
Middle Fork Deep Creek from and including the headwaters to the confluence with South Fork Deep Creek, as a scenic river.

“(iii) NORTH FORK DEEP CREEK.— The approximately 2.9-mile segment of North Fork Deep Creek from and including the headwaters to the confluence with South Fork Deep Creek, as a scenic river.

“(C) TRIBUTARIES.—

“(i) DISMAL CREEK.—The approximately 8.2-mile segment of Dismal Creek from and including the headwaters (including the Dismal Swamp and any associated wetlands and springs) to the north boundary of T. 40 S., R. 32 E., sec. 32, Willamette Meridian, as a scenic river.

“(ii) WEST FORK DISMAL CREEK.— The approximately 3.1-mile segment of West Fork Dismal Creek from and including the headwaters to the confluence with Dismal Creek, as a wild river.

“(iii) CAMAS CREEK.—The approximately 3.3-mile segment of Camas Creek from the north boundary of T. 39 S., R. 22 E., sec. 12, Willamette Meridian, to the
confluence with Deep Creek, as a wild river.

“(246) DRIFT CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MIDDLE MAINSTEM.—The approximately 12.3-mile segment of Drift Creek from the east boundary of T. 7 S., R. 10 W., sec. 36, Willamette Meridian, to the west boundary of T. 8 S., R. 10 W., sec. 7, Willamette Meridian, to be administered as a wild river, except that the portion of Drift Creek that flows through the permitted area of the Drift Creek Organizational Camp shall be administered as a scenic river.

“(B) TRIBUTARIES.—

“(i) QUARRY CREEK.—The approximately 2.7-mile segment of Quarry Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(ii) WILDCAT CREEK.—The approximately 2.5-mile segment of Wildcat Creek from and including the headwaters to the
confluence with Drift Creek, as a wild river.

“(iii) NORTH CREEK.—The approximately 2.5-mile segment of North Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(iv) SMITH CREEK.—The approximately 3.7-mile segment of Smith Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(v) SAMPSON CREEK.—The approximately 0.8-mile segment of Sampson Creek from and including the headwaters to the confluence with Drift Creek, as a wild river.

“(247) EAST STEENS MOUNTAIN, OREGON.—
The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) INDIAN CREEK.—

“(i) UPPER.—The approximately 2.5-mile segment of Indian Creek from and including the headwaters to 0.01 mile above the road crossing in T. 34 S., R. 34 E.,
sec. 30, Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 3.9-mile segment of Indian Creek from 0.01 mile above road crossing in T. 34 S., R. 34 E., sec. 30, Willamette Meridian, to the east boundary of T. 34 S., R. 34 E., sec. 29, Willamette Meridian, as a scenic river.

“(B) PIKE CREEK.—The approximately 2.9-mile segment of Pike Creek from and including the headwaters to the east boundary of T. 34 S., R. 34 E., sec. 20, Willamette Meridian, as a wild river.

“(C) LITTLE ALVORD CREEK.—The approximately 3.2-mile segment of Little Alvord Creek from and including the headwaters to the east boundary of NW 1/4SW 1/4 sec. 9, T. 35 S., R. 34 E., Willamette Meridian, as a wild river.

“(D) BIG ALVORD CREEK.—The approximately 3.6-mile segment of Big Alvord Creek from and including the headwaters to the east boundary of SE 1/4SW 1/4 sec. 33, T. 33 S., R. 34 E., Willamette Meridian, as a wild river.
“(E) COTTONWOOD CREEK.—The approximately 2.8-mile segment of Cottonwood Creek from and including the headwaters to the east boundary of T. 34 S., R. 33 E., sec. 28, Willamette Meridian, as a wild river.

“(F) LITTLE MCCOY CREEK.—The approximately 3.5-mile segment of Little McCoy Creek from and including the headwaters to the east boundary of W½ sec. 2, T. 33 S., R. 34 E., Willamette Meridian, as a wild river.

“(G) CASTLE ROCK CREEK.—The approximately 3.1-mile segment of Castle Rock Creek from and including the headwaters to the east boundary of W½ sec. 35, T. 32 S., R. 34 E., Willamette Meridian, as a wild river.

“(H) MANN CREEK.—The approximately 1.4-mile segment of Mann Creek from the north boundary of SE¼ sec. 28, T. 32 S., R. 34 E., Willamette Meridian, to the east boundary of T. 32 S., R. 34 E., sec. 27, Willamette Meridian, as a wild river.

“(I) MOSQUITO CREEK.—The approximately 4.2-mile segment of Mosquito Creek from and including the headwaters to the east
boundary of T. 33 S., R. 34 E., sec. 10, Willamette Meridian, as a wild river.

“(J) BUENA VISTA CREEK.—The approximately 2-mile segment of Buena Vista Creek from and including the headwaters to the confluence with Mosquito Creek, as a wild river.

“(K) WILLOW CREEK.—The approximately 3.6-mile segment of Willow Creek from and including the headwaters to the east boundary of T. 33 S., R. 34 E., sec. 15, Willamette Meridian, as a wild river.

“(248) FAIRVIEW CREEK, OREGON.—The approximately 3.5-mile segment of Fairview Creek from and including the headwaters to 0.01 mile above Sharps Creek Road, to be administered by the Secretary of Agriculture as a scenic river.

“(249) FALL CREEK, OREGON.—The approximately 18.1-mile segment of Fall Creek from and including the headwaters to the west boundary of T. 18 S., R. 2 E., sec. 31, Willamette Meridian, to be administered by the Secretary of Agriculture as a recreational river.

“(250) FALL CREEK, OREGON AND CALIFORNIA.—
“(A) IN GENERAL.—The approximately 6-mile segment of Fall Creek from the north boundary of T. 40 S., R. 4 E., sec. 35, Willamette Meridian, to the south boundary of T. 48 N., R. 4 W., sec. 18, Mount Diablo Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(B) NON-FEDERAL LAND.—The Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for the segment designated by subparagraph (A).

“(251) FORKS OF CARBERRY CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) FORKS.—

“(i) STEVE FORK.—

“(I) MAINSTEM.—The approximately 10.7-mile segment of Steve Fork of Carberry Creek from and including the headwaters to the east boundary of T. 40 S., R. 4 W., sec. 19, Willamette Meridian, as a scenic river.
“(II) RIGHT HAND FORK.—The approximately 3.6-mile segment (consisting of 4 segments of 0.3, 1.1, 1.5, and 0.7 miles) of Right Hand Fork Steve Fork of Carberry Creek from and including the headwaters to the confluence with Steve Fork of Carberry Creek, as a recreational river.

“(ii) STURGIS FORK.—The approximately 7.7-mile segment of Sturgis Fork from and including the headwaters to the east boundary of T. 40 S., R. 5 W., sec. 13, Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—

“(i) OSIER CREEK.—The approximately 1.8-mile segment of Osier Creek from and including the headwaters to the confluence with Steve Fork of Carberry Creek, as a scenic river.

“(ii) LOW GAP CREEK.—The approximately 2.1-mile segment of Low Gap Creek from and including the headwaters to the
confluence with Steve Fork of Carberry Creek, as a scenic river.

“(iii) O’CONNELL CREEK.—The approximately 2-mile segment of O’Connell Creek from and including the headwaters to the confluence with Steve Fork of Carberry Creek, as a recreational river.

“(iv) LITTLE CRAGGY CREEK.—The approximately 1.2-mile segment of Little Craggy Creek from and including the headwaters to the confluence with Right Hand Fork Steve Fork of Carberry Creek, as a scenic river.

“(v) Craggy Creek.—The approximately 1.6-mile segment of Craggy Creek from and including the headwaters to the confluence with Right Hand Fork Steve Fork of Carberry Creek, as a scenic river.

“(vi) Lewis Creek.—The approximately 1.8-mile segment of Lewis Creek from and including the headwaters to the confluence with Sturgis Fork Carberry Creek, as a wild river.

“(vii) Miller Lake Creek.—The approximately 1.2-mile segment of Miller
Lake Creek from and including the headwaters (including Miller Lake and an unnamed lake above Miller Lake) to the confluence with Sturgis Fork Carberry Creek, as a scenic river.

“(viii) Bigelow Creek.—The approximately 2.2-mile segment of Bigelow Creek from and including the headwaters to the confluence with Sturgis Fork Carberry Creek, as a scenic river.

“(ix) Deer Creek.—The approximately 1.3-mile segment of Deer Creek from and including the headwaters to the confluence with Sturgis Fork Carberry Creek, as a scenic river.

“(x) O’Brien Creek.—The approximately 4.8-mile segment of O’Brien Creek from and including the headwaters to the confluence with Sturgis Fork Carberry Creek, as a scenic river.

“(xi) Brush Creek.—The approximately 4.3-mile segment of Brush Creek from and including the headwaters to the south boundary of NE 1/4 sec. 21, T. 40 S.,
R. 4 E., Willamette Meridian, as a scenic river.

“(xii) BROADENAXE CREEK.—The approximately 2.1-mile segment of Broadenaxe Creek from and including the headwaters to the confluence with Brush Creek, as a scenic river.

“(xiii) LONG GULCH.—The approximately 2.2-mile segment of Long Gulch from and including the headwaters to the west boundary of NE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 19, T. 38 S., R. 3 W., Willamette Meridian, as a wild river.

“(252) FORKS OF THE BURNT, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) FORKS.—

“(i) NORTH FORK.—

“(I) UPPER.—The approximately 9.3-mile segment of the North Fork Burnt River from and including the headwaters to the north boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 25, T. 10 S., R. 35.5 E., Willamette Meridian, as a recreational river.
“(II) LOWER.—The approximately 6.9-mile segment of the North Fork Burnt River from the boundary of SW¼NE¼ sec. 3, T. 11 S., R. 36 E., Willamette Meridian, to the north boundary of NW¼ SW¼ sec. 30, T. 11 S., R. 37 E., Willamette Meridian, as a recreational river.

“(ii) WEST FORK.—The approximately 3.8-mile segment of the West Fork Burnt River from the confluences of North, Middle, and South Three Sisters Creeks to the Wallowa-Whitman National Forest boundary, as a recreational river.

“(iii) MIDDLE FORK.—The approximately 6.1-mile segment of the Middle Fork Burnt River from and including the headwaters to the Wallowa-Whitman National Forest boundary, as a recreational river.

“(iv) SOUTH FORK.—The approximately 5.3-mile segment of the South Fork Burnt River from and including the headwaters to the Wallowa-Whitman National Forest boundary, as a recreational river.
“(B) Bullrun Creek.—The approximately 2.6-mile segment of Bullrun Creek from the Monument Rock Wilderness boundary to 0.01 mile above the Eldorado Ditch, as a wild river.

“(253) Forks of the Walla Walla, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Forks.—

“(i) North Fork Walla Walla River.—The approximately 8.2-mile segment of the North Fork Walla Walla River from and including the headwaters to the west boundary of T. 5 N., R. 38 E., sec. 29, Willamette Meridian, as a wild river.

“(ii) South Fork Walla Walla River.—The approximately 19.6-mile segment of the South Fork Walla Walla River from and including the headwaters to the west boundary of SE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 10, T. 4 N., R. 37 E., Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a wild river.
“(B) TRIBUTARIES.—

“(i) SKIPHORTON CREEK.—The approximately 3.3-mile segment of Skiphorton Creek from and including the headwaters to the confluence with the South Fork Walla Walla River, as a wild river.

“(ii) RESER CREEK.—The approximately 4.6-mile segment of Reser Creek from and including the headwaters to the confluence with the South Fork Walla Walla River, as a wild river.

“(254) GUANO CREEK, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) GUANO CREEK.—

“(i) UPPER.—The approximately 14.5-mile segment of Guano Creek from and including the headwaters to Jacobs Reservoir pool, as a scenic river.

“(ii) LOWER.—The approximately 10.1-mile segment of Guano Creek from 100 feet below Jacobs Reservoir Dam to Shirk Lake, as a wild river.

“(B) SHIRK LAKE.—
“(i) IN GENERAL.—Shirk Lake and any associated wetlands.

“(ii) EFFECT.—Nothing in this Act affects the management of water levels at Shirk Lake due to the exercise of existing valid rights or for the benefit of native wildlife.

“(255) HEADWATERS OF PINE CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) PINE CREEK.—The approximately 1.3-mile segment of Pine Creek from the confluence of Middle Fork West Fork Pine Creek to the south boundary of T. 6 S., R. 45 E., sec. 22, Willamette Meridian, as a wild river.

“(B) WEST FORK PINE CREEK.—The approximately 0.6-mile segment of West Fork Pine Creek from the Eagle Cap Wilderness boundary to the confluence with Middle Fork Pine Creek, as a wild river.

“(C) MIDDLE FORK PINE CREEK.—The approximately 1.1-mile segment of Middle Fork Pine Creek from the Eagle Cap Wilderness
boundary to the confluence with West Fork Pine Creek, as a wild river.

“(D) EAST FORK PINE CREEK.—The approximately 7.9-mile segment of East Fork Pine Creek from and including the headwaters to the confluence with Pine Creek, as a scenic river.

“(E) TRAIL CREEK.—The approximately 4.4-mile segment of Trail Creek from and including the headwaters to the confluence with Clear Creek, as a scenic river.

“(F) CLEAR CREEK.—

“(i) UPPER.—The approximately 4.1-mile segment of Clear Creek from 0.01 mile below Clear Creek Reservoir to the south boundary of NE1/4 sec. 30, T. 6 S., R. 46 E., Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 5-mile segment of Clear Creek from the south boundary of NE1/4 sec. 30, T. 6 S., R. 46 E., Willamette Meridian, to the south boundary of N1/2NE1/4 sec. 19, T. 7 S., R. 46 E., Willamette Meridian, as a recreational river.
“(G) Fish Creek.—The approximately 8.4-mile segment of Fish Creek from and including the headwaters to the south boundary of T. 7 S., R. 47 E., sec. 18, Willamette Meridian, as a recreational river.

“(H) Lake Fork Creek.—

"(i) Upper.—The approximately 12.9-mile segment of Lake Fork Creek from and including the headwaters to 100 feet above the Lake Fork Campground, as a wild river.

"(ii) Lower.—The approximately 0.5-mile segment of Lake Fork Creek from 100 feet above Lake Fork Campground to the confluence with North Pine Creek, as a recreational river.

“(I) Elk Creek.—The approximately 8.1-mile segment of Elk Creek from and including the headwaters to the confluence with Lake Fork Creek, as a wild river.

“(256) Honey Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 7.3-mile segment of Honey Creek from and includ-

214

ing the headwaters to the east boundary of T. 36 S., R. 22 E., sec. 29, Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) LITTLE HONEY CREEK.—The approximately 7.3-mile segment of Little Honey Creek from and including the headwaters to east boundary of T. 36 S., R. 22 E., sec. 29, Willamette Meridian, as a scenic river.

“(ii) WHITE PINE MARSH CREEK.—

The approximately 3.5-mile segment of headwaters above and including White Pine Marsh to the confluence with Little Honey Creek, as a scenic river.

“(257) HOSMER LAKE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) HOSMER LAKE.—Hosmer Lake and any associated wetlands, as a scenic river.

“(B) TRIBUTARIES.—

“(i) QUINN CREEK.—The approximately 2.2-mile segment of Quinn Creek from the source at several springs in and
including Quinn Meadows to Hosmer Lake, as a scenic river.

“(ii) SINK CREEK.—The approximately 2.5-mile segment of Sink Creek from the source at Blacktail Spring and other springs to the confluence with Quinn Creek, as a scenic river.

“(258) HUNTER CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior, in the following classes:

“(A) MAINSTEM.—The approximately 6.9-mile segment of Hunter Creek from and including the headwaters to the southern boundary of NW1/2NW1/4 sec. 13, T. 37 S., R. 14 W., Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) NORTH FORK HUNTER CREEK.—The approximately 2.9-mile segment of North Fork Hunter Creek from and including the headwaters to the south boundary of T. 37 S., R. 14 W., sec. 11, Willamette Meridian, as a wild river.

“(ii) ELKO CREEK.—The approximately 2-mile segment of Elko Creek from
and including the headwaters to the confluence with Hunter Creek, as a scenic river.

“(iii) Bog Creek.—The approximately 0.8-mile segment of an unnamed stream locally known as ‘Bog Creek’ from and including the headwaters in SE¼ sec. 13, T. 37 S., R. 14 W., Willamette Meridian, including Hunter Creek Bog, to the west boundary of SE¼ sec. 13, T. 37 S., R. 14 W., Willamette Meridian, as a scenic river.

“(iv) Pyramid Rock Creek.—The approximately 1.8-mile segment known locally as ‘Pyramid Rock Creek’ from and including the 3 headwaters in the N½N½ sec. 19, T. 37 S., R. 13 W., Willamette Meridian, as a scenic river.

“(259) Jack Creek, Oregon.—The approximately 30.7-mile segment of Jack Creek from and including the headwaters, and any associated wetlands along the stream, to the west boundary of NW¼ sec. 9, T. 30 S., R. 10 E., Willamette Meridian, to be administered by the Secretary of Agriculture as a scenic river.
“(260) LAVA LAKE, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) LAVA LAKE.—Lava Lake and any associated wetlands, as a scenic river.

“(B) TRIBUTARIES.—

“(i) PARK CREEK.—The approximately 6-mile segment of Park Creek from the confluence of North Fork Park Creek and South Fork Park Creek to Lava Lake, including the area known as ‘The Parks’, as a scenic river.

“(ii) NORTH FORK PARK CREEK.—The approximately 3-mile segment of North Fork Park Creek from and including the headwaters to the confluence with South Fork Park Creek, as a scenic river.

“(261) LITTLE APPLEGATE, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior, in the following classes:

“(A) MAINSTEM.—

“(i) IN GENERAL.—The approximately 5.5-mile segment of the Little Applegate River from the south boundary of T. 40 S.,
(ii) NON-FEDERAL LAND.—The Secretary of the Interior shall not include any non-Federal land within the detailed boundaries required under subsection (b) for the segment designated by clause (i).

(B) TRIBUTARIES.—

(i) BEAR GULCH.—The approximately 1.8-mile segment of Bear Gulch from and including the headwaters in T. 39 S., R. 2 W., secs. 14 and 15, Willamette Meridian, to the confluence with the Little Applegate River, as a scenic river.

(ii) MUDDY GULCH CREEK.—The approximately 1.6-mile segment of Muddy Gulch Creek from and including the headwaters in T. 39 S., R. 2 W., sec. 11, Willamette Meridian, to south boundary of NE¼ sec. 23, T. 39 S., R. 2 W., Willamette Meridian, as a wild river.

(iii) BIRCH CREEK.—The approximately 2.3-mile segment of Birch Creek
from and including the headwaters in T. 39 S., R. 2 W., secs. 11 and 12, Willamette Meridian, to the confluence with Muddy Gulch Creek in SW$\frac{1}{4}$SW$\frac{3}{4}$ sec. 13, T. 39 S., R. 2 W., Willamette Meridian, as a wild river.

"(iv) Owl Gulch.—The approximately 1.4-mile segment of Owl Gulch from and including the headwaters to the confluence with the Little Applegate River, as a recreational river.

"(v) Glade Creek.—The approximately 1.1-mile segment of Glade Creek from the south boundary of T. 39 S., R. 1 W., sec. 31, Willamette Meridian, to the confluence with the Little Applegate River, as a wild river.

"(262) Little North Fork Wilson, Oregon.—The approximately 3.2-mile segment of the Little North Fork Wilson River from the east boundary of T. 1 S., R. 9 W., sec. 12, Willamette Meridian, to the south boundary of T. 1 S., R. 9 W., sec. 13, Willamette Meridian, to be administered by the Secretary of the Interior as a scenic river.
“(263) MIDDLE FORK JOHN DAY, OREGON.—

The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 4.7-mile segment from the south boundary of T. 11 S., R. 34 E., sec. 12, Willamette Meridian, to the west boundary of NE¼SE¼ sec. 5, T. 11 S., R. 34 E., Willamette Meridian, as a recreational river.

“(ii) LOWER.—The approximately 4.1-mile segment from the east boundary of NW¼NW¼ sec. 13, T. 10 S., R. 32 E., Willamette Meridian, to the north boundary of SW¼ sec. 34, T. 9 S., R. 32 E., Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—

“(i) BIG BOULDER CREEK.—The approximately 6.3-mile segment of Big Boulder Creek from and including the headwaters to the west boundary of E½SW¼ sec. 23, T.10 S., R. 33 E., Willamette Meridian, as a scenic river.
“(ii) **Little Butte Creek.**—The approximately 3.2-mile segment of Little Butte Creek from and including the headwaters to the confluence with the Middle Fork John Day River, as a wild river.

“(iii) **Camp Creek.**—The approximately 15.1-mile segment of Camp Creek from and including the headwaters to the north boundary of SE$_{1/4}$NE$_{1/4}$ sec. 25, T. 10 S., R. 32 E., Willamette Meridian, as a scenic river.

“(iv) **Caribou Creek.**—The approximately 4.3-mile segment of Caribou Creek from and including the headwaters to the confluence with the Middle Fork John Day River, as a scenic river.

“(v) **Deerhorn Creek.**—The approximately 3.9-mile segment of Deerhorn Creek from and including the headwaters to the confluence with the Middle Fork John Day River, as a wild river.

“(vi) **Granite Boulder Creek.**—The approximately 7-mile segment of Granite Boulder Creek from and including the headwaters at several springs to the
point at which Granite Boulder Creek enters private land in NE\(\frac{1}{4}\) sec. 2, T. 13 S., R. 19 E., Willamette Meridian, as a scenic river.

“(vii) West Fork Granite Boulder Creek.—The approximately 2.3-mile segment of West Fork Granite Boulder Creek from and including the headwaters to the confluence with Granite Boulder Creek, as a wild river.

“(viii) Vinegar Creek.—The approximately 9.7-mile segment of Vinegar Creek from and including the headwaters at several springs to the point at which Vinegar Creek enters non-Federal land in T. 11 S., R. 35 E., sec. 20, Willamette Meridian, as a scenic river.

“(ix) Clear Creek.—The approximately 12-mile segment of Clear Creek from and including the headwaters (including Looney Spring) to the point at which Clear Creek enters non-Federal land in T. 11 S., R. 35 E., sec. 26, Willamette Meridian, as a recreational river.
“(264) MIDDLE FORK WILLAMETTE, OR-
EGON.—The following segments, to be administered
by the Secretary of Agriculture in the following
classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately
15.3-mile segment of the Middle Fork Wil-
amette River from and including the head-
waters (including Timpanogas Lake and
Big Swamp) to the confluence with Echo
Creek, as a scenic river.

“(ii) LOWER.—The approximately
14.3-mile segment of the Middle Fork Wil-
amette River from the confluence with
Echo Creek to Hills Creek Reservoir pool,
as a recreational river.

“(B) TRIBUTARIES.—

“(i) TUMBLEBUG CREEK.—The ap-
approximately 7.4-mile segment of
Tumblebug Creek from and including the
headwaters to the confluence with the Mid-
dle Fork Willamette River, as a scenic
river.

“(ii) WEST FORK TUMBLEBUG
CREEK.—The approximately 2.4-mile seg-
ment of West Fork Tumblebug Creek from
and including the headwaters to the con-
fluence with Tumblebug Creek, as a scenic
river.

“(iii) SALT CREEK.—The approxi-
mately 14.1-mile segment of Salt Creek
from the source (including the Betty
Lakes, Gold Lake Bog, Gold Lake, Salt
Creek Falls, Diamond Creek Falls, and
Too Much Bear Lake) to the confluence
with Twin Creek, as a scenic river.

“(iv) SKYLINE CREEK.—The approxi-
mately 3-mile segment of Skyline Creek
from and including the headwaters to the
confluence with Salt Creek, as a wild river.

“(v) RAY CREEK.—The approximately
2.4-mile segment of Ray Creek from and
including the headwaters to the confluence
with Salt Creek, as a scenic river.

“(vi) UNNAMED TRIBUTARY.—The
approximately 2.8-mile segment of the
unnamed tributary with the source in and
including an unnamed lake at elevation
5,526 feet to the confluence with Salt
Creek, as a wild river.
“(vii) Swift Creek.—The approximately 5.7-mile segment of Swift Creek from and including the headwaters to the south boundary of T. 23 S., R. 4 E., sec. 36, Willamette Meridian, as a recreational river.

“(viii) Bear Creek.—The approximately 2-mile segment of Bear Creek from the Diamond Peak Wilderness boundary to the confluence with Swift Creek, as a scenic river.

“(ix) Indigo Creek.—The approximately 1.9-mile segment of Indigo Creek from and including the headwaters to the confluence with the Middle Fork Willamette River, as a scenic river.

“(265) Middle Santiam, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 5.4-mile segment of the Middle Santiam River from the south boundary of T. 13 S., R. 5 E., sec. 12, Willamette Meridian, to the Middle Santiam Wilderness boundary, as a scenic river.

“(B) Tributaries.—
“(i) SWAMP CREEK.—The approximately 2.6-mile segment of Swamp Creek from and including the headwaters to the Middle Santiam Wilderness boundary, as a scenic river.

“(ii) PYRAMID CREEK.—The approximately 9.2-mile segment of Pyramid Creek from and including the headwaters to the confluence with the Middle Santiam River, as a scenic river.

“(iii) SOUTH PYRAMID CREEK.—The approximately 3.9-mile segment of South Pyramid Creek from and including the headwaters to the confluence with the Middle Santiam River, as a scenic river.

“(iv) COUGAR CREEK.—The approximately 4.4-mile segment of Cougar Creek from and including the headwaters to the confluence with the Middle Santiam River, as a scenic river.

“(v) SCAR CREEK.—The approximately 3-mile segment of Scar Creek from and including the headwaters to the confluence with Pyramid Creek, as a scenic river.
“(266) MEACHAM CREEK, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—

“(i) IN GENERAL.—The approximately 16 miles of Meacham Creek from the west boundary of T. 1 N., R. 35 E., sec. 35, Willamette Meridian, to the confluence with the Umatilla River, as a recreational river.

“(ii) DETAILED BOUNDARIES.—Only Federal land or land owned by, or held in trust for, an Indian Tribe, shall be included in the detailed boundaries required under subsection (b) for the segment designated by clause (i).

“(B) FORKS.—

“(i) NORTH FORK MEACHAM CREEK.—The approximately 8.8-mile segment of North Fork Meacham Creek from and including the headwaters to the east boundary of NW\(\frac{1}{4}\) sec. 30, T. 1 N., R. 37 E., Willamette Meridian, as a recreational river.
“(ii) East Meacham Creek.—The approximately 5.5-mile segment of East Meacham Creek from and including the headwaters to the confluence with Meacham Creek, as a wild river.

“(C) Tributaries.—

“(i) Owsley Creek.—The approximately 5-mile segment of Owsley Creek from and including the headwaters to the confluence with East Meacham Creek, as a wild river.

“(ii) Bear Creek.—The approximately 5.4-mile segment of Bear Creek from and including the headwaters to the north boundary of SW¼ sec. 30, T. 1 N., R. 37 E., Willamette Meridian, as a wild river.

“(iii) Pot Creek.—The approximately 8-mile segment of Pot Creek from and including the headwaters (including Dead Horse Spring) to the confluence with North Fork Meacham Creek, as a wild river.
“(267) NORTH FORK SILETZ, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 3.4-mile segment of the North Fork Siletz River from the west boundary of E1⁄2SW1⁄4 sec. 19, T. 7 S., R. 8 W., Willamette Meridian, to the south boundary of T. 7 S., R. 8 W., sec. 32, Willamette Meridian, as a scenic river.

“(B) WARNICKE CREEK.—The approximately 6.8-mile segment of Warnicke Creek from the east boundary of T. 7 S., R. 8 W., sec. 17, Willamette Meridian, to the confluence with the North Fork Siletz River, as a scenic river.

“(268) NORTH SANTIAM, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER MAINSTEM.—The approximately 3.4-mile segment of the North Santiam River from the Mount Jefferson Wilderness boundary (including Big Meadows) to 0.1 mile above Oregon Highway 22 in T. 12 S., R. 7 E., sec. 29, Willamette Meridian, as a scenic river.
“(ii) MIDDLE MAINSTEM.—The approximately 9-mile segment of the North Santiam River from 0.1 mile above Oregon Highway 22 in T. 12 S., R. 7 E., sec. 29, Willamette Meridian, to the north boundary of SW\(\frac{1}{4}\)SW\(\frac{1}{4}\) sec. 29, T. 11 S., R. 7 E., Willamette Meridian, as a recreational river.

“(iii) LOWER MAINSTEM.—The approximately 9.5-mile segment of the North Santiam River from the south boundary of NW\(\frac{1}{4}\)NW\(\frac{1}{4}\) sec. 15, T. 11 S., R. 7 E., Willamette Meridian, to the west boundary of T. 10 S., R. 6 E., sec. 24, Willamette Meridian, as a recreational river.

“(B) WHITEWATER CREEK.—

“(i) UPPER.—The approximately 4-mile segment of Whitewater Creek from the Mount Jefferson Wilderness boundary to the west boundary of E\(\frac{1}{2}\) sec. 22, T. 10 S., R. 6 E., Willamette Meridian, as a scenic river.

“(ii) LOWER.—The approximately 1-mile segment of Whitewater Creek from the east boundary of NW\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 28,
T. 10 S., R. 7 E., Willamette Meridian, to the confluence with the North Santiam River, as a recreational river.

“(269) OCHOCO CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 7-mile segment of Ochoco Creek from the source at Ochoco Spring and 4 named springs in NE 1/4 sec. 16, T. 13 S., R. 20 E., Willamette Meridian, to the west boundary of NE 1/4 SE 1/4 sec. 34, T. 13 S., R. 19 E., Willamette Meridian, as a recreational river.

“(B) CANYON CREEK.—

“(i) UPPER.—The approximately 2-mile segment of Canyon Creek from and including the headwaters to the confluence with Cline Creek, as a wild river.

“(ii) LOWER.—The approximately 4-mile segment of Canyon Creek from the confluence with Cline Creek to the confluence with Ochoco Creek, as a recreational river.
“(270) Odell Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(A) Mainstem.—The approximately 8.1-mile segment of Odell Creek from the gauging station below the outlet of Odell Lake to Davis Lake, as a scenic river.

“(B) Tributaries.—The approximately 1.7-mile segment of Maklaks Creek from and including the headwaters to the confluence with Odell Creek, as a scenic river.

“(271) Oregon Canyon Mountains, Oregon.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Whitehorse Creek.—The approximately 15.3-mile segment of Whitehorse Creek from and including the headwaters to the north boundary of S\(\frac{1}{2}\)SW\(\frac{1}{4}\) sec. 29, T. 38 S., R. 39 E., Willamette Meridian, as a wild river.

“(B) Little Whitehorse Creek.—The approximately 15.8-mile segment of Little Whitehorse Creek from and including the headwaters to the east boundary of NW\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec.
30, T. 38 S., R. 39 E., Willamette Meridian, as a wild river.

“(C) UNNAMED TRIBUTARY.—The approximately 5.6-mile segment of an unnamed tributary from and including the headwaters to the confluence with Little Whitehorse Creek in SE¹/₄SW¹/₄ sec. 8, T. 40 S., R. 49 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(D) FIFTEENMILE CREEK.—The approximately 12-mile segment of Fifteenmile Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(E) OREGON CANYON CREEK.—The approximately 7.4-mile segment of Oregon Canyon Creek from and including the headwaters to the north boundary of SW¹/₄NE¹/₄ sec. 2, T. 39 S., R. 40 E., Willamette Meridian, as a wild river.

“(F) EAST FORK OREGON CANYON CREEK.—The approximately 4.7-mile segment of East Fork Oregon Canyon Creek from and including the headwaters to the confluence with Oregon Canyon Creek, as a wild river.

“(G) WEST FORK OREGON CANYON CREEK.—The approximately 1.5-mile segment
of West Fork Oregon Canyon Creek from and
including the headwaters to the confluence with
Oregon Canyon Creek, as a wild river.

“(H) UNNAMED TRIBUTARY.—The ap-
proximately 3.7-mile segment of an unnamed
tributary of Oregon Canyon Creek from and in-
cluding the headwaters (including Box Canyon,
Island Canyon, and Fall Canyon) to the con-
fluence with Oregon Canyon Creek in T. 39 S.,
R. 40 E., sec. 36, Willamette Meridian, as a
wild river.

“(I) NORTH FORK MCDERMITT CREEK.—
The approximately 4.5-mile segment of North
Fork McDermitt Creek from and including the
headwaters to the confluence with McDermitt
Creek, as a wild river.

“(J) MCDERMITT CREEK.—

“(i) UPPER.—The approximately 8.2-
mile segment of McDermitt Creek from
and including the headwaters to the south
boundary of NE1/4 sec. 10, T. 41 S., R. 39
E., Willamette Meridian, as a wild river.

“(ii) MIDDLE.—The approximately
7.5-mile segment of McDermitt Creek from
the east boundary of T. 41 S., R. 40 E.,
sec. 22, Willamette Meridian, to the east
boundary of T. 47 N., R. 36 E., sec. 3,
Mount Diablo Meridian, as a wild river.

“(K) Antelope Creek.—The approximately 10.1-mile segment of Antelope Creek from and including the headwaters to the north boundary of NE¼ sec. 9, T. 37 S., R. 37 E., Willamette Meridian, as a wild river.

“(L) Cottonwood Creek.—The approximately 7.4-mile segment of Cottonwood Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(M) Doolittle Creek.—The approximately 8.6-mile segment of Doolittle Creek from and including the headwaters to the confluence with Whitehorse Creek, as a wild river.

“(N) Indian Creek.—

“(i) Upper.—The approximately 3-mile segment of Indian Creek from and including the headwaters to the south boundary of T. 40 S., R. 40 E., sec. 24, Willamette Meridian, as a wild river.

“(ii) Lower.—The approximately 6.8-mile of Indian Creek from the south boundary of T. 40 S., R. 40 E., sec. 24,
236

Willamette Meridian, to the confluence with McDermitt Creek, as a scenic river.

“(O) SAGE CREEK.—The approximately 4.2-mile segment of Sage Creek from and including the headwaters to the east boundary of T. 41 S., R. 39 E., sec. 17, Willamette Meridian, as a wild river.

“(P) LINE CANYON CREEK.—The approximately 3.9-mile segment of Line Canyon Creek from and including the headwaters to the east boundary of SW1/4 SW1/4 sec. 21, T. 41 S., R. 39 E., Willamette Meridian, as a wild river.

“(272) OREGON DUNES, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) BERRY CREEK AND LILY LAKE.—

“(i) BERRY CREEK.—The approximately 3.9-mile segment of Berry Creek from and including the headwaters to the Pacific Ocean, as a scenic river.

“(ii) QUARRY CREEK.—The approximately .5-mile segment of Quarry Creek from the south boundary of T. 17 S., R. 12 W., sec. 15, Willamette Meridian, in-
including Lily Lake, to the confluence with Berry Creek, as a scenic river.

“(B) Sutton Creek.—The approximately 4.2-mile segment of Sutton Creek from the mouth of Sutton Lake to the Pacific Ocean, as a scenic river.

“(C) Siltcoos River.—The approximately 1.7-mile segment of the Siltcoos River from Tyee Campground to the Pacific Ocean, as a scenic river.

“(D) Tahkenitch Creek.—The approximately 2.9-mile segment of Tahkenitch Creek from the 100 feet below U.S. Route 101 to the Pacific Ocean, as a wild river.

“(E) Threemile Creek.—The approximately 2.1-mile segment of Threemile Creek from the Oregon Dunes National Recreation Area boundary to the Pacific Ocean, as a scenic river.

“(F) Threemile Lake.—Threemile Lake (including associated wetlands, ponds, and tributaries of Threemile Lake) and Butterfly Lake, as a wild river.

“(G) Tenmile Creek.—The approximately 2.1-mile segment of Tenmile Creek from
the eastern boundary of the Oregon Dunes Na-
tional Recreation Area to the Pacific Ocean, as
a wild river.

“(H) ACCOMMODATING NATURE.—In pre-
paring the detailed boundaries of the segments
designated by this paragraph, the Secretary of
Agriculture shall—

“(i) accommodate the dynamic nature
of the stream mouths entering the Pacific
Ocean; and

“(ii) if determined to be appropriate
by the Secretary of Agriculture, expand the
detailed boundaries of the applicable seg-
ment to accommodate significant move-
ment of a stream mouth.

“(273) PIPE FORK, OREGON.—The following
segments, to be administered by the Secretary of
Agriculture and the Secretary of the Interior in the
following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 0.7-
mile segment of Pipe Fork from and in-
cluding the headwaters (including Lark-
spur Spring) to the confluence with an
unnamed tributary in SW\(\frac{1}{4}\)SW\(\frac{1}{4}\) sec. 35,
T. 39 S., R. 5 W., Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 0.8-mile segment of Pipe Fork from the confluence with an unnamed tributary in SW¼SW¼ sec. 35, T. 39 S., R. 5 W., Willamette Meridian, as a scenic river.

“(B) UNNAMED TRIBUTARY.—The approximately 0.8-mile segment of an unnamed tributary from and including the headwaters to the confluence with Pipe Fork in SW¼SW¼ sec. 35, T. 39 S., R. 5 W., Willamette Meridian, as a wild river.

“(274) PISTOL, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 6.6-mile segment of the Pistol River from and including the headwaters to the west boundary of T. 38 S., R. 13 W., sec. 2, Willamette Meridian, as a scenic river.

“(B) FORKS.—

“(i) NORTH FORK.—The approximately 4.6-mile segment of the North Fork Pistol River from and including the head-
waters to the south boundary of T. 37 S.,
R. 13 W., sec. 32, Willamette Meridian, as
a scenic river.

“(ii) EAST FORK.—The approximately
4.6-mile segment of the East Fork Pistol
River from the confluence with Windy
Creek and Cedar Creek to the confluence
with Pistol River, as a wild river.

“(C) TRIBUTARIES.—

“(i) CEDAR CREEK.—The approxi-
mately 1.3-mile segment of Cedar Creek
from and including the headwaters to the
confluence with Windy Creek, as a wild
river.

“(ii) MEADOW CREEK.—The approxi-
mately 2.9-mile segment of Meadow Creek
from and including the headwaters includ-
ing Snow Camp Meadow to the confluence
with the Pistol River, as a scenic river.

“(iii) SUNRISE CREEK.—The approxi-
mately 4.2-mile segment of Sunrise Creek
from and including the headwaters to
north boundary of T. 38 S., R. 13 E., sec.
21, Willamette Meridian, as a scenic river.
“(iv) PANTHER LAKE CREEK.—The approximately 2.7-mile segment of an unnamed tributary arising from and including Panther Lake to the confluence with the East Fork Pistol River, as a wild river.

“(v) WINDY CREEK.—The approximately 4.4-mile segment of Windy Creek from and including the headwaters to the confluence with Cedar Creek, as a wild river.

“(275) PUEBLO MOUNTAINS, OREGON.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) DENIO CREEK.—The approximately 5.9-mile segment of Denio Creek from and including the headwaters to the south boundary of NE¼NW¼ sec. 20, T. 41 S., R. 35 E., Willamette Meridian, as a wild river.

“(B) VAN HORN CREEK.—The approximately 6.8-mile segment of Van Horn Creek from and including the headwaters to the north boundary of T. 41 S., R. 35 E., sec. 4, Willamette Meridian, as a wild river.
“(C) Arizona Creek.—The approximately 3.4-mile segment of Arizona Creek from and including the headwaters to 0.01 miles west of Fields-Denio County Road 201, as a wild river.

“(D) Little Cottonwood Creek.—The approximately 6.9-mile segment of Little Cottonwood Creek from and including the headwaters to 0.01 mile west of Fields-Denio County Road 201, as a wild river.

“(E) Willow Creek.—The approximately 4.7-mile segment of Willow Creek from and including the headwaters to 0.01 mile west of Fields-Denio County Road 201, as a wild river.

“(276) Rattlesnake Creek, Oregon.—The approximately 11.3-mile segment of Rattlesnake Creek from the south boundary of T. 37 S., R. 44 E., sec. 4, Willamette Meridian, to the north boundary of SE$\frac{1}{4}$ sec. 19, T. 35 S., R. 42 E., Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(277) Scotch Creek, Oregon and California.—The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Mainstem.—
“(i) **UPPER.**—The approximately 6.9-mile segment of Scotch Creek from and including the headwaters to the confluence with Slide Creek, as a wild river.

“(ii) **LOWER.**—

“(I) **IN GENERAL.**—The approximately 1.2-mile segment of Scotch Creek from the confluence with Slide Creek to the Iron Gate Reservoir pool, as a recreational river.

“(II) **EXTENSION.**—On the removal of Iron Gate Dam, the lower terminus of the segment designated by subclause (I) shall extend to the confluence with the Klamath River.

“(B) **TRIBUTARIES.**—

“(i) **SLIDE CREEK.**—The approximately 5.7-mile segment of Slide Creek from and including the headwaters to the confluence with Scotch Creek, as a wild river.

“(ii) **BRUSHY GULCH.**—The approximately 3.2-mile segment of Brushy Gulch from and including the headwaters to the
confluence with Slide Creek, as a wild river.

“(iii) WILDCAT GULCH.—The approximately 2.3-mile segment of Wildcat Gulch from and including the headwaters to the confluence with Slide Creek, as a wild river.

“(278) SELDOM CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 4-mile segment of Seldom Creek from the eastern right-of-way edge of the county road that intersects with Oregon Route 140 in $SE^{1/4}NE^{1/4}$ sec. 35, T. 36 S., R. 5 E., Willamette Meridian, to the confluence with Fourmile Creek, to be administered by the Secretary of Agriculture as a scenic river.

“(B) MOUNTAIN LAKES CREEK.—The approximately 2.4-mile segment of an unnamed stream, locally known as ‘Mountain Lakes Creek’, from the Mountain Lakes Wilderness boundary to the confluence with Seldom Creek in T. 36 S., R. 5 E., sec. 36, Willamette Merid-
ian, to be administered by the Secretary of Agriculture as a scenic river.

“(279) SILVER CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—

“(i) UPPERMOST.—The approximately 5.3-mile segment of Silver Creek from the north boundary of SE¼SE¼ sec. 16, T. 19 S., R. 26 E., Willamette Meridian, to 0.01 mile below Forest Service Road 45S, as a recreational river.

“(ii) UPPER.—The approximately 15.8-mile segment of Silver Creek from 0.01 mile below Forest Service Road 45S to the confluence with Sawmill Creek, as a wild river.

“(iii) MIDDLE.—The approximately 0.5-mile segment of Silver Creek from the confluence with Sawmill Creek to the south boundary of T. 21 S., R. 26 E., sec. 20, Willamette Meridian, as a recreational river.
“(iv) LOWER.—The approximately 3.3-mile segment of Silver Creek from the south boundary of T. 21 S., R. 26 E., sec. 20, Willamette Meridian, to the confluence with Nicoll Creek, as a recreational river.

“(v) LOWERMOST.—The approximately 1.5 mile segment of Silver Creek from the confluence with Nicoll Creek to the south boundary of T. 22 S., R. 25 E., sec. 13, Willamette Meridian, as a wild river.

“(B) WICKIUP CREEK.—The approximately 7.2-mile segment of Wickiup Creek from and including the headwaters to the west boundary of T. 21 S., R. 26 E., sec. 11, Willamette Meridian, as a scenic river.

“(280) SILVIES, OREGON.—The approximately 3.3-mile segment of the Silvies River from the north boundary of T. 21 S., R. 29 E., sec. 14, SW1/4, NE1/4, Willamette Meridian, to the east boundary of T. 21 S., R. 29 E., sec. 25, SW1/4, NE1/4, Willamette Meridian, to be administered by the Secretary of Agriculture and the Secretary of the Interior as a scenic river.
“(281) Sitka Spruce, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Gwynn Creek.—The approximately 2.8-mile segment of Gwynn Creek from and including the headwaters to the Pacific Ocean, as a scenic river.

“(B) Cape Creek.—The approximately 3.2-mile segment of Cape Creek from and including the headwaters to the Pacific Ocean, as a scenic river.

“(C) North Cape Creek.—The approximately 1.4-mile segment of North Cape Creek from and including the headwaters to the Pacific Ocean, as a scenic river.

“(282) Cedar Log Creek, Oregon.—The approximately 1.7-mile segment of Cedar Log Creek from and including the headwaters to the confluence with Slate Creek, to be administered by the Secretary of Agriculture as a wild river.

“(283) Smith, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:
“(A) MAINSTEM.—The approximately 67.9-mile segment of Smith River from and including the headwaters to the confluence with Spencer Creek, as a recreational river.

“(B) FORKS.—

“(i) NORTH FORK SMITH RIVER.—
The approximately 15.4-mile segment from the north boundary of S½ sec. 7, T. 19 S., R. 9 W., Willamette Meridian, to the south boundary of N½NE¼ sec. 32, T. 19 S., R. 10 W., Willamette Meridian, as a scenic river.

“(ii) WEST FORK SMITH RIVER.—The approximately 16.9-mile segment of the West Fork Smith River from and including the headwaters to the confluence with the Smith River, as a recreational river.

“(iii) SOUTH FORK SMITH RIVER.—
The approximately 7.7-mile segment of the South Fork Smith River from and including the headwaters to the confluence with the Smith River, as a recreational river.

“(C) TRIBUTARIES.—

“(i) MIDDLE FORK NORTH FORK SMITH RIVER.—The approximately 4.9-
mile segment of the Middle Fork North Fork Smith River from and including the headwaters to the confluence with North Fork Smith River, as a scenic river.

“(ii) West Branch North Fork Smith River.—The approximately 3.2-mile segment of the West Branch of the North Fork Smith River from and including the headwaters to the confluence with the North Fork Smith River, as a scenic river.

“(iii) Little South Fork Smith River.—The approximately 3.1-mile segment of the Little South Fork Smith River from and including the headwaters to the confluence with the South Fork Smith River, to be administered by the Secretary of the Interior as a recreational river.

“(iv) Kentucky Creek.—The approximately 1.8-mile segment of Kentucky Creek from the east boundary of T. 19 S., R. 9 W., sec. 17, Willamette Meridian, to the confluence with the North Fork Smith River, as a scenic river.
“(284) South Fork Alsea, Oregon.—The approximately 9.3-mile segment of the South Fork Alsea River from and including the headwaters to the Bureau of Land Management boundary in T. 14 S., R. 7 W., sec. 26, Willamette Meridian, to be administered by the Secretary of the Interior as a recreational river.

“(285) South Fork Coquille, Oregon.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 25.6-mile segment of the South Fork Coquille River from the west boundary of T. 32 S., R. 10 W., sec. 4, Willamette Meridian, to the Rogue River-Siskiyou National Forest boundary, as a recreational river.

“(B) Tributaries.—

“(i) Johnson Creek.—The approximately 7.4-mile segment of Johnson Creek from and including the headwaters to the confluence with the South Fork Coquille River, as a scenic river.

“(ii) Jim Hayes Creek.—The approximately 1.5-mile segment of Jim Hayes Creek from and including the head-
waters to the confluence with Johnson Creek, as a wild river.

“(iii) ROCK CREEK.—The approximately 6.4-mile segment of Rock Creek from the Forest Service boundary in T. 33 S., R. 12 W., sec. 32, Willamette Meridian, to the confluence with the South Fork Coquille River, as a scenic river.

“(iv) SUCKER CREEK.—The approximately 3.9-mile segment of Sucker Creek from and including the headwaters to the confluence with Johnson Creek, as a wild river.

“(286) CROOKED CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 5.5-mile segment from the confluence of North Fork Crooked Creek and South Fork Crooked Creek to the Fremont National Forest boundary, as a wild river.

“(B) FORKS.

“(i) NORTH FORK.—The approximately 1.9-mile segment of North Fork Crooked Creek from and including the
headwaters to the confluence with South Fork Crooked Creek, as a scenic river.

“(ii) South Fork.—The approximately 1.9-mile segment of South Fork Crooked Creek from and including the headwaters to the confluence with North Fork Crooked Creek, as a scenic river.

“(287) South Fork Crooked, Oregon.—The approximately 15.4-mile segment of the South Fork Crooked River from the south boundary of N½ sec. 11, T. 19 S., R. 22 E., Willamette Meridian, to the north boundary of T. 17 S., R. 22 E., sec. 24, Willamette Meridian, to be administered by the Secretary of the Interior as a wild river.

“(288) South Fork Little Butte Creek, Oregon.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) Mainstem.—

“(i) Upper.—The approximately 6.2-mile segment of South Fork Little Butte Creek from and including the headwaters to South Fork Dam pool, as a recreational river.
“(ii) LOWER.—The approximately 8.5-mile segment of South Fork Little Butte Creek from 150 feet below South Fork Dam, as a recreational river.

“(B) TRIBUTARIES.—

“(i) LOST CREEK.—The approximately 2.4-mile segment of Lost Creek from the south boundary of T. 37 S., R. 2 E., sec. 35, Willamette Meridian, and including Lost Lake, to 50 feet above the diversion structure in SE¹⁄₄NW¹⁄₄ sec. 27, T. 37 S., R. 2 E., Willamette Meridian, as a wild river.

“(ii) BYBEE GULCH.—The approximately 0.8-mile segment of Bybee Gulch from the east boundary of NW¹⁄₄ sec. 1, T. 38 S., R. 2 E., Willamette Meridian, to the confluence with Lost Creek at the waterfalls in SE¹⁄₄SE¹⁄₄ sec. 35, T. 37 S., R. 2 E., Willamette Meridian, as scenic river.

“(iii) DEAD INDIAN CREEK.—The approximately 3-mile segment of Dead Indian Creek from the east boundary of T. 38 S., R. 3 E., sec. 3, Willamette Meridian, to
the confluence with Little South Fork Butte Creek, as a scenic river.

“(289) SIXES, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—The approximately 4.2-mile segment of the Sixes River from the east boundary of T. 32 S., R. 13 W., see. 8, Willamette Meridian, to the east boundary of NE\(\frac{1}{4}\)SE\(\frac{1}{4}\) sec. 11, T. 32 S., R. 14 W., Willamette Meridian, as a recreational river.

“(B) SOUTH FORK.—The approximately 7.3-mile segment of the South Fork Sixes River from and including the headwaters to the west boundary of T. 32 S., R. 13 W., see. 18, Willamette Meridian, as a wild river.

“(C) NORTH FORK DRY CREEK.—The approximately 3.1-mile segment of North Fork Dry Creek from and including the headwaters to the confluence with Dry Creek, as a wild river.

“(D) BEE CREEK.—The approximately 2.3-mile segment of Bee Creek from and includ-
ing the headwaters to the confluence with the
South Fork Sixes River, as a wild river.

“(290) SMITH, OREGON.—The 0.9-mile seg-
ment of the Smith River from and including the
headwaters of Rowdy Creek to the border between
the States of Oregon and California, to be adminis-
tered by the Secretary of Agriculture as a wild river.

“(291) SOUTH FORK INDIAN CREEK, OR-
EGON.—The following segments, to be administered
by the Secretary of the Interior in the following
classes:

“(A) MAINSTEM.—The approximately 3.1-
mile segment of South Fork Indian Creek from
the downstream right-of-way boundary of Greg-
ory Road in SE¹⁄₄SE¹⁄₄ sec. 19, T. 18 S., R. 39
E., Willamette Meridian, to the east boundary
of SW¹⁄₄ sec. 15, T. 18 S., R. 39 E., Willamette
Meridian, as a wild river.

“(B) UNNAMED TRIBUTARY.—The ap-
proximately 0.7-mile segment of an unnamed
tributary from the west boundary of SW¹⁄₄SE¹⁄₄
sec. 20, T. 18 S., R. 39 E., Willamette Merid-
ian, to the confluence with South Fork Indian
Creek, as a wild river.
“(292) SOUTH FORK SPRAGUE RIVER, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 9.3-mile segment of the South Fork Sprague River from the Gearhart Mountain Wilderness boundary in T. 36 S., R. 16 E., sec. 1, Willamette Meridian, to the west boundary of NE¼ sec. 10, T. 37 E., R. 16 E., Willamette Meridian, as a scenic river.

“(ii) MIDDLE.—The approximately 6.8-mile segment of the South Fork Sprague River from south boundary of NW¼SE¼ sec. 1, T. 37 S., R. 15 E., Willamette Meridian, to the north boundary of S½NW¼ sec. 8, T. 37 S., R. 15 E., Willamette Meridian, as a scenic river.

“(B) TRIBUTARIES.—

“(i) CORRAL CREEK.—The approximately 0.8-mile segment of Corral Creek from the Gearhart Mountain Wilderness boundary to the confluence with the South Fork Sprague River, as a scenic river.
“(ii) CAMP CREEK.—The approximately 2-mile segment of Camp Creek from the Gearhart Mountain Wilderness boundary to the confluence with the South Fork Sprague River, as a scenic river.

“(iii) BROWNSWORTH CREEK.—The approximately 1.7-mile segment of Brownsworth Creek from the north boundary of SE 1/4 sec. 36, T. 36 S., R. 15 E., Willamette Meridian, to the confluence with the South Fork Sprague River, as a scenic river.

“(iv) DEMING CREEK.—The approximately 5-mile segment of Deming Creek from the Gearhart Wilderness boundary to the south boundary of T. 36 S., R. 15 E., sec. 9, Willamette Meridian, as a scenic river.

“(293) SOUTH SANTIAM, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 13.2-mile segment of the South Santiam River from the confluence of Sevenmile Creek and Latiwi Creek to the west boundary of T. 13 S.,
R. 3 E., sec. 34, Willamette Meridian, as a recreational river.

“(B) TRIBUTARIES.—

“(i) SEVENMILE CREEK.—The approximately 4.9-mile segment of Sevenmile Creek from the south boundary of NE¼ sec. 13, T. 14 S., R. 5 E., Willamette Meridian, to the confluence with Latiwi Creek, as a scenic river.

“(ii) LATIWI CREEK.—The approximately 3.9-mile segment of Latiwi Creek from and including the headwaters to the confluence with Sevenmile Creek, as a scenic river.

“(iii) SHEEP CREEK.—The approximately 2.6-mile segment of Sheep Creek from the east boundary of T. 13 S., R. 5 E., sec. 28, Willamette Meridian, to the confluence with the South Santiam River, as a recreational river.

“(iv) CUB CREEK.—The approximately 2-mile segment of Cub Creek from and including the headwaters to the confluence with Moose Creek, as a scenic river.
“(v) Boulder Creek.—The approximately 3.5-mile segment of Boulder Creek from and including the headwaters to the confluence with the South Santiam River, as a wild river.

“(vi) Elk Creek.—The approximately 2-mile segment of Elk Creek from and including the headwaters to the confluence with the South Santiam River, as a wild river.

“(vii) Moose Creek.—The approximately 10.1-mile segment of Moose Creek from the Forest Service boundary 0.4 mile upstream from the western edge of T. 13 S., R. 4 E., sec. 4, Willamette Meridian, to the confluence with the South Santiam River, as a scenic river.

“(viii) Falls Creek.—

“(I) Upper.—The approximately 3.6-mile segment of Falls Creek from the source at and including Gordon Meadows to 100 feet above the hydroelectric diversion, as a wild river.

“(II) Lower.—The approximately 2.6-mile segment of Falls
260

Creek from 100 feet below the hydro-
electric diversion to the confluence
with the South Santiam River, as a
scenic river.

“(294) SUCCOR CREEK, OREGON.—

“(A) MAINSTEM.—The approximately 14-
mile segment of Succor Creek from the west
boundary of NE\textsuperscript{\frac{1}{4}}SE\textsuperscript{\frac{1}{4}} sec. 17, T. 25 S., R.
46 E., Willamette Meridian, to 50 feet above
the diversion dam in SE\textsuperscript{\frac{1}{4}}NE\textsuperscript{\frac{1}{4}} sec. 28, T. 23
S., R. 46 E., Willamette Meridian, to be admin-
istered by the Secretary of the Interior as a sce-
nic river.

“(B) TRIBUTARIES.—

“(i) SOUTH FORK CARTER CREEK.—
The approximately 2.2-mile segment of
South Fork Carter Creek from the south
boundary of NW\textsuperscript{\frac{1}{4}}NE\textsuperscript{\frac{1}{4}} sec. 11, T. 27 S.,
R. 45 E., Willamette Meridian, to the
north boundary S\textsuperscript{\frac{1}{2}}NW\textsuperscript{\frac{1}{4}} sec. 36, T. 26
S., R. 45 E., Willamette Meridian, as a
wild river.

“(ii) UNNAMED TRIBUTARY OF SOUTH
FORK CARTER CREEK.—The approximately
0.8-mile segment of an unnamed tributary
to South Fork Carter Creek from the
south boundary of NW¹⁄₄ sec. 12, T. 27 S.,
R. 45 E., Willamette Meridian to the con-
fluence with South Fork Carter Creek in
SE¹⁄₄SE¹⁄₄ sec. 2, T. 27 S., R. 45 E., Wil-
lamette Meridian, as a wild river.

“(295) TROUT CREEK MOUNTAINS, OREGON.—
The following segments, to be administered by the
Secretary of the Interior in the following classes:

“(A) WILLOW CREEK.—

“(i) UPPER.—The approximately 12-
mile segment of Willow Creek from and in-
cluding the headwaters to the north bound-
ary of SW¹⁄₄NW¹⁄₄ sec. 2, T. 39 S., R. 38
E., Willamette Meridian, as a wild river.

“(ii) LOWER.—The approximately 8-
mile segment of Willow Creek from the
north boundary of SW¹⁄₄NW¹⁄₄ sec. 2, T.
39 S., R. 38 E., Willamette Meridian, to
the north boundary of T. 37 S., R. 36 E.,
sec. 22, Willamette Meridian, as a scenic
river.

“(B) BIG TROUT CREEK.—The approxi-
mately 12.4-mile segment of Big Trout Creek
from the east boundary of SW¹⁄₄NE¹⁄₄ sec. 15,
T. 41 S., R. 38 E., Willamette Meridian, to the
north boundary of T. 39 S., R. 37 E., sec. 35,
Willamette Meridian, as a wild river.

“(C) East Fork Big Trout Creek.—The
approximately 6.7-mile segment of East Fork
Big Trout Creek from and including the head-
waters to the confluence with Big Trout Creek,
as a wild river.

“(D) Little Trout Creek.—

“(i) Upper.—The approximately 6-
mile segment of Little Trout Creek from
and including the headwaters to the north
boundary of T. 39 S., R. 37 E., sec. 24,
Willamette Meridian, as a wild river.

“(ii) Lower.—The approximately
1.7-mile segment of Little Trout Creek
from the north boundary of T. 39 S., R.
37 E., sec. 24, Willamette Meridian, to the
west boundary of NE\(\frac{1}{4}\) sec. 14, T. 39 S.,
R. 37 E., Willamette Meridian, as a scenic
river.

“(E) Kings River.—The approximately
2.1-mile segment of Kings River from the Or-
egon-Nevada border to the Nevada-Oregon bor-
der, as a wild river.
“(296) TWELVEMILE CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) MAINSTEM.—

“(i) UPPER.—The approximately 5.8-mile segment of Twelvemile Creek from and including the headwaters to the east boundary of T. 41 S., R. 22 E., sec. 23, Willamette Meridian, as a wild river.

“(ii) MIDDLE.—The approximately 6.9-mile segment of Twelvemile Creek from the west boundary of SE\(\frac{1}{4}\) sec. 20, T. 41 S., R. 23 E., Willamette Meridian, to the north boundary of SE\(\frac{1}{4}\)SW\(\frac{1}{4}\) sec. 12, T. 41 S., R. 23 E., Willamette Meridian, as a wild river.

“(B) FORKS.—

“(i) NORTH FORK.—The approximately 3.8-mile segment of North Fork Twelvemile Creek from and including the headwaters to the confluence with Twelvemile Creek, as a wild river.

“(ii) SOUTH FORK.—The approximately 2-mile segment of South Fork
Twelvemile Creek from and including the headwaters to the confluence with Twelvemile Creek, as a wild river.

“(297) TUMALO CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 11.6-mile segment of Tumalo Creek from the confluence of North Fork Tumalo Creek and Middle Fork Tumalo Creek to the east boundary of T. 17 S., R. 11 E., sec. 33, Willamette Meridian, as a recreational river.

“(B) FORKS.—

“(i) MIDDLE FORK.—The approximately 4.8-mile segment of Middle Fork Tumalo Creek from and including the headwaters to the confluence with North Fork Tumalo Creek, as a wild river.

“(ii) SOUTH FORK.—The approximately 2.4-mile segment of South Fork Tumalo Creek from and including the headwaters to the confluence with Tumalo Creek, as a wild river.

“(iii) NORTH FORK.—The approximately 2.2-mile segment of North Fork
Tumalo Creek from the Three Sisters Wilderness boundary to the confluence with Middle Fork Tumalo Creek, as a wild river.

“(C) Bridge Creek.—The approximately 3.6-mile segment of Bridge Creek from and including the headwaters to 0.01 mile above the diversion dam, as a wild river.

“(298) Umatilla Headwaters, Oregon.—

The following segments, to be administered by the Secretary of Agriculture in the following classes:

“(A) Mainstem.—The approximately 8-mile segment of the Umatilla River from the confluence of the North Fork Umatilla River and the South Fork Umatilla River to the Umatilla Indian Reservation, as a recreational river.

“(B) Forks.—

“(i) North Fork Umatilla River.—

“(I) Upper.—The approximately 2-mile segment of the North Fork Umatilla River from and including the headwaters to the North Fork
Umatilla Wilderness boundary, as a scenic river.

“(II) LOWER.—The approximately 0.3-mile segment of the North Fork Umatilla River from the North Fork Umatilla Wilderness boundary to the confluence with the South Fork Umatilla River, as a recreational river.

“(ii) SOUTH FORK UMATILLA RIVER.—

“(I) UPPER.—The approximately 7.2-mile segment of the South Fork Umatilla River from and including the headwaters to 0.01 mile above Forest Service Road 32, as a wild river.

“(II) LOWER.—The approximately 4.1-mile segment of South Fork Umatilla River from 0.01 mile above Forest Service Road 32 to the confluence with the North Fork Umatilla River, as a recreational river.

“(C) TRIBUTARIES.—
“(i) PEARSON CREEK.—The approximately 8.2-mile segment of Pearson Creek from and including the headwaters to the north boundary of T. 3 S., R. 33 E., sec. 4, Willamette Meridian, as a recreational river.

“(ii) BOBSLED CREEK.—The approximately 4-mile segment of Bobsled Creek from and including the headwaters to the confluence with the Umatilla River, as a wild river.

“(iii) RYAN CREEK.—The approximately 7.1-mile segment of Ryan Creek from and including the headwaters to the confluence with the Umatilla River, as a wild river.

“(iv) SHIMMIEHORN CREEK.—The approximately 6.7-mile segment of Shimmiehorn Creek from and including the headwaters to the confluence with the South Fork Umatilla River, as a wild river.

“(v) THOMAS CREEK.—The approximately 2.4-mile segment of Thomas Creek from the confluence with Spring Creek to
the confluence with the South Fork Umatilla River, as a recreational river.

“(vi) SPRING CREEK.—The approximately 5.7-mile segment of Spring Creek from the headwaters to the confluence with the South Fork Umatilla River, as a recreational river.

“(299) APPLEGATE, OREGON.—The following segments, to be administered by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) KINNEY CREEK.—The approximately 4.2-mile segment of Kinney Creek from and including the headwaters to the east boundary of NE1/4SE1/4 sec. 18, T. 40 S., R. 3 W., Willamette Meridian, to be administered by the Secretary of Agriculture as a recreational river.

“(B) PALMER CREEK.—

“(i) MAINSTEM.—The approximately 5-mile segment of Palmer Creek from and including the headwaters to the west boundary of T. 40 S., R. 3 W., sec. 7, Willamette Meridian, as a recreational river.

“(ii) TRIBUTARIES.—
``(I) SOURDOUGH GULCH.—The approximately 1.4-mile segment of Sourdough Gulch from and including the headwaters to the confluence with Palmer Creek, as a recreational river.

``(II) LIME GULCH.—The approximately 0.9-mile segment of Lime Gulch from and including the headwaters to the confluence with Palmer Creek, as a recreational river.

``(III) BAILEY GULCH.—The approximately 1.6-mile segment of Bailey Gulch from and including the headwaters to the confluence with Palmer Creek, as a recreational river.

``(IV) NINE DOLLAR GULCH.—The approximately 3.1-mile segment of Nine Dollar Gulch from and including the headwaters to the confluence with Palmer Creek, as a recreational river.

``(V) DARK CANYON.—The approximately 1.6-mile segment of Dark Canyon from and including the head-
waters to the confluence with Palmer Creek, as a recreational river.

“(C) Mule Creek.—

“(i) Mainstem.—The approximately 3.6-mile segment of Mule Creek from and including the headwaters to the west boundary of T. 40 S., R. 3 W., sec. 17, Willamette Meridian, as a wild river.

“(ii) Hole in the Ground Creek.—

The approximately 1.1-mile segment of Hole in the Ground Creek from and including the headwaters to the confluence with Mule Creek, as a wild river.

“(D) Star Gulch.—

“(i) Mainstem.—The approximately 7.7-mile segment of Star Gulch from and including the headwaters to the east boundary of NW¼ sec. 28, T. 39 S., R. 3 W., Willamette Meridian, as a recreational river.

“(ii) Tributaries.—

“(I) 1918 Gulch.—The approximately 1.6-mile segment of 1918 Gulch from and including the head-
waters to the confluence with Star
Gulch, as a scenic river.

“(II) 1917 GULCH.—The approxi-

mately 1.2-mile segment of 1917
Gulch from and including the head-

waters to the confluence with Star
Gulch, as a scenic river.

“(III) 1916 GULCH.—The approxi-

mately 0.9-mile segment of 1916
Gulch from and including the head-

waters to the confluence with Star
Gulch, as a scenic river.

“(IV) LADYBUG GULCH.—The
approximately 1.7-mile segment of
Ladybug Gulch from and including
the headwaters to the confluence with
Star Gulch, as a scenic river.

“(V) DEADMAN GULCH.—The
approximately 0.7-mile segment of
Deadman Gulch from and including
the headwaters to the confluence with
Star Gulch, as a scenic river.

“(300) UPPER Klamath Lake Marsh, OR-
egon.—The following segments, to be administered
by the Secretary of Agriculture and the Secretary of the Interior in the following classes:

“(A) CRYSTAL CREEK.—The approximately 9.4-mile segment of Crystal Creek from and including the source at Crystal Spring (including Malone Springs) to Pelican Bay, as a scenic river.

“(B) RECREATION CREEK.—

“(i) IN GENERAL.—The approximately 2.3-mile segment of Recreation Creek from the diffluence with Crystal Creek to Pelican Bay, as a scenic river.

“(ii) NON-FEDERAL LAND.—The Secretary of Agriculture and the Secretary of the Interior shall not include any non-Federal land or National Forest System land in which recreational cabins are located within the detailed boundaries required under subsection (b) for the segment designated by clause (i).

“(C) CHERRY CREEK.—The approximately 0.5-mile segment of Cherry Creek from the south boundary of N½SE¼, SE¼NE¼ sec. 11, T. 34 S., R. 6 E., Willamette Meridian, to
the confluence with Fourmile Creek, as a scenic river.

“(301) Upper Warm Springs, Oregon.—The approximately 6.5-mile segment of the Warms Springs River from and including the headwaters (including Warm Springs Meadow, Trapper Springs Meadow, and an unnamed meadow located between Warm Springs Meadow and Trapper Springs Meadow) to the Mount Hood National Forest boundary, to be administered by the Secretary of Agriculture as a scenic river.

“(302) West Steens Mountain, Oregon.—

The following segments, to be administered by the Secretary of the Interior in the following classes:

“(A) Big Bridge Creek.—The approximately 4.9-mile segment of Big Bridge Creek from the west boundary of NE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 14, T. 32 S., R. 32.75 E., Willamette Meridian, to the confluence with Little Bridge Creek, as a wild river.

“(B) Little Bridge Creek.—The approximately 4.1-mile segment of Little Bridge Creek from the west boundary of SE\(\frac{1}{4}\)NE\(\frac{1}{4}\) sec. 11, T. 32 S., R. 32.75 E., Willamette Me-
ridian, to the confluence with Big Bridge Creek, as a wild river.

“(C) Krumbo Creek.—The approximately 12.5-mile segment of Krumbo Creek from and including the headwaters to Krumbo Reservoir, as a scenic river.

“(D) McCoy Creek.—The approximately 15.6-mile segment of McCoy Creek from and including the headwaters to the north boundary of T. 31 S., R. 33 E., sec. 6, Willamette Meridian, as a wild river.

“(E) Mud Creek.—The approximately 5.7-mile segment of Mud Creek from the east boundary of T. 32 S., R. 32.75 E., sec. 19, Willamette Meridian, to the Malheur National Wildlife Refuge boundary, as a wild river.

“(F) Home Creek.—The approximately 4.9-mile segment of Home Creek from the east boundary of T. 35 S., R. 32.5 E., sec. 17, Willamette Meridian, to the west boundary of SE¼NE¼ sec. 10, T. 35 S., R. 32 E., Willamette Meridian, as a wild river.

“(303) Willamina Creek, Oregon.—The approximately 6-mile segment of Willamina Creek from the south boundary of T. 4 S., R. 6 E., sec. 5, Wil-
lamette Meridian, to the west boundary of T. 4 S.,
R. 7 W., sec. 25, Willamette Meridian, to be admin-
istered by the Secretary of the Interior as a recre-
ational river.

“(304) WILLIAMSON, OREGON.—The approxi-
mately 9.3-mile segment of the Williamson River
from the west boundary of W1/2 sec. 12, T. 33 S.,
R. 7 E., Willamette Meridian, to the confluence with
Spring Creek, to be administered by the Secretary of
Agriculture as a scenic river.

“(305) WINCHUCK, OREGON.—The following
segments, to be administered by the Secretary of
Agriculture in the following classes:

“(A) MAINSTEM.—The approximately 2.4-
mile segment of the Winchuck River from the
confluence of the East Fork Winchuck River
and Wheeler Creek to the west boundary of T.
41 S., R. 12 W., see. 10, Willamette Meridian,
as a recreational river.

“(B) TRIBUTARIES.—

“(i) EAST FORK WINCHUCK RIVER.—
The approximately 7.6-mile segment of the
East Fork Winchuck River from and in-
cluding the headwaters to the confluence
with Wheeler Creek, as a scenic river.
“(ii) Fourth of July creek.—The approximately 4.8-mile segment of Fourth of July Creek from and including the headwaters to the confluence with the East Fork Winchuck River, as a scenic river.

“(iii) Wheeler creek.—

“(I) Upper.—The approximately 7.2-mile segment of Wheeler Creek from and including the headwaters to the confluence with Willow Creek, as a scenic river.

“(II) Lower.—The approximately 4.1-mile segment of Wheeler Creek from the confluence with Willow Creek to the confluence with the East Fork Winchuck River, as a recreational river.

“(iv) Moser creek.—The approximately 1-mile segment of Moser Creek from and including the headwaters to the west boundary of E½ sec. 18, T. 41 S., R. 12 W., Willamette Meridian, as a wild river.

“(v) Unnamed tributary.—The approximately 0.6-mile segment of an
unnamed tributary generally flowing parallel to Moser Creek from and including the headwaters in T. 41 S., R. 12 W., sec. 7, Willamette Meridian, to the edge of the National Forest System land, as a wild river.

“(306) Yachats, Oregon.—The approximately 4-mile segment of the Yachats River from and including the headwaters to the north boundary of T. 15 S., R. 10 W., sec. 7, Willamette Meridian, to be administered by the Secretary of Agriculture as a scenic river.

“(307) North Fork Trask River, Oregon.—The following segments, to be administered by the Secretary of the Interior, in the following classes:

“(A) The approximately 11.9-mile segment of the North Fork Trask River from the confluence with the Middle Fork of the North Fork Trask River to the confluence with the Trask River, as a recreational river.

“(B) The approximately 6.5-mile segment of the Middle Fork of the North Fork Trask River from 0.1 mile below Barney Reservoir to the confluence with the North Fork Trask River, as a recreational river.
“(308) MARKS CREEK, OREGON.—The following segments, to be administered by the Secretary of Agriculture, in the following classes:

“(A) UPPER.—The approximately 2.2-mile segment of Marks Creek from and including the headwaters to the entry of private land in NE\(\frac{1}{4}\) sec. 2, T. 13 S., R. 19 E., Willamette Meridian, as a recreational river.

“(B) MIDDLE.—The approximately 9.2-mile segment of Marks Creek from the Forest Service ownership boundary in T. 13 S., R. 19 E., sec. 9, Willamette Meridian, to the south boundary of T. 14 S., R. 18 E., sec. 11, Willamette Meridian, as a recreational river.

“(309) WEST FORK HOOD RIVER, OREGON.—

“(A) MAINSTEM.—The approximately 5.6-mile segment from the confluence of McGee Creek and Elk Creek to the Mount Hood National Forest boundary in T. 1 S., R. 8.5 E., sec. 1, to be administered by the Secretary of Agriculture as a recreational river.

“(B) TRIBUTARIES.—

“(i) LAKE BRANCH.—The approximately 8.3-mile segment from the source at Lost Lake to the Mount Hood National
Forest boundary, to be administered by the Secretary of Agriculture, as a recreational river.

“(ii) MCGEE CREEK.—The approximately 5.6-mile segment from and including the headwaters to the confluence with Elk Creek, as a scenic river.

“(310) STILL CREEK, OREGON.—The approximately 12.2-mile segment from the west boundary of E¹²⁶⁶¹⁄₄ NW¹²⁶¹⁄₄ sec. 25, T. 3 S., R. 8.5 E., Willamette Meridian, to be administered by the Secretary of Agriculture as a recreational river.

“(311) MIDDLE FORK FIVEMILE CREEK, OREGON.—The approximately 7.7-mile segment from and including the headwaters to the confluence with the South Fork Fivemile Creek, to be administered by the Secretary of Agriculture as a scenic river.”

SEC. 9. PROTECTION OF CERTAIN AREAS.

(a) ESSENTIAL SERPENTINE WETLAND WITHDRAWAL.—

(1) DEFINITIONS.—In this subsection:

(A) ESSENTIAL SERPENTINE WETLAND.—The term “essential serpentine wetland” means an essential wetland in the State of Oregon or
California identified in the interagency conservation strategy.

(C) **SECRETARIES.**—The term “Secretaries” means the Secretary of Agriculture and the Secretary of the Interior, acting jointly.

(2) **WITHDRAWAL.**—Subject to valid existing rights, all Federal land that is included in an essential serpentine wetland is withdrawn from all forms of—

(A) entry, appropriation, new rights-of-way, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and
(C) disposition under all laws relating to mineral and geothermal leasing or mineral materials.

(3) MAPS.—

(A) PUBLICATION.—Not later than 1 year after the date of enactment of this Act, the Secretaries shall publish a large-scale draft map and descriptions of each essential serpentine wetland, to be prepared in accordance with the interagency conservation strategy, that include—

(i) the essential serpentine wetland; and

(ii) any additional area of land or water that contributes to the maintenance of the direct hydrologic regime of the essential serpentine wetland.

(B) PUBLIC REVIEW.—During the 90-day period beginning on the date of publication of the draft maps and descriptions under subparagraph (A), the Secretaries shall provide an opportunity for the public to review, and provide comments on, the draft maps and descriptions published under that subparagraph.
(C) Final withdrawal maps.—After responding to any comments received during the public review period under subparagraph (B), the Secretaries shall publish on appropriate websites, and record in appropriate databases, final maps depicting the boundaries of each essential serpentine wetland.

(4) Implementation of the interagency conservation strategy.—The Secretaries shall give priority to implementing the interagency conservation strategy, including by amending applicable land and resource management plans to reflect—

(A) the land allocation of essential serpentine wetland; and

(B) the management strategy applicable to essential serpentine wetland.

(b) Illinois Watershed Special Management Areas Withdrawal.—

(1) Definition of special management area.—In this subsection, the term “special management area” means each of the following:

(A) The Eight Dollar Mountain Botanical Area.

(B) The Page Mountain Botanical Area.

(C) The Bolan Lake Botanical Area.
(D) The Grayback Mountain Botanical Area.

(E) The Game Lake Botanical Area.

(F) The Sourgame Botanical Area.

(G) The Snow Camp Botanical Area.

(H) The Oregon Mountain Botanical Area.

(I) The Eight Dollar Mountain Area of Critical Environmental Concern.

(J) The Rough and Ready Flat Area of Critical Environmental Concern.

(K) The Brewer Spruce Area of Critical Environmental Concern.

(M) The Waldo-Takilma Area of Critical Environmental Concern.

(N) The French Flat Area of Critical Environmental Concern.

(O) The Rough and Ready Area of Critical Environmental Concern.

(Q) The Reeves Creek Area of Critical Environmental Concern.
(R) The Deer Creek Area of Critical Environmental Concern.

(S) The North Fork Silver Creek Area of Critical Environmental Concern.

(2) WITHDRAWAL.—To more fully protect and enhance the outstandingly remarkable values for which the Illinois Wild and Scenic River was established and expanded and to advance the conservation of botanical and other values of land in the special management areas, subject to valid existing rights, the Federal land within the boundaries of the special management areas is withdrawn from all forms of—

(A) entry, appropriation, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and

(C) disposition under all laws relating to mineral and geothermal leasing or mineral materials.
